Introduction

The Department of Health Care Services (DHCS) is responsible for approving county-designated facilities throughout California for Lanterman-Petris-Short (LPS) Act holds. The LPS Act was passed in 1967 and went into effect on July 1, 1972, for the purpose of:

- Ending the inappropriate, indefinite, and involuntary commitment of persons with mental disorders.
- Providing prompt evaluation and treatment of persons with mental health disorders and persons impaired by chronic alcoholism.
- Guaranteeing and protecting public safety.
- Safeguarding individual rights through judicial review.
- Providing individualized treatment, supervision, and placement services by a conservatorship program for persons who are gravely disabled.
- Encouraging the full use of all existing agencies, professional personnel, and public funds to accomplish these objectives and to prevent duplication of services and unnecessary expenditures; and
- Protecting persons with mental health disorders and developmental disabilities from criminal acts.

The California Welfare and Institution (W&I) Code Section 5402, subdivision (a), requires DHCS to collect data quarterly and publish, on or before May 1 of each year, a report including quantitative, de-identified information concerning the number of persons in designated and approved facilities either admitted or detained and treated involuntarily under several sections of the W&I Code. DHCS is also required to collect data on the number of persons transferred to mental health facilities pursuant to Section 4011.6 of the Penal Code, the number of persons for whom temporary conservatorships are established, and the number of persons for whom permanent conservatorships are established in each county.

Existing law requires the State Department of Health Care Services to collect and publish annually quantitative information concerning the operation of various provisions relating to community mental health services, including the number of persons admitted for evaluation and treatment for certain periods, transferred to mental health facilities, or for whom certain conservatorships are established, as specified. Existing law requires each local mental health director, and each facility providing services to persons under those provisions, to provide the department, upon its request, with any information, records, and reports that the department deems necessary for purposes of the data collection and publication.

Recent legislation, Senate Bill (SB) 929 passed in 2022, and Assembly Bill 118 and SB 43 passed in 2023, increased the collection and reporting requirements under Section 5402. These bills mandate DHCS to collect expanded quarterly data to include in the

annual May report. The new requirements are intended to address gaps in data collection regarding involuntary detentions under the LPS Act. DHCS is required to conduct an analysis and evaluation of the data to determine if the state is achieving the intent of the LPS Act requirements in W&I Code Section 5001. Expanded data elements include demographic variables, clinical outcomes, waiting periods, condition at admission or detainment, and several data points from the Judicial Council.

Designated and approved facilities and other entities are to collect and provide data to the county behavioral health director in the county in which they operate, as specified, and would authorize a county to establish policies and procedures for this purpose. The data from each county behavioral health director will assist DHCS in implementing the provisions relating to involuntary detention, assessment, evaluation, or treatment. Lastly, DHCS is authorized to impose a plan of correction and/or civil penalties against a facility or county that fails to submit timely data, or as required.

History of Revisions

Date	Description
March 2024, Version 1.1	Per legislation passed in 2022 and 2023 (Senate Bills 929 and 43; Assembly Bill 118), DHCS replaced Forms 1008, 1009, and 1010 PDF forms with Nintex application for web-based reporting. Added Phase 2 data points to collection and reporting requirements.

Document Organization

This data element dictionary contains information designed to inform the submission of LPS-related data to DHCS. Submission entities are the County/City/Mental Health Managed Care Plans (MHMCP, formerly Mental Health Plans). The MHMCPs are also referred to as ‘Local Mental Health’ and sometimes as ‘county’ throughout this document.

The main body of this document is dedicated to the description of the variables included in the LPS data, with a glossary of terms and a link to frequently asked questions included at the end of the document.

Facility Name and Address or Other Entity Name

Purpose:

Collect the facility name and address, or the name of the other entity.

Report all facilities and other entities, public or private, designated by the county to which at least one person during the quarter was either admitted or detained involuntarily for 72-Hour Evaluation and Treatment, 14-Day Intensive Treatment, Additional 14-Day Intensive Treatment (Suicidal), 30-Day Intensive Treatment, Additional 30-Day Intensive Treatment, 180-Day Post Certification Intensive Treatment, Temporary Conservatorship, Permanent Conservatorship, or Transferred Pursuant to Penal Code Section 4011.6.

Designated and Approved Facility

For the purposes of W&I Code Section 5402, "designated and approved facility" or "facility designated by the county for evaluation and treatment" means a facility that is designated by a county board of supervisors to provide assessment, evaluation, crisis intervention, and treatment under the LPS Act (W&I Code § 5000, et seq.) or the Children's Civil Commitment and Mental Health Treatment Act (W&I Code § 5585, et seq.) and approved by the Department pursuant to Section 821 of Title 9 of the California Code of Regulations.

Other Entity

For the purposes of W&I Code Section 5402, "other entity involved in implementing Section 5150" means any facility, entity, or person not included as a designated facility that is involved in implementing W&I Code Section 5150. Other entities involved in implementing W&I Code Section 5150 include, but are not limited to:

- a) Peace officers, as defined by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.
- b) Professional persons designated by a county behavioral health director pursuant to W&I Code Section 5121 to perform functions under section 5150, including, but not limited to, members of mobile crisis teams.
- c) Hospital emergency rooms/departments.

Include State Hospitals for the Mentally Disabled from the list of designated facilities.

Transfer Pursuant to Penal Code (PC) Section 4011.6

Purpose:

Collect summary data on the total number of persons transferred involuntarily during the quarter to mental health facilities pursuant to Section 4011.6 of the Penal Code.

California's Penal Code defines Section 4011.6 as the transfer of a mentally disordered prisoner to a mental health facility for involuntary treatment under the provisions of the Lanterman-Petris-Short Act. The local mental health director or his designee may examine the prisoner prior to transfer to a facility for treatment and evaluation.

