STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
State: California

ASSET VERIFICATION SYSTEM

1940(a) of the Act

1. The agency will provide for the verification of assets for purposes of determining or redetermining Medicaid eligibility for aged blind and disabled Medicaid applicants and recipients using an Asset Verification System (AVS) that meets the following minimum requirements.
 - A. The request and response system must be electronic:
 - (1) Verification inquiries must be sent electronically via the internet or similar means from the agency to the financial institution (FI).
 - (2) The system cannot be based on mailing paper-based requests.
 - (3) The system must have the capability to accept responses electronically.
 - B. The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department's National Institute of Standards and Technology, or NIST).
 - C. The system must establish and maintain a database of FIs that participate in the agency's AVS.
 - D. Verification requests must also be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant's home address, or other reasonable factors whenever the agency determines that such requests are needed to determine or redetermine the individual's eligibility.
 - E. The verification requests must include a request for information on both open and closed accounts, going back up to 5 years as determined by the State.

ASSET VERIFICATION SYSTEM

2. System Development

- A. The agency itself will develop an AVS.
In 3 below, provide any additional information the agency wants to include.
- B. The agency will hire a contractor to develop an AVS.
In 3 below, provide any additional information the agency wants to include.
- C. The agency will be joining a consortium to develop an AVS.
In 3 below, identify the States participating in the consortium. Also, provide any other information the agency wants to include pertaining to how the consortium will implement the AVS requirements.
- D. The agency already has a system in place that meets the requirements for an acceptable AVS.
In 3 below, describe how the existing system meets the requirements in Section 1.
- E. Other alternative note included in A—D above.
In 3 below, describe how the existing system meets the requirements in Section 1.

ASSET VERIFICATION SYSTEM

3. Provide the AVS implementation information requested for the implementation approach checked in Section 2, and any other information the agency may want to include.

Starting January 1, 2024, the electronic Asset Verification System (AVS) will no longer be used to determine or redetermine Medicaid eligibility for Aged Blind and Disabled (ABD) applicants and recipients, as these individuals will no longer have a resource test per California Assembly Bill (AB) 133 (2021), which is implemented by approved SPA CA-23-0012 and effective on January 1, 2024. AVS will only be used to determine whether ABD applicants or recipients seeking coverage for certain Long-Term Services & Supports (LTSS) made asset transfers for less than fair market value in the 5-year lookback period.
