PURPOSE

To seek federal approval to continue supplemental payments to Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), Indian Health Service-Memorandum of Agreement (IHS-MOA), and Tribal FQHCs for COVID-19 vaccine-only visits following the end of the Public Health Emergency (PHE).

BACKGROUND

During the PHE, DHCS provided supplemental payments outside the per-visit rates paid to FQHCs, RHCs, IHS-MOAs, and Tribal FQHCs when a COVID-19 vaccine was administered on its own outside of a billable visit. The supplemental payments were approved by the Centers for Medicare and Medicaid Services in State Plan Amendments (SPA) 20-0040 and SPA 21-0020.

SUMMARY OF PROPOSED CHANGES

This SPA proposes to permanently continue providing supplemental payments to FQHCs, RHCs, IHS-MOAs, and Tribal FQHCs when COVID-19 vaccines are administered on their own outside of a billable visit. Reimbursement will be outside of the applicable Prospective Payment Systems (PPS)/All-Inclusive Rate (AIR) or Tribal FQHC Alternative Payment Methodology (APM). Supplemental reimbursement amounts will be based on the fee schedule rates established under SPA 20-0040. The proposed effective date for SPA 22-0067 is the day after the PHE ends.

IMPACT TO TRIBAL HEALTH PROGRAMS (THPs)

DHCS anticipates this proposal will continue to provide increased access to COVID-19 vaccines for Medi-Cal beneficiaries who seek services at a THP. Please note DHCS will continue to pay the applicable AIR or Tribal FQHC APM, which is set at the AIR, if the vaccination is administered during an in-person visit that meets the requirements of a billable visit.

IMPACT TO FEDERALLY QUALIFIED HEALTH CENTERS (FQHCs)

DHCS anticipates this proposal will continue to provide increased access to COVID-19 vaccines for Medi-Cal beneficiaries who seek services at a FQHC. Reimbursement for COVID-19 vaccine-only visits will not impact the annual DHCS reconciliation process. Please note DHCS will continue to pay the applicable PPS rate if the vaccination is administered during an in-person visit that meets the requirements of a billable visit.

IMPACT TO INDIAN MEDI-CAL BENEFICIARIES

Medi-Cal beneficiaries may have increased access to COVID-19 vaccines, which is expected to improve health outcomes for beneficiaries receiving this service.
