## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

### 6A-INTRODUCTION

#### 1. PURPOSE

Federal Medicaid regulations prohibit federal financial participation (FFP) for certain individuals due to institutional status. Medi-Cal is not available to an inmate of a public institution. This article will distinguish for both adults and juveniles who is an inmate of a public institution for purposes of Medi-Cal eligibility.

#### 2. BACKGROUND

42 United States Code (U.S.C.) Section 1396d(a)(24)(A) and 42 Code of Federal Regulation (CFR) Section 435.1008(a)(1) state that Federal Financial Participation (FFP) is not available in expenditures for services provided to individuals who are inmates of public institutions. 42 CFR Section 435.1009 states that an inmate of a public institution is a person who is living in a public institution.

Under new federal guidelines from the Health Care Financing Administration (HCFA), dated January 13, 1992, to the Director of the Arizona Health Care Cost Containment System, the term "inmate of a public institution" was further defined for purposes of Medicaid eligibility under Title XIX of the Social Security Act (SSA). The guidelines clarify that an individual is considered an "inmate of a public institution" from the date of actual incarceration in a prison, county, city or tribal jail until permanent release, bail, probation or parole.

Under the Social Security Act (SSA) Section 1905(a)(24)(A) and (B), Medi-Cal is not available for any individual under age 65 in an institution for mental diseases (IMD), but is available for inpatient psychiatric services for individuals under age 21 and up to age 22 if the services were begun prior to the 21st birthday.

For persons between 21 (or under certain conditions 22) and 65 years of age who are inmates of a mental institution, the state or county mental health system is responsible. For persons of any age who are detained under the penal system, the responsible third party is the penal institution or administration who retains authority over the individual. Under Section 4011.1 of the Penal Code a county may choose to cover prisoners under the county medical program; however, such coverage is optional. If a county does not choose to cover prisoners, the medical provider must collect directly from the penal authority, i.e., city jail for city prisoners, county jail or sheriff's office for county prisoners, etcetera.

#### 3. NOTICES OF ACTION

Since Title 22, California Code of Regulations (CCR), Section 50273, precludes Medi-Cal eligibility for certain institutionalized individuals from the date of entry into an institution through the date of release, a ten-day Notice of Action (NOA) is not required prior to discontinuance as discontinuance due to entry into an institution is not considered an adverse action (Title 22, CCR, Section 50015). County welfare departments should immediately discontinue individuals found to be institutionalized with an appropriate NOA and request return of the Medi-Cal card.

### 4. IMPLEMENTATION

The new HCFA guidelines which clarified the federal statute were sent to all county welfare departments on July 7, 1993. A retroactive period of one year previous to this date was granted for any case which resulted in a wrongful denial of Medi-Cal eligibility based upon institutional status. This would include any case wherein the final determination of ineligibility was made during the time period July 7, 1992 until July 7, 1993.

### 5. CALIFORNIA CODE OF REGULATIONS, TITLE 22, SECTION 50273

§ 50273. Medi-Cal Ineligibility Due to Institutional Status.

(a) Individuals who are inmates of public institutions are not eligible for Medi-Cal: The following individuals are considered inmates of a public institution:

- (1) An individual in a prison, or a county, city, or tribal jail.
- (2) An individual in a prison or jail: Prior to arraignment, prior to conviction, or prior to sentencing.
- (3) An individual who is incarcerated, but can leave prison or jail on work release or work furlough and must return at specific intervals.
- (4) Individuals released from prison or jail due to a medical emergency who would otherwise be incarcerated but for the medical emergency. Institutional status of such persons is not affected by transfer to a public or private medical facility.
- (5) A minor in a juvenile detention center prior to disposition (judgement) due to criminal activity of the minor.
- (6) A minor, after disposition, placed in a detention or correctional facility, including a youth ranch, forestry camp, or home which is part of the criminal justice system.
- (7) A minor placed on probation by a juvenile court on juvenile intensive probation with specific conditions of release, including residence in a juvenile detention center.
- (8) A minor placed on probation by a juvenile court on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is part of the criminal justice system.
- (9) Individuals between the ages of 21-65 who are in an institution for mental disease shall be considered inmates of a public institution until they are unconditionally released.

