<sup>1</sup>This list is representative of entities that may make up the majority of public Providers, but it is not all-inclusive and may include some Providers who are either not, or no longer are, providing GEMT services.

As such, this list is intended to be part of the public Provider identification process in order to ensure Providers receive timely reimbursement of the PP-GEMT add-on. This list should be used as a reference but must not replace the MCP's P&Ps used to ensure that eligible public Providers are identified and reimbursed appropriately. Ultimately, it is the MCP's responsibility to identify a Provider's "public status".

If there are any known public Providers who are not included in this Appendix, or any Providers in this Appendix who are no longer public Providers, please report those to [AB1705@dhcs.ca.gov](mailto:AB1705@dhcs.ca.gov) by submitting the Provider's name, National Provider Identifier, and contact information (if known).

This list is updated as of April 2026.
