MEDI-CAL CERTIFIED ELIGIBLE COUNTS BY LEGISLATIVE DISTRICTS AND AID CATEGORY (AGES 0-19) – JULY 2024 MONTH OF ENROLLMENT

(Updated February 2025)

CALIFORNIA DEPARTMENT OF
HEALTH CARE SERVICES

SUMMARY

The data tables presented in this Excel workbook present Medi-Cal certified eligible counts **for ages 0-19** in the July 2024 month of enrollment, as of December 2024. The certified eligible counts reflect at minimum a 3-month reporting lag to disseminate the most complete data while balancing timeliness. These data tables include Medi-Cal certified eligible counts by Aid Category for Assembly, Senate, and Congressional legislative districts. These aid code groupings are ACA Expansion Adults Ages 19 to 64, Adoption/Foster Care, Children's Health Insurance Program (CHIP), Long-Term Care, Other, Parent/Caretaker Relatives & Children, and Seniors and Persons with Disabilities.

CONSIDERATIONS

The term "certified eligible" includes Medi-Cal members who have been determined eligible based on a valid eligibility determination. Certified eligibles do not include individuals who may be eligible to enroll in the program, or are in the process of becoming a certified eligible, but have not enrolled. In addition, the definition applied here only includes members who are eligible to receive Medi-Cal-covered health care services during the month. This means that members who must meet a share of cost (SOC), but have not met their monthly SOC, are not included in the counts. And finally, California's Family Planning, Access, Care, and Treatment (Family PACT) members are excluded.

The certified eligible counts are considered PRELIMINARY and subject to change. This is due to various adjustments that are made retroactively to the enrollment dataset as additional information is ascertained. Through the passage of time, the reported count for a particular month progressively moves closer to the actual final count. A specific month's enrollment count is considered roughly 99.2% complete after three monthly updates and finalized 12 months after the month's end. Consequently, enrollment counts for this report are considered INCOMPLETE and will continue to be updated.

[1] **Note:** As of January 2024, members with an unsatisfactory immigrant status (UIS), regardless of age, are eligible for Medi-Cal full-scope benefits. These members with an UIS have been placed in the "Other" category as they are no longer represented in aid codes identifying restricted-scope emergency and pregnancy-related services. Members enrolled in the Fee-for-Service delivery system were identified as having UIS based solely on their eligibility immigration status.

DATA SOURCES AND METHODOLOGY

Medi-Cal enrollment data were obtained through the California Department of Health Care Services Management Information System/Decision Support System (MIS/DSS) data warehouse. Members were geocoded using their residential addresses within the Assembly, Senate, and Congressional legislative district boundaries. Legislative district boundary data were obtained from the California Citizens Redistricting Commission accessed from www.wedrawthelines.ca.gov on November 18, 2024.

Cells marked as '--' in the table represent that the member counts were not shown for counts less than 11 (1-10) in accordance with the DHCS DDG v2.2.

[1] Note: As of January 2024, members with an unsatisfactory immigrant status (UIS), regardless of age, are eligible for Medi-Cal full-scope benefits. These members with an UIS have been placed in the "Other" category as they are no longer represented within aid codes identifying restricted-scope emergency and pregnancy-related services. Members enrolled in the Fee-for-Service delivery system were identified as having UIS based solely on their eligibility immigration status.

[1] **Note:** As of January 2024, members with an unsatisfactory immigrant status (UIS), regardless of age, are eligible for Medi-Cal full-scope benefits. These members with an UIS have been placed in the "Other" category as they are no longer represented within aid codes identifying restricted-scope emergency and pregnancy-related services. Members enrolled in the Fee-for-Service delivery system were identified as having UIS based solely on their eligibility immigration status.