(b) Ineligibility for individuals classified as inmates in (a) begins on the day institutional status commences and ends on the day institutional status ends.

(c) The following individuals are not considered inmates of a public institution and shall be eligible for Medi-Cal provided that all other requirements for eligibility set out in this chapter are satisfied:

- (1) An individual released from prison or jail on permanent release, bail, own recognizance (OR), probation, or parole with a condition of:
  - (A) Home arrest;
  - (B) Work release;
  - (C) Community service;
  - (D) Outpatient treatment;
  - (E) Inpatient treatment.
- (2) An individual who, after arrest but before booking, is escorted by police to a hospital for medical treatment and held under guard.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

(3) An individual in prison or jail who transfers temporarily to a half-way house or residential treatment facility prior to a formal probation release order.

(4) An individual released from prison or jail under a court probation order due to a medical emergency.

(5) A minor in a juvenile detention center prior to disposition (judgment) due to care, protection or in the best interest of the child (e.g., Child Protective Services) if there is a specific plan for that person that makes the stay at the detention center temporary. This would include those juveniles awaiting placement but still physically present in juvenile hall.

(6) A minor placed on probation by a juvenile court on juvenile intensive probation with home arrest restrictions.

(7) A minor placed on probation by a juvenile court on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is not part of the criminal justice system.

(8) A minor placed on probation by a juvenile court on juvenile intensive probation with treatment as a condition of probation:

(A) In a psychiatric hospital;

(B) In a residential treatment center;

(C) As an outpatient.

(9) Individuals released from an institution for mental diseases or transferred from such an institution to a public or private medical facility.

(10) Individuals on conditional release or convalescent leave from an institution for mental diseases.

(11) Individuals under age 22 who are patients in an institution for mental disease, were institutionalized prior to their 21st birthday, and continue to receive inpatient psychiatric care.

### 6B—PUBLIC INSTITUTION

#### 1. DEFINITION

Public (non-medical) institution means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

#### 2. NOT INCLUDED IN PUBLIC INSTITUTION

The following facilities are not public institutions and FFP is possible:

- a medical institution;
- an intermediate care facility;
- a publicly operated community residence that serves no more than 16 residents; or
- a child care institution:
  - for children who receive foster care payments under Title IV-E of SSA;
  - for children who receive AFDC-foster care under Title IV-A of SSA;
  - that accommodates no more than 25 children;
- an institution for the mentally retarded or persons with related conditions (chronic disability attributable to cerebral palsy or epilepsy or any other condition other than mental illness closely related to mental retardation);
- a community care facility (H&S Code, Sec. 1502): Any facility, place, or building which is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children. FFP is possible.
  - Residential Facility - family home, or group care facility for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for protection of individual.
  - Adult Day Care Facility - provides nonmedical care to persons 18 years of age or older in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for protection of individual on less than 24-hour basis.
  - Therapeutic Day Services Facility - provides nonmedical care, counseling, educational or vocational support, or social rehabilitation services on less than 24-hour basis to persons 18 years or under who would otherwise be placed in foster care or are returning to family from foster care.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

- Foster Family Home - residential facility which provides 24-hour care for six or fewer foster children and is the residence of the foster parent or parents, including their family.
  - Small Family Home - residential facility which provides 24-hour care to six or fewer foster children who have mental disorders or developmental or physical disabilities and who require special care and supervision as a result of their disabilities. This home can also accept children without special health care needs.
  - Social Rehabilitation Facility - a residential facility which provides social rehabilitation services for no longer than 18 months in a group setting to adults recovering from mental illness who temporarily need assistance, guidance, or counseling.
  - Community Treatment Facility - residential facility which provides mental health treatment services to children in a group setting.
3. The following facilities may be publicly operated community residences that serve no more than 16 residents, but they are not eligible for FFP:
- residential facilities located on the grounds of or adjacent to any large institution (no FFP);
  - correctional or holding facilities for prisoners or individuals being held under court order as witnesses or juveniles (no FFP);
  - detention facilities, forestry camps, training schools or any other facility for children determined to be delinquent (no FFP); or,
  - educational or vocational training institutions that provide an accredited program for its residents (no FFP).

