Meeting Purpose/Objective:

The Expert Task Force (ETF) was created in 2016 to continue the work of creating, maintaining, and growing the Performance Outcomes System (POS) in line with [W & I Code 14707.5](#). The ETF meetings provide: transparency to various stakeholders, subject matter expertise, a forum and practical perspective for input, and a place to provide recommendations for the integration with other measures efforts. The ETF helps inform the development of a QI process; helps identify parameters and data elements for indicators and measures; identifies gaps that exist in current data collection; provides feedback on POS reports, plans and approaches; and, assists in the design of functional assessment data reports.

Objective: Identify best practices in county use of Child and Adolescent Needs and Strengths (CANS) data. Review statewide CANS and Pediatric Symptom Checklist (PSC) data.
