

**CA Department of Health Care Services
Data Collection Reporting (DCR) System
MHSA Full Service Partnership Reporting
County Submission Status
September 10, 2024**

County	CA Department of Health Care Services Data Collection Reporting (DCR) System County Submission Issue Status as of September 10, 2024	Planned Submission Date
Alameda	County's resources have been focused on SmartCare billing systems and will be adapting the DCR formats to SmartCare and links built between historical and current data.	County plans on submitting DCR data by October 10, 2024.
Alpine	County requested Technical Assistance on accessing the DCR system and/or a template for submitting outcomes data.	County currently does not have FSP clients to report.
El Dorado	County has technical issues with accessing the reporting system. DHCS provided county with approver form along with Portal instructions.	No submission date was specified by county in their response.
Inyo	DHCS sent a notice to the county on 9/11/24 and 10/7/24, but the county has not responded.	N/A
Lassen	County has been capturing data via paper because they did not know how to submit through the Electronic Health Record to the state. County was directed to the portal and given DCR training to clarify questions.	No submission date was specified by county in their response.
Mariposa	County has been working with DHCS on getting DCR data uploaded as they are transitioning to the XML file upload.	No submission date was specified by county in their response.
Mendocino	County identified reporting errors as a system glitch in their Electronic Health Record when a new provider was added. County also has issues with data uploads not being reflected in the DCR system.	County will provide an update on 10/28/2024.
Orange	County needed a new system because the one they had been licensing was being phased out and would no longer receive technical support, updates, or upgrades. DHCS provided county with the approver form and access to the portal.	County will resume submissions by November 30, 2024.
San Joaquin	County's new Electronic Health Record vendor (SmartCare) has not finalized the submittal process for DCR forms. Currently in a testing phase.	County anticipates submitting data in the first quarter of 2025.
San Mateo	County has checked in with FSP provider and developed a plan for becoming current with data submission. They will conduct an internal review to identify any missing newly admitted clients or discharge documentation by 9/27/24.	County will identify missing documentation and submit by October 4, 2024.

Santa Cruz	DHCS sent a notice to the county on 9/11/24 but the county has not responded.	N/A
------------	---	-----

As of September 10, 2024:

Counties current with data submission: 48

Counties late with data: 11¹

¹ Per California Code of Regulations, Title 9, Section 3620.10, counties are required to submit Full-Service Partnership (FSP) Performance Outcome Data no later than 90 days after collection.
