DISASTER RELIEF STATE PLAN AMENDMENT 22-0021: INCREASE REIMBURSEMENT RATE FOR NEWBORN SCREENING PROGRAM

Dear Mr. Scott:

The California Department of Health Care Services (DHCS) is submitting the enclosed Disaster State Plan Amendment (SPA) 22-0021 documents for your review and approval. SPA 22-0021 seeks federal authority to increase the reimbursement rate for the Newborn Metabolic Screening Panel code S3620 from \$142.25 to \$177.25, effective July 1, 2020, pursuant to Health & Safety Code section 124977 and Title 17, California Code of Regulations section 6508.

Senate Bill 1095 (Chapter 393, Statutes of 2016) established Health & Safety Code section 125001(d), which required the Newborn Screening (NBS) Program to expand statewide screening of newborns by adding adrenoleukodystrophy (ALD) and any other disease that is detectable in blood samples within two years of the disease screen being adopted by the federal Recommended Uniform Screening Panel (RUSP).

In California, the NBS Program is administered by the California Department of Public Health (CDPH). CDPH increased the all-inclusive program participation fee it charges providers by \$35.00 to \$177.25. The increase was necessary to support the current NBS Program and the additional service expansions necessary to implement testing components. SPA 22-0021 seeks to implement a corresponding Medi-Cal Fee-For-Service (FFS) rate increase for code S3620 to \$177.25 to fully reimburse providers for the participation fee that CDPH charges.

DHCS is submitting the following SPA documents for your review and approval:

- CMS 179 Transmittal and Notice of Approval of State Plan Material
- Federal Budget Impact Explanation