[**NOTE:** Persons who reside in public institutions in order to receive educational or vocational training provided by the facility (e.g., a state school for the blind) are not considered to be "inmates" of public institutions and are therefore entitled to Medi-Cal coverage if they are otherwise eligible.]

### 6C-- INMATES OF A PUBLIC INSTITUTION

Counties must consider both the facility and the person's circumstances when making a Medi-Cal determination of eligibility for either a juvenile or an adult who is incarcerated or placed in any type of public institution. In making these determinations, follow the guidelines below as well as the chart in Section 6E:

**1. THE FOLLOWING ARE CONSIDERED INMATES OF A PUBLIC INSTITUTION (ADULT OR JUVENILE) AND ARE NOT ELIGIBLE FOR MEDI-CAL:**

- a. An inmate in a prison;
- b. An inmate of a county, city, or tribal jail; or,
- c. An inmate in a prison or jail:
  - Prior to arraignment;
  - Prior to conviction; or,
  - Prior to sentencing.

Unless they are out on bail or own recognizance (OR).

- d. An individual who is incarcerated, but can leave prison or jail on work release or work furlough and must return at specific intervals.
- e. Individuals released from prison or jail due to a medical emergency who would otherwise be incarcerated but for the medical emergency.
- f. A minor in a juvenile detention center prior to disposition (judgment) due to criminal activity of the minor.
- g. A minor, after disposition, placed in a detention or correctional facility, including a youth ranch, forestry camp, or home which is part of the criminal justice system.
- h. A minor placed on probation by a juvenile court on juvenile intensive probation with specific conditions of release, including residence in a juvenile detention center.
- i. A minor placed on probation by a juvenile court or on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is part of the criminal justice system.

**2 THE FOLLOWING ARE NOT INMATES OF A PUBLIC INSTITUTION AND ARE ELIGIBLE FOR MEDI-CAL:**

- a. An individual who, after arrest but before booking, is escorted by police to a hospital for medical treatment and held under guard.
- b. An individual in prison or jail who transfers temporarily to a halfway house or residential treatment facility prior to a formal probation release order.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

- c. An individual released from prison or jail on probation, parole, or release order; with a condition of:
  - home arrest;
  - work release;
  - community service;
  - outpatient treatment; or,
  - inpatient treatment.
- d. Individuals released from prison or jail under a court probation order due to a medical emergency.
- e. Individuals who are patients in an institution for mental diseases (IMD) are immediately eligible for Medi-Cal upon transfer or discharge to a medical facility certified under Title XIX of the Social Security Act if they are otherwise eligible. This would include periods of conditional release or convalescent leave from the IMD.
- f. Juveniles between the ages of 21-22 in an IMD who were institutionalized prior to their 21st birthday will be eligible until they reach their 22nd birthday, as long as they remain continuously institutionalized and continue to receive inpatient psychiatric care.
- g. A minor in a juvenile detention center prior to disposition (judgment) due to care, protection or in the best interest of the child (e.g., Child Protective Services) if there is a specific plan for that person that makes the stay at the detention center temporary. This could include those juveniles awaiting placement but still physically present in juvenile hall.
- h. A minor placed on probation by a juvenile court on juvenile intensive probation with home arrest restrictions.
- i. A minor placed on probation by a juvenile court on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is not part of the criminal justice system.
- j. A minor placed on probation by a juvenile court or on juvenile intensive probation with treatment as a condition of probation:
  - in a psychiatric hospital;
  - in a residential treatment center; or,
  - as an outpatient.

### 3. INMATES UNDER PENAL CODE SECTIONS 1367, 1370, and 1372

- a. **Penal Code 1367:** Those charged with a misdemeanor, but who are incompetent to stand trial, and who will be treated by a mental health facility.

