

Enrollment for Community-Based Organizations, Local Health Jurisdictions, and County Children and Families Commission using PAVE

Fee-for-Service Medi-Cal Enrollment

Enrollment as a Fee-for-Service (FFS) Medi-Cal provider is completed by submitting an enrollment application to the Provider Enrollment Division (PED) using the Provider Application and Validation for Enrollment (PAVE) online enrollment system. This process is detailed on the following slides.

Managed Care Plan Contracting

- » Contracting with a Managed Care Plan (MCP) is a separate process from the FFS enrollment completed using PAVE and must be completed separately with each plan.
- » MCPs may require providers to complete the enrollment process using PAVE prior to contracting or may have an equivalent process to be completed outside of PAVE.
- » For more information on requirements and on available plans in each county, please visit these pages, [APL 22-013](#) and [Providers – Managed Care Plan Transition](#).
