

Exclusionary Databases and Lists Attachment A

Network Providers and Subcontractors are placed on exclusionary lists or databases when they are no longer permitted to participate in the Medi-Cal Program due to a variety of reasons as described in All Plan Letter (APL) 21-003.¹ Medi-Cal managed care health plans (MCPs) are required to review the exclusionary databases listed below on a regular basis, and at least monthly. MCPs must take the appropriate action outlined below upon discovery of a Network Provider or Subcontractor on an exclusionary database or list.

Exclusionary Database/List	Criteria	MCP Action
Suspended and Ineligible Provider List²	This list includes Medi-Cal providers that are suspended from participation in the Medi-Cal program.	Initiate a contract termination and submit the appropriate documentation as outlined in APL 21-003.
Restricted Provider Database (RPD)³	<i>Payment Suspension:</i> Providers are placed under a payment suspension while under investigation based upon a credible allegation of fraud. ^{4, 5}	MCPs may continue the contractual relationship; however, reimbursements for Medi-Cal covered services will be withheld. MCPs that choose to terminate the contract must submit the appropriate documentation as outlined in APL 21-003.

¹ For more information on Networks, Network Providers, and Subcontractors, including the definition and requirements applicable, see the MCP’s contract with the Department of Health Care Services (DHCS), APL 19-001, or any superseding version of that APL. MCP boilerplate contracts are available at:

³ Access to the RPD is provided to each MCP’s primary and secondary plan contact list, which is updated and maintained by DHCS Contract Managers. The sanction action is specific to the individual rendering provider’s National Provider Identifier and/or organization Tax Identification Number as listed on the database.
