**INSTRUCTIONS FOR EXHIBITS A – G**

**Exhibit A – County Summary Sheet:** Complete Exhibit A to indicate all documents submitted as part of the annual update or update package. Additionally, the County should indicate the dates of the 30-day local review period, public hearing and submission of the Revenue and Expenditure Report.

**Exhibit B – County Certification:** Exhibit B is a signed statement by the County Mental Health Director that the County will comply with the requirements of the MHSA, including the Community Program Planning Process of California Code of Regulations, title 9, section 3300 and non-supplant requirements of California Code of Regulations, title 9, section 3410. It indicates that the information included in the documents submitted is true and correct.

**Exhibit C – Community Program Planning and Local Review Process:** Counties should include a brief description of the Community Program Planning and Local Review Processes for development and review of the FY 2010/11 annual update/update. This shall include the methods for obtaining input and identification of stakeholder entities involved in the planning process.

A summary of substantive input received during the stakeholder review and public hearing, and responses to those comments should be included in this section of the FY 2010/11 annual update/update. The County should indicate if no substantive comments were received. Counties should maintain copies or a log of all comments that were submitted during this process, including those submitted anonymously.

Counties may elect to attach the Mental Health Board meeting minutes in which the annual update was discussed if it provides additional information that augments the responses to these questions.

**Exhibit C1 – Implementation Progress Report on FY 08/09 Activities:** Welfare and Institutions Code section 5848(c) specifies that DMH shall establish requirements for the content of the annual plan and updates including reports on the achievement of performance outcomes for services. Counties should complete Exhibit C1 to provide an update on the overall implementation progress of MHSA programs/projects for the CSS, WET, and PEI components during FY 2008/09 accordingly.

**Exhibit D – Previously Approved Program Description:** Counties should complete this Exhibit for each previously approved CSS, WET, PEI, or INN program. The same previously approved program name or title should be used.

**Exhibit D1 – Elimination of Program/Project:** Counties should use Exhibit D1 when proposing to eliminate a previously approved program/project. Counties proposing to eliminate a program/project through an update should notify DMH by submitting an Exhibit A, B, C, D1 and Exhibit E1-E5 accordingly for the applicable component.

**Exhibit E – MHSA Summary Funding Request:** This Exhibit presents a summary of the County's MHSA programs/projects funding request. The summary depicts the aggregate totals of the individual component programs/projects listed on Exhibits E1-E5. This exhibit allows counties to identify the sources of funding (i.e., unexpended and unapproved) needed to fund the proposed programs/projects. This exhibit documents the irrevocable transfers from CSS to the other allowable components: Workforce Education and Training, Capital Facilities Technological Needs and Local Prudent Reserve. Pursuant to Welfare and Institutions Code section 5847 (h),

a county mental health program shall include an allocation of funds from a reserve established pursuant to WIC Section 5892 (b) in years in which the allocation of funds for services are not adequate to continue to serve the same number of individuals as the County had been servicing in the previous fiscal year. Counties that choose to access funds in their Local Prudent Reserve in FY 2010/11 will need to identify the amount being requested from their Local Prudent Reserve for CSS and PEI on Exhibit E. This Exhibit also documents a county's request to access Local Prudent Reserve fund for CSS programs or PEI projects.

**Exhibits E1 – E5 – Component Specific Budget Summary:** Complete the applicable Exhibits E1-E5 specific to each component. List each program/project (i.e., previously approved section and new programs that are proposed).

The budget summary for each component should equal the amount of MHSA funds needed to implement the requested programs/projects (including any non-recurring costs) less any unexpended available funds. Unexpended funds are based on the FY 2008/09 MHSA Revenue and Expenditure Report.

These programs/projects should also be listed on Exhibit E. A County may not implement any new program/project until written approval has been issued.
