## Section B: State-Level Indicators

### Topic I. Program Characteristics and Enrollment

Number	Indicator	Response
BI.1	<b>Statewide Medicaid enrollment</b>  Enter the average number of individuals enrolled in Medicaid per month during the reporting year (i.e., average member months). Include all FFS and managed care enrollees and count each person only once, regardless of the delivery system(s) in which they are enrolled.	14,881,339
BI.2	<b>Statewide Medicaid managed care enrollment</b>  Enter the average number of individuals enrolled in any type of Medicaid managed care per month during the reporting year (i.e., average member months). Include all managed care programs and count each person only once, even if they are enrolled in multiple managed care programs or plans.	14,013,665

### Topic III. Encounter Data Report

Number	Indicator	Response
BIII.1	<b>Data validation entity</b>	Proprietary system(s)
	<p>Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs.</p> <p>Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.</p>	
BIII.2	<b>HIPAA compliance of proprietary system(s) for encounter data validation</b>	Yes
	<p>Were the system(s) utilized fully HIPAA compliant? Select one.</p>	

## Topic X: Program Integrity

Number	Indicator	Response
BX.1	<b>Payment risks between the state and plans</b>	<p>The State's program integrity activities involve reviewing encounter data and claims for anomalies and questionable billing patterns under both the managed care plan (MCP) model and fee-for-service (FFS) model. The State performs data analytics to detect fraudulent activities, suspicious providers, and emerging fraud trends within the Medi-Cal program. Actionable leads generated from data analytics and case development efforts are then prioritized and investigated for suspected fraud, waste and abuse. The conclusion of these investigations may result in criminal referrals to the State's Medicaid Fraud Control Unit (MFCU) and/or administrative actions (e.g., educational letter, sanctions, penalties, overpayment recovery) taken against the provider. Recent cases involve prescription drugs and hospice services. Risks identified involving prescription drugs cases are phantom claims (billing for prescriptions not dispensed), unauthorized automatic refills, and dispensing of expensive alternatives to generic drugs. Risks identified involving hospice cases are services not rendered (false claims), kickbacks, false diagnosis, and identity theft. In addition to requiring each MCP to maintain a comprehensive program integrity plan to combat fraud, waste and abuse the State conducts annual managed care contract compliance audits. The results of these audits are used in part by the State to achieve its managed care contract oversight and monitoring objectives. Audit results are used to pursue Corrective Action Plans (CAP) from MCPs, and support sanctions and penalties imposed on non-compliant plans when warranted.</p>
BX.2	<b>Contract standard for overpayments</b>	State requires the return of overpayments
	Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.	
BX.3	<b>Location of contract provision stating overpayment standard</b>	Exhibit A, Attachment 3 "Recovery of Overpayments", pages 3 and 4; Exhibit A, Attachment 14, "Annual Report of

	<p>Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).</p>	<p>Overpayment Recoveries", page 2; Exhibit B, "Audits and Recovery of Overpayments", page 2.</p>
<b>BX.4</b>	<p><b>Description of overpayment contract standard</b></p> <p>Briefly describe the overpayment standard selected in indicator B.X.2.</p>	<p>Per their Contract with the State and Information Notice 19-034, Counties are required to specify the retention policies for the treatment of recoveries of overpayments due to fraud, waste, or abuse. The counties and any subcontractor or any network provider of the County shall report to the Department within 60 calendar days when it has identified an overpayment. The Counties are not permitted to retain some or all of the recoveries of overpayments. Counties must report annually to the Department on their recoveries of overpayments.</p>
<b>BX.5</b>	<p><b>State overpayment reporting monitoring</b></p> <p>Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting?</p> <p>The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment topics (whether annually or promptly). This indicator is asking the state how it monitors that reporting.</p>	<p>Per Information Notice 19-034 Counties are required to submit a report of overpayments that have been voided from Short Doyle Medi-Cal adjudication system annually by the last day of February for the prior State Fiscal Year. The Short Doyle County Support team tracks and logs submissions of the reports from the county plans.</p>
<b>BX.6</b>	<p><b>Changes in beneficiary circumstances</b></p> <p>Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).</p>	<p>DHCS receives the change status from counties through their data entry submissions in the State's MEDS system.</p>
<b>BX.7a</b>	<p><b>Changes in provider circumstances: Monitoring plans</b></p> <p>Does the state monitor whether plans report provider "for cause" terminations in a</p>	Yes

