This bulletin informs County Alcohol and Drug (AOD) Program Administrators and direct contract service providers that the Department of Alcohol and Drug Programs (ADP) is reviewing California Code of Regulations, Title 22, to ensure its Drug Medi-Cal (DMC) program oversight system conforms with regulatory requirements. ADP shall provide technical assistance and training to agencies interested in education on the regulatory requirements associated with the DMC program.

DISCUSSION

In preparation for the transition of the DMC program to the Department of Health Care Services (DHCS), ADP is reviewing California Code of Regulations, Title 22, to ensure its oversight system conforms with DMC regulatory requirements. ADP will be identifying and documenting all areas of programmatic non-compliance (as identified in Title 22 Regulations), up to and including: recoupment of all disallowances as identified through an on-site monitoring or desk review and suspension of funding due to un-resolved corrective actions. To support the alcohol and other drug (AOD) field in meeting the requirements of the DMC program, ADP shall continue to make technical assistance and training on Title 22 available upon request or referral.
