STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

SUPPLEMENTAL PAYMENTS FOR HOSPITAL OUTPATIENT SERVICES

This supplemental payment program provides supplemental payments for a hospital which meets specified requirements and provides outpatient services to Medi-Cal beneficiaries.

Supplemental payments to hospitals will be up to the aggregate upper payment limit.

Supplemental payments will be made periodically on a lump-sum basis throughout the duration of the program, and will not be paid as individual increases to current reimbursement rates for specific services. The supplemental amounts shall be in addition to any other amounts payable to hospitals with respect to those services and shall not affect any other payments to hospitals.

This supplemental payment program will be in effect from January 1, 2014, through and including December 31, 2016.

A. Amendment Scope and Authority

This amendment, Supplement 22 to Attachment 4.19-B, describes the payment methodology to provide supplemental payments to eligible hospitals between January 1, 2014, and December 31, 2016. Supplemental payments will be made on a quarterly basis, with a lump sum payment of quarterly payments for quarters ending prior to the approval date of the SPA.

C. Definitions

For purposes of this supplement, the following definitions will apply:

1. “Hospital outpatient services” means all services covered under Medi-Cal furnished by hospitals to patients who are registered as hospital outpatients and reimbursed by the department on a fee-for-service basis directly or through its fiscal intermediary. Hospital outpatient services do not include professional services or services for which a managed health care plan is financially responsible, or services rendered by a hospital-based federally qualified health center for which reimbursement is received pursuant to Section 14132.100.

2. “Outpatient base amount” means the total amount of payments for outpatient hospital services rendered in the 2010 calendar year, as reflected in the state paid claims files prepared by the department as of March 11, 2014.

3. “Private to Public Converted hospital” means a private hospital that becomes a designated public hospital or a nondesignated public hospital on or after January 1, 2014.

4. “New hospital” means a hospital operation, business, or facility functioning under current or prior ownership as a private hospital that does not have a days data source or a hospital that has a days data source in whole, or in part, from a previous operator where there is an outstanding monetary obligation owed to the state in connection with the Medi-Cal program and the hospital is not, or does not agree to become, financially responsible to the department for the outstanding monetary obligation. “New hospital” does not include a hospital described in Welfare and Institutions Code section 14165.50, subdivision (f), as that section reads as of January 1, 2014, and for such a hospital, the outpatient base amount used in paragraph D will be determined in a manner consistent with how the
hospital is accounted for in the private hospital upper payment limit
demonstration - that is, the outpatient base amount will be derived from an
average of proxy hospitals' outpatient base amount, and adjusted for bed size
difference and for any applicable period of closure or non-operation.

5. "Program period" means the period from January 1, 2014, through December 31,
2016, inclusive.

6. “Days data source” means either: (1) if a hospital’s Annual Financial Disclosure
Report for its fiscal year ending in the base calendar year includes data for a full
fiscal year of operation, the hospital’s Annual Financial Disclosure Report
retrieved from the Office of Statewide Health Planning and Development as
retrieved by the department on June 6, 2013 pursuant to Section 14169.59, for its
fiscal year ending in the base calendar year; or (2) if a hospital’s Annual Financial
Disclosure Report for its fiscal year ending in the base calendar year includes data
for more than one day, but less than a full year of operation, the department’s best
and reasonable estimates of the hospital’s Annual Financial Disclosure Report if
the hospital had operated for a full year.

7. “Subject fiscal year” means state fiscal years 2013-14, 2014-15, 2015-16 and
2016-17.

8. “Service period” means the quarter to which the supplemental payment is applied.

D. Supplemental Payment Methodology for Private Hospitals

1. Private hospitals will be paid supplemental amounts for the provision of hospital
outpatient services. The supplemental amounts will be in addition to any other
amounts payable to hospitals with respect to those services and will not affect any
other payments to hospitals. The supplemental amounts will result in payments
equal to the amount remaining under the federal upper payment limit for private
hospitals for each subject fiscal year.

2. The outpatient base amount shall be those payments for outpatient hospital services
rendered in the 2010 calendar year, as reflected in the state paid claims files
prepared by the department on March 11, 2014.

3. The outpatient supplemental rate shall be 150 percent of the outpatient base amount
for the two remaining subject fiscal quarters in the 2013-14 subject fiscal year,
259 percent of the outpatient base amount for the subject fiscal quarters in the
2014-15 subject fiscal year, 298 percent of the outpatient base amount for the subject fiscal quarters in the
2015-16 subject fiscal year, and 147 percent of the outpatient base amount for the first two subject fiscal quarters in the 2016-17
subject fiscal year. The above percentages will result in payments to hospitals that
equal the applicable federal upper payment limit.
4. In the event that the sum of payments to all hospitals in any subject fiscal quarter causes the aggregate of all supplemental payments to all hospitals pursuant to this Section for all subject fiscal quarters to exceed $3,727,736,680, the payments to all hospitals in that fiscal quarter shall be reduced by the applicable percentages so that the aggregate of all supplemental payments to all hospitals does not exceed $3,727,736,680.

5. In the event federal financial participation for a service period is not available for all of the supplemental amounts payable to private hospitals under Paragraph 2 due to the application of a federal upper payment limit, which is subject to annual submission and review, or for any other reason, both of the following will apply:

   a. The total amount payable to private hospitals under Paragraph 2 for the service period will be reduced to the amount for which federal financial participation is available pursuant to subparagraph b.

   b. The amount payable under Paragraph 2 to each private hospital for the service period will be equal to the amount computed under Paragraph 2 multiplied by the ratio of the total amount for which federal financial participation is available to the total amount computed under Paragraph 2.

   c. In the event that a hospital's payments in any service period as calculated under Paragraph 2 are reduced by the application of this Paragraph 4, the amount of the reduction will be added to the supplemental payments for the next subject service period within the program period, which the hospital would otherwise be entitled to receive under Paragraph 2, provided further that no such carryover payments will be carried over beyond the period ending December 31, 2016 and such carryover payments will not result in total payments exceeding the applicable federal upper payment limit for the service period.

6. The supplemental payment amounts as set forth in this Supplement are inclusive of federal financial participation.

7. Payments shall be made to a converted hospital (Private to Public) that converts during a subject fiscal quarter by multiplying the hospital’s outpatient supplemental payment by the number of days that the hospital was a private hospital in the subject fiscal quarter, divided by the number of days in the subject fiscal quarter. Payments shall not be made to a converted hospital (Private to Public) in any subsequent subject fiscal quarter.

8. Payments shall be made to a hospital that becomes ineligible pursuant to Paragraph 2 of Section B during a subject fiscal quarter by multiplying the hospital’s outpatient supplemental payment by the number of days that the hospital was eligible in the subject fiscal quarter, divided by the number of days in the subject fiscal quarter.
fiscal quarter. Payments shall not be made to an ineligible hospital in any subsequent subject fiscal quarter.

9. The QAF-funded supplemental payments will not be treated as offsets in computing the aggregate uncompensated cost list for the specific purpose of making the trauma supplemental payments.