<b>BX.7b</b>	<b>Changes in provider circumstances: Metrics</b>	No
	Does the state use a metric or indicator to assess plan reporting performance? Select one.	
<b>BX.8a</b>	<b>Federal database checks: Excluded person or entities</b>	No
	During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.	
<b>BX.9a</b>	<b>Website posting of 5 percent or more ownership control</b>	No
	Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to 42 CFR 438.602(g)(3) and 455.104.	
<b>BX.10</b>	<b>Periodic audits</b>	No such audits were conducted during the reporting year.

Refer to 42 CFR 438.602(e). If no audits were conducted, please enter "No such audits were conducted during the reporting year" as your response. "N/A" is not an acceptable response.

1. Updates to dispute resolution process between MHPs and MCPs. BHIN 21-034, supersedes 15-015. 2. Clarification of reimbursement for foster care youth returned from an out-of-state placement due to the California Department of Social Services (CDSS) decertification of out-of-state facilities. BHIN 21-038. 3. Peer Support Services (PSS) program implementation and requirements. BHINs 21-041, 22-006, 22-018, 25-010 4. Medical necessity and beneficiary access to services criteria updated in CalAIM. BHIN 21-073. 5. No Wrong Door to ensure beneficiaries receive timely mental health services without delay regardless of the delivery system where they seek care, and that beneficiaries are able to maintain treatment relationships with trusted providers without interruption. Per BHIN 22-011, clinically appropriate and covered SMHS delivered by MHP providers are covered Medi-Cal services whether or not the beneficiary has a co-occurring SUD. MHPs must not deny or disallow reimbursement for SMHS provided to a beneficiary who meets SMHS criteria on the basis of the beneficiary having a co-occurring SUD, when all other Medi-Cal and service requirements are met. 6. Community-Based Mobile Crisis Intervention Services benefit is a critical component of an effective behavioral health crisis continuum of care. Mobile crisis services provide rapid response, individual assessment and community-based stabilization to Medi-Cal beneficiaries who are experiencing a behavioral health crisis. Services are designed to provide relief to members experiencing a behavioral health crisis, including through de-escalation and stabilization techniques; reduce the immediate risk of danger and subsequent harm; and avoid unnecessary emergency department care, psychiatric inpatient hospitalizations, and law enforcement involvement. Per BHIN 23-025, services are covered and reimbursable prior to determination of a mental health or SUD diagnosis, or a determination that the beneficiary meets access criteria for SMHS,

DMC and/or DMC-ODS services. 7. Beginning July 1, 2023 the CalAIM Behavioral Health Payment Reform initiative moved counties away from cost-based reimbursement to fee-for-service reimbursement to better enable counties and providers to deliver value-based care that improves quality of life for Medi-Cal members. The prior cost-based reimbursement model is administratively burdensome for the State, counties, and subcontracted behavioral health providers. Per BHINs 23-013 and 23-023, County behavioral health plans will claim fee-for-service reimbursement at rates established in a behavioral health plan fee schedule, negotiate terms and rates with providers, with no settlement to cost among other updates.

## Topic VIII. Sanctions

Describe sanctions that the state has issued for each plan. Report all known actions across the following domains: sanctions, administrative penalties, corrective action plans, other. The state should include all sanctions the state issued regardless of what entity identified the non-compliance (e.g. the state, an auditing body, the plan, a contracted entity like an external quality review organization).

42 CFR 438.66(e)(2)(viii) specifies that the MCPAR include the results of any sanctions or corrective action plans imposed by the State or other formal or informal intervention with a contracted MCO, PIHP, PAHP, or PCCM entity to improve performance.
