

DECLARATION

TRANSITION OF THE CHILD HEALTH AND DISABILITY PREVENTION PROGRAM

Senate Bill 184 (Committee on Budget and Fiscal Review, Chapter 47, Statutes of 2022) required the Department of Health Care Services (DHCS) to take specified steps, before July 1, 2024, in order to transition the Child Health and Disability Prevention (CHDP) Program. Transitioning the CHDP Program aligns with the Department's goal under CalAIM to reduce administrative complexities, enhance coordination of care and whole person care approach, and increase standardization of care across Medi-Cal by consolidating care responsibilities for children/youth under the Medi-Cal managed care plans.

The CHDP transition preserves:

- Presumptive eligibility enrollment activities currently offered through the CHDP Gateway,
- Activities under the CHDP-Childhood Lead Poisoning Prevention Program; and,
- The Health Care Program for Children in Foster Care.

In accordance with section 124024 of the Health and Safety Code, the DHCS is issuing a declaration certifying that all activities required have been completed by March 27, 2024.

A link to the CHDP Transition Plan, titled "Department of Health Care Services Child Health and Disability Prevention Program Transition Plan," prepared by DHCS, is now available at: <https://www.dhcs.ca.gov/services/chdp/Pages/CHDP-TP.aspx>.

Sincerely,
