NOTE:

DHCS and CDA are committed to ensuring effective communication and equal access for meeting participants with disabilities at our virtual meetings. In addition to the standard accessibility features in Zoom such as keyboard shortcuts and automatic captions, a stand-alone call-in option will be available, all participant lines will be muted unless called on to reduce background noise, the chat feature will be enabled, comments in the chat will be read aloud periodically, and the meeting materials will be available in advance in accessible formats. To request real time captioning, sign language interpretation, materials in hard copy alternative formats, auxiliary aids/services, or any other disability accommodations necessary for effective communication and equal participation, please send a message to **njoseph@chcs.org**.

Providing your accommodation request at least 72 hours (3 business days) before the meeting will help ensure availability of the requested accommodation. Any requests received after this date will be given prompt consideration, but logistical constraints may not allow for their fulfillment.
