MMCD All Plan Letter 99009

TO: Medi-Cal Managed Care Health Plans

SUBJECT: DRAFT 1999 MEDI-CAL MANAGED CARE CONTRACT AMENDMENTS

The purpose of this letter is to submit to all Medi-Cal managed care plan contractors, including commercial plans and local initiative plans, draft 1999 Medi-Cal managed care plan contract amendment language for review and comment. The enclosed draft amendment language relating to recent changes in policy, law, or regulation in six subject areas, is based on the Two-Plan Model contract boilerplate. Following is a summary of each proposed contract amendment:

1. **Concurrent participation in the Medi-Cal managed care program and the Multipurpose Senior Services Program**

(For commercial plans and local initiatives, amends Article II, Section CC, subsection 2, Definitions; and Article VI, Scope of Work, Section 6.7.2.2, Waiver Programs.)

The amendment of these articles reflects a change in policy regarding the concurrent participation in the Medi-Cal managed care program and the Multipurpose Senior Services Program (MSSP). MSSP provides comprehensive case management and coordination of medical, social, and other services needed to support frail elderly persons in their homes and avoid placement in a facility. MSSP services do not duplicate the type of case management provided by physicians acting in the capacity of providers of primary care. MSSP clients are already assigned aid codes that would allow their participation in managed care, except for their election to enroll with MSSP. The Health Care Financing Administration has indicated that they foresee no objection to voluntary enrollment by MSSP clients. The draft amendment consists of a simple deletion and the addition of the words "Syndrome" and "and" which are technical corrections.

To provide additional clarification and guidance regarding implementation of this policy change, the Medi-Cal Managed Care Division (MMCD) will issue a separate all plan letter specific to concurrent participation in the Medi-Cal managed care program and the MSSP.

2. Definition of Contracting Officer and Contractor's Representative

(For commercial plans and local initiatives, amends Article II, General Terms and Conditions, Definitions.)

Although the Two-Plan Model contracts reference the terms "Contracting Officer" and "Contractor's Representative," they are not included in Article 2, Definitions. The draft amendment uses language in Article III, Section 3.3, Delegation of Authority, as the definition of these two terms and adds them to Article II, Definitions.

3. Minority/Women/Disabled Veteran Business Enterprises

[For commercial plans and local initiatives, amends Article III, General Terms and Conditions, Section 3.34, Minority/Women/Disabled Veteran Business Enterprises (M/W/DVBE).]

This amendment deletes language related to Minority and Women Owned Business Enterprises pursuant to the federal appellate court decision effective March 10, 1998, that declared Public Contract Code Section 10115 (the State's M/W/DVBE statute) to be unconstitutional. This decision does not effect the Disabled Veteran Business Enterprise (DVBE) Participation Program.

4. Year 2000 Compliance

(For commercial plans, amends Article III, General Terms and Conditions, by adding Section 3.36, Year 2000 Compliance; and for local initiatives, amends Article III, General Terms and Conditions, by adding Section 3.34, Year 2000 Compliance.)

MMCD All Plan Letter 99003 requires health plans, and federal Public Law 105-271, the Year 2000 Information and Readiness Disclosure Act, requires businesses to be Year 2000 compliant with respect to information technology.

5. Mandatory Child Support

(For commercial plans, amends Article III, General Terms and Conditions, adding Section 3.47, Child Support Compliance Act Acknowledgement; and for local initiatives, amends Article III, General Terms and Conditions, adding Section 3.45, Child Support Compliance Act Acknowledgement.)

Effective January 1, 1999, Chapter 899, Statutes of 1998 [Assembly Bill (AB) 1396] requires that all contracts in excess of \$100,000 contain a certification made by the contractor acknowledging the importance of child support obligations and agreement to comply with all applicable laws relating to child and family support enforcement.

6. Disclosure Requirements

(For commercial plans and local initiatives, amends Article VI, Scope of Work, Section 6.9.5, Membership Services Guide.)

Three 1998 statutes include new disclosure requirements for Health Care Service Plan (HCSP) evidence of coverage and disclosure forms:

- Chapter 457, Statutes of 1998 (AB 1225), requires HCSPs to notify members of the positive benefits of organ donation and how to become an organ or tissue donor. This information must be provided annually in either the Evidence of Coverage (EOC), health plan newsletter or other direct communication to members.
- Chapter 835, Statutes of 1998 [Senate Bill (SB) 750], requires HCSPs to include a notice in the EOC if financial incentives or bonuses are used with plan providers and that members can request additional information about provider incentives from the plan, provider or provider's group.
- Chapter 68, Statutes of 1998 (AB 974), requires HCSPs to disclose if the plan uses a drug formulary, including what a formulary is, how the plan decides to include or exclude drugs from the formulary, and how often the formulary is updated. Members must be informed that they can request specific information about whether a drug is on the plan's formulary and the telephone number for requesting this information.