Data should include transfers from a court as well as from a county jail, city jail, or juvenile detention facility. All facilities must be Lanterman-Petris-Short (LPS) Act approved and meet inpatient service requirements as defined in the California Code of Regulations (CCR), Title 9, Article 3, Section 821, and Article 10, Section 660-663.

Required:

Summary of Sequential Holds

Purpose:

Collect the total number of persons either admitted or detained involuntarily to a county-designated facility or other entity between one (1), two (2), five (5), six to eight (6 to 8), and more than 8 times in a quarter for 72-Hour Evaluation and Treatment, 14-Day Intensive Treatment, Additional 14-Day Intensive Treatment (Suicidal), 30-Day Intensive Treatment, Additional 30-Day Intensive Treatment, and 180-Day Post Certification Intensive Treatment.

A sequential hold is defined as the number of times in a quarter a person is admitted or detained involuntarily in one or more detention classification. This information will be used to identify and assess the disproportionate use of detentions on various groups.

Required:

Quarterly, from each:

1. **County LPS Designated and Approved Facility,**
2. **County LPS Designated and Approved Jail Inpatient Unit, and**
3. **Other Entity.**

Valid Values (numeric):

Report the total number of persons either admitted or detained involuntarily according to the categories below:

Glossary

Terminology	Definition
Designated and Approved Facility	For the purposes of W&I Code Section 5402, “designated and approved facility” or “facility designated by the county for evaluation and treatment” means a facility that is designated by a county board of supervisors to provide assessment, evaluation, crisis intervention, and treatment under the LPS Act (W&I Code § 5000, et seq.) or the Children’s Civil Commitment and Mental Health Treatment Act (W&I Code § 5585, et seq.) and approved by the Department pursuant to Section 821 of Title 9 of the California Code of Regulations.
Other Entity	<p>For the purposes of W&I Code Section 5402, “other entity involved in implementing Section 5150” means any facility, entity, or person not included as a designated facility that is involved in implementing W&I Code Section 5150. Other entities involved in implementing W&I Code Section 5150 include, but are not limited to:</p> <ul style="list-style-type: none"> (a) Peace officers, as defined by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code. (b) Professional persons designated by a county behavioral health director pursuant to W&I Code Section 5121 to perform functions under section 5150, including, but not limited to, members of mobile crisis teams. (c) Hospital emergency rooms/departments.
Assessment	The determination of whether a person shall be evaluated and treated pursuant to Section 5150. (W&I Code §5150.4.)

Terminology	Definition
County Contracted Beds	All beds in a facility with which the reporting County has contracted for the evaluation and treatment of individuals who are detained or admitted for 72-hour assessment, evaluation, crisis intervention, admitted for 14-day periods, and 30-day periods of intensive treatment, and admitted for 180-day post-certification intensive treatment.
Crisis Intervention	Consists of an interview or series of interviews within a brief period of time, conducted by qualified professionals, and designated to alleviate personal or family situations which present a serious and imminent threat to the health or stability of the person or the family. The interview or interviews may be conducted in the home of the person or family, or on an inpatient or outpatient basis with such therapy, or other services, as may be appropriate. The interview or interviews may include family members, significant support persons, providers, or other entities or individuals, as appropriate and as authorized by law. Crisis intervention may, as appropriate, include suicide prevention, psychiatric, welfare, psychological, legal, or other social services (W&I Code § 5008(e)).
Detention	The action of taking an individual into custody for a period of up to 72 hours for assessment, evaluation, and crisis intervention. The period of detention begins at the moment that an individual is first taken into custody as indicated on the 5150 application, not the time the individual is admitted to an LPS-designated facility for treatment and evaluation.

Terminology	Definition
Evaluation	Consists of multidisciplinary professional analyses of a person's medical, psychological, educational, social, financial, and legal conditions as may appear to constitute a problem. Persons providing evaluation services shall be properly qualified professionals and may be full-time employees of an agency providing face-to-face, which includes telehealth, evaluation services or may be part-time employees or may be employed on a contractual basis (W&I Code § 5008(a)).
Treatment	Treatment consists of psychiatric and medical care provided to individuals admitted to designated and approved facilities pursuant to Section 5150 and in accordance with Section 5151 of the Welfare and Institutions Code.
Intensive Treatment	Intensive treatment consists of such hospital and other services as may be indicated. Intensive treatment shall be provided by properly qualified professionals and carried out in facilities qualifying for reimbursement under the California Medical Assistance Program (Medi-Cal) set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9, or under Title XVIII of the federal Social Security Act and regulations thereunder. Intensive treatment may be provided in hospitals of the United States government by properly qualified professionals. This part does not prohibit an intensive treatment facility from also providing 72-hour evaluation and treatment. (W&I Code § 5008(c)).
Primary Language	That language, including sign language, which must be used by an individual to communicate effectively, and which is so identified by the individual.

Terminology	Definition
Race	This is a social definition of race recognized in this country and not an attempt to define race biologically, anthropologically, or genetically. In addition, it is recognized that the categories of the race item include racial and national origin or sociocultural groups.
Ethnicity	The cultural expression of identity and can be connected to one's racial, national, tribal, religious, linguistic, or cultural origin or background.
Sex	The biological sex a person was assigned at birth.
Gender Identity	The gender a person identifies as, which may differ from the sex and gender assigned at birth.
Sexual Orientation	A person's identification of their emotional, romantic, sexual, or affectional attraction to another person.
Veteran Status	A person who served in the active military, naval, air, or space service, and who was discharged or released from service.
