**FINAL NOTICE OF MONETARY SANCTION FOR FAILURE TO MEET AND EXCEED  
MINIMUM PERFORMANCE LEVELS FOR MEDI-CAL MANAGED CARE  
ACCOUNTABILITY SET PERFORMANCE MEASURES**

Dear Sonja Bjork,

The Department of Health Care Services (DHCS) sends this Final Notice of Monetary Sanction Letter to Partnership Health Plan of California (PHP) for failure to meet and exceed the required minimum performance levels (MPLs) for measurement year 2024 (MY24)<sup>1</sup> Medi-Cal Managed Care Accountability Set (MCAS) performance measures (Managed Care Plan (MCP) Contract, Exhibit A, Attachment 3, section 2.2 Quality Improvement System, subsection 2.2.9 External Quality Review Requirements).

Under California Welfare and Institutions Code (W&I) section 14197.7 and the MCP contract, DHCS has the authority to impose monetary sanctions for PHP's failure to meet and exceed required MPLs for MY24, which has directly impacted PHP's Members (MCP Contract, Exhibit A, Attachment 3, section 2.2 Quality Improvement System, subsection 2.2.9 External Quality Review Requirements). Pursuant to W&I section 14197.7(f) and the MCP contract, DHCS is authorized to impose a \$25,000 sanction per violation of PHP's contractual obligation to meet and exceed MPLs for each MCAS performance measure (MCP Contract, Exhibit E, Program Terms and Conditions, section 1.1.19 Sanctions; W&I section 14197.7(e)).

Successful administration of the Medi-Cal program requires a collaborative partnership between DHCS and PHP. This collaboration includes the expectation that PHP meet their contractual and programmatic requirements on an ongoing basis. DHCS provides PHP with regular opportunities for collaboration on strategies for improving PHP's MCAS

<sup>1</sup> Measurement Year 2024 (MY 24) covered activities conducted from January 1, 2024, to December 31, 2024

performance measures required to meet and exceed MPLs, including engaging directly with PHP on required Quality Improvement (QI) work, providing QI coaching, and providing opportunities to participate in statewide and regional quality improvement collaboratives.

On April 25, 2025, DHCS published APL 25-007 Attachment C<sup>2</sup>, which provided MCPs with an overview of the MCAS monetary sanction methodology.

On August 21, 2025, DHCS received PHP's reported MCAS rates through the External Quality Review Organization (EQRO).

On October 7, 2025, DHCS sent PHP the Quality Sanction Bulletin via the Quality Monitoring Inbox, which provided a detailed overview of MCAS monetary sanction methodology for MY24.

DHCS determined that PHP has 158 county-level measures below the MPL across four domain(s), triggering Tier 2 or Tier 3 quality sanctions in 14 county(ies). See Table 2 for enforcement tier designation triggers.

On October 16, 2025, DHCS notified PHP that DHCS was imposing monetary sanctions in the amount of \$260,000.00 for PHP's failure to comply with its obligations set forth in the contract. See Table 3 and/or 4 for PHP's Sanction Determination Details.

PHP requested a Meet and Confer Conference with DHCS. DHCS and PHP met on November 4, 2025. DHCS also considered the following information provided by PHP in conjunction with the Meet and Confer Conference:

- PHP asked DHCS to consider that the timing of the TFL coding guidance communication prevented PHP from implementing the guidance in their MCAS rate reporting. PHP provided documentation on its communications with DHCS and dental intermediary about data issues. PHP provided documentation on mitigation strategies.
  - DHCS recognizes that PHP provided documentation on its communications with DHCS and dental intermediary about data issues and documentation on mitigation strategies. Sanction amount for TFL was reduced by 50%.
- PHP asked DHCS to consider that the change in coding guidance for DEV-CH measure was communicated after audited rates were submitted.

- DHCS recognizes that the change in coding guidance for DEV-CH measure was communicated after audited rates were submitted. DHCS modeled sanction determination using DEV-CH rates that followed the previous coding guidance. There was no difference between PHP's DEV-CH rates before and after the change in coding guidance.
- PHP asked DHCS to consider the issues surrounding data sharing with behavioral health plans related to FUM/FUA.
  - DHCS considers data sharing with behavioral health plans to be a responsibility of the managed care plan. DHCS maintains the sanctions for these measures.

As a result of the information provided by PHP in conjunction with the Meet and Confer Conference, the final sanction amount is **\$199,000.00**, which will be paid to DHCS via ACH/Wire or check payment. Please follow the included payment instructions to effectuate payment in full to DHCS. Please indicate the name of the MCP, MY, and the reason for payment when submitting your payment to DHCS. The effective date of this sanction is November 24, 2025. Payment for the MCAS MY24 Quality Sanctions is due immediately.

If PHP does not pay within 30 business days, PHP will receive a past due notice. Please provide notice of receipt and payment via email to DHCS' Quality Monitoring inbox at [QualityMonitoring@dhcs.ca.gov](mailto:QualityMonitoring@dhcs.ca.gov). Please include the account number and check number, or wire transfer number, once payment has been sent. Notice of Appeal Rights is included in the letter below.

If you have any questions, send an email to the Quality Monitoring inbox at [QualityMonitoring@dhcs.ca.gov](mailto:QualityMonitoring@dhcs.ca.gov).
