SUBJECT: Substance Use Disorder (SUD) Recovery or Treatment Facilities'
Licensure and Certification Fee Increase Beginning Fiscal Year (FY)
2025-2026

PURPOSE: To provide notification of the Department of Health Care Services
(DHCS) licensing and certification fee increase for residential and
outpatient SUD facilities commencing on July 1, 2025

REFERENCE: [Health and Safety Code Section 11833.02](#); [Senate Bill 104 \(2023 Leg. Session\)](#); and [Title 9, California Code of Regulations, Division 4, Chapter 5.5](#)

BACKGROUND:

Health and Safety Code (HSC), Section 11833.02 authorizes DHCS to collect licensing and certification fees from alcohol or other drug (also known as substance use disorder (SUD))¹ recovery or treatment facilities licensed and/or certified by DHCS. The revenues collected fund DHCS' SUD recovery or treatment facility licensing and certification activities. Licensure and certification activities include, but are not limited to, review and processing of initial, extension, and supplemental applications; initial and biennial onsite compliance reviews; complaint investigations; administrative support; disseminating information to the public, governmental agencies, and stakeholders; updating and maintaining databases; policy, regulatory, and statutory development; provider training and technical assistance; and appeal processing for revocation or suspension of providers' licenses and/or certification.

The current fees have been in effect since July 1, 2024, for FY 2024-25. Funds in the Residential and Outpatient Program Licensing Fund and the current licensing and certification fees are not sufficient to support current or planned expenses incurred by DHCS for SUD licensing and certification activities.

HSC Section 11833.02 authorizes DHCS to increase the licensing and certification fees. Section 57 of Senate Bill 104 amended the Budget Act of 2023 and directs DHCS to increase those fees by up to twenty percent (20%) each FY through FY 2026-27 to reach a cumulative fee increase of 75 percent. Accordingly, effective July 1, 2025, DHCS is increasing the licensing and certification fees by twenty percent (20%).

POLICY:

Effective July 1, 2025, DHCS will assess the following fees for licensure and certification of residential and outpatient SUD recovery or treatment facilities:

¹ This BHIN uses "SUD" as preferred clinical terminology, consistent with the current edition of the Diagnostic and Statistical Manual of Mental Disorders, medical societies, professional organizations, recovery advocates, and [federal guidance](#) regarding the use of non-stigmatizing, person-centered language.
