

California Department of Health Care Services - Medi-Cal Children’s Health Dashboard  
(September 2023)

**Goals:** This dashboard provides an overview of children’s health and demographic measures for children enrolled in Medi-Cal, California’s Medicaid program. Key features of this document include a broad range of measures across physical health, mental health, managed care, and key demographics, as well as updated overall enrollment data. This document was developed in partnership with the Medi-Cal Children’s Health Advisory Panel (MCHAP) and other stakeholders.

**Figures 1 and 2: Enrollment and Delivery System Trends for Children in Medi-Cal (updated quarterly)**

**Figures 1 and 2 Notes:** Figure 1 shows total enrollment and enrollment by delivery system for children aged 0-20 in Medi-Cal. Figure 2 shows the percentage of children enrolled in fee-for-service (FFS) or a Medi-Cal managed care plan (MC). Enrollment data is reported through June 2023. June 2023 data extracted in September 2023 from the Medi-Cal Eligibility Data System (MEDS). The last month of each quarter is reported as the quarterly metric (i.e., 2023 Q2 is June 2023 data).
