NOTICE OF IMPOSITION OF MONETARY SANCTIONS FOR FAILURE TO MEET MINIMUM PERFORMANCE LEVELS FOR MEDI-CAL MANAGED CARE ACCOUNTABILITY SET PERFORMANCE MEASURES

Dear Jeff Nkansah,

The Department of Health Care Services (DHCS) sends this notice of imposition of monetary sanctions on CalViva Health for failure to meet required minimum performance levels (MPLs) for measurement year (MY) 2022 Medi-Cal Managed Care Accountability Set (MCAS) performance measures.

Under the contract with DHCS, CalViva Health is required to meet the DHCS established MPLs for each Health Effectiveness Data and Information Set (HEDIS) measure and all other required MCAS performance measures (Exhibit A, Attachment 4, Quality Improvement System, section 9 External Quality Review Requirements, A).

Successful administration of the Medi-Cal program requires a collaborative partnership between DHCS and Medi-Cal managed care plans (MCPs). This collaboration includes the expectation that MCPs will meet their contractual and programmatic requirements on an ongoing basis. CalViva Health and DHCS regularly collaborated on strategies for improving the Plan's MCAS performance measures required to meet MPLs. On July 20, 2023, DHCS received validated MCAS measure rates from the External Quality Review Organization and confirmed that CalViva Health has 16 plan-wide measures below MPL across 3 domains for MY 2022. See Table 2 for enforcement tier designation triggers.

Under Welfare and Institutions Code (W&I) section 14197.7 and the MCP contract, DHCS has the authority to impose monetary sanctions for CalViva Health's failure to meet its MPLs for all applicable MCAS performance measures (Exhibit E, Attachment

State of California Gavin Newsom, Governor Jeff Nkansah, CEO Page 2 December 29, 2023

2, Program Terms and Conditions, section 17 Sanctions, B; W&I § 14197.7(f)(1)). As noted above, the MCP contract requires it to meet the DHCS established MPLs for each MCAS performance measure (Exhibit A, Attachment 4, Quality Improvement System, section 9 External Quality Review Requirements, A). CalViva Health confirming failure to meet the MPLs as outlined in the contract creates good cause for DHCS to impose monetary sanctions (Exhibit E, Attachment 2, Program Terms and Conditions, section 17 Sanctions, B; W&I § 14197.7(f)(1)).

DHCS is imposing monetary sanctions for CalViva Health's failure to comply with its obligations set forth in the contract. Under W&I section 14197.7(f), DHCS is authorized to impose a \$25,000 sanction per violation of CalViva Health's contractual obligation to meet MPLs for each MCAS performance measure.

## The total sanction amount for CalViva Health is \$72,000 for the following 16 measures below the MPL for MY 2022:

Pursuant to W&I section 14197.7 and in accordance with the December 4, 2023, Quality Sanction Bulletin, DHCS has considered the factors set forth in W&I section 14197.7(f) and (g) in determining the sanction amount, including the following:

- Scope of the violations, which are determined by the number of eligible members impacted by the quality-of-care violation (i.e., the number of eligible members who did not receive the recommended preventive service.) If an MCP's failure to meet an MPL impacts more than 25,000 eligible members, then each impacted beneficiary will constitute a separate violation and the MCP may be sanctioned more than \$25,000 total, as provided by W&I sections 14197.7(f)(1) and (g)(1).
- In determining the nature, scope, and gravity of the violation under W&I section 14197.7(g)(1), DHCS will consider the degree to which the MCP is below the MPL for the measure at issue and will increase sanction amounts per violation based upon the severity of the violation. (Please see Table 3 for violation factors).
- DHCS will consider whether the MCP's performance on the MPL at issue has improved or worsened over the previous MY under W&I section 14197.7(g)(6). If performance has gotten worse over the previous MY, the sanction amount will increase; if performance has improved, the sanction amount will decrease. (Please see Table 4 for trending factors).
- DHCS has reduced the total sanction amount for MCPs in counties with Healthy Places Index (HPI) scores under the 50<sup>th</sup> percentile, as determined by DHCS (Please see Table 5 for HPI percentile and impact factors). This amount has already been accounted for in the sanction total above.

MCP by County	HPI Percentile	HPI Impact Factor
CalViva Health/Fresno	3.5%	50.0%
CalViva Health/Kings	15.7%	40.0%
CalViva Health/Madera	17.5%	40.0%

CalViva Health is also required to submit a revised comprehensive quality strategy on or before January 31, 2024, that includes new interventions designed to meet or exceed the required 2024 milestones and details how it intends to devote adequate resources and staff to quality improvement.

Sincerely,

Jeff Nkansah, CEO Page 4 December 29, 2023