Penal Code Section 1367 provides that "A person cannot be tried or adjudged to punishment while that person is mentally incompetent." If the judge finds reason to believe that the defendant may be incompetent to stand trial, he/she may order that the defendant be referred for 72-hour treatment and evaluation. Defendant continues to be an inmate of a public institution and ineligible for Medi-Cal. If evaluation results in placement in a mental health facility for treatment, then the individual is not eligible for Medi-Cal unless he/she is under age 21 or over 65. If the individual is referred for outpatient treatment, he would not be living in the institution and could be eligible for Medi-Cal.

- b. **Penal Code 1370:** A Murphy Conservatorship may be established if a state hospital patient charged with a specified serious felony is not restored to competence upon expiration of a Penal Code 1370 commitment. The establishment of a Murphy Conservatorship ends the Penal Code commitment, regardless of the expiration date of the Penal Code 1370 commitment. A Murphy Conservatorship requires the determination that the patient is gravely disabled in accordance with Welfare and Institutions Code (WIC) Section 5003 (h)(1). This state hospital patient could not be eligible for Medi-Cal if he/she were between the ages of 21-65, unless the individual was in the hospital before the age of 21 continuously to the age of 22. Then he/she could be eligible for Medi-Cal.

- c. **Penal Code 1372:** Those felons incompetent to stand trial, previously treated at the state hospital, but whose competency has been restored and are returned to the Inpatient Unit to stand trial. When a defendant is returned to court with a certification that competence has been regained, the court shall determine whether the person is entitled to be admitted to bail. An individual who is released from incarceration on bail is not an inmate of a public institution, and may be eligible for Medi-Cal. If not released on bail, the individual is likely to be held in a prison or jail prior to conviction or sentencing. The individual would then be an inmate of a public institution, and would not be eligible for Medi-Cal.

### 6D—JUVENILES

In determining the Medi-Cal eligibility of juveniles, HCFA distinguishes between the nature of the detention, pre and post disposition situations, and types of facilities.

1. **Disposition**

Disposition in a juvenile case is the decision made by the court for the juvenile's welfare. A disposition order is the court decision as to whether the minor will be placed in foster care, under sentence, placed on probation, or released either temporary or permanent.

2. **Before Disposition**

A juvenile who is in a detention center due to criminal activity is an inmate of a public institution.

A juvenile who is in a detention center due to care, protection, or in the best interest of the child is not an "inmate of a public institution" if there is a specific plan for him/her that makes the stay temporary.

3. **After Disposition**

Juveniles on intensive probation with a plan of release which includes residence in a detention center are "inmates of a public institution." However, if the juvenile is placed on intensive probation in a secure treatment facility, he is an "inmate of a public institution" if the facility is part of the criminal justice system.

4. **Nature of the Facility**

The nature of the facility is extremely important in determining Medi-Cal eligibility because federal regulations at 42 CFR 435.1008 prohibit FFP to "inmates of public institutions". 42 CFR 435.1009 defines a public institution. Publicly operated community residences that serve no more than 16 residents are excluded from this definition, and FFP is allowed for these facilities. In making an eligibility determination, both the **status** of the juvenile and the **facility** must be taken into consideration. The juvenile is not eligible if he/she is a resident of a public institution.

**EXAMPLE:**

A juvenile is detained for criminal activity. He is placed on probation with specific conditions of release, including a stay of 30 days or longer at a detention facility. The facility is identified as a juvenile detention center, not a treatment center. Upon release from this detention center, he would be placed on probation with his mother. Because of the nature of his/her custody and the nature of the facility as a detention center (public institution), he/she is not eligible for Medi-Cal. The juvenile is living in a public institution and is not eligible for Medi-Cal during the period of incarceration. After release from the detention center and while on probation, the juvenile may be eligible for Medi-Cal.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

Do not consider that a short stay in a detention facility as set forth above is a temporary placement pending other arrangements. Under HCFA guidelines, this would be incorrect. Incarceration in a detention center due to criminal activity makes the juvenile an inmate of a public institution and ineligible for Medi-Cal.

### 5. Foster Care

The purpose of the Foster Care Program is to provide financial and medical assistance for those children who are in need of substitute parenting and who have been placed in foster care -- that is, outside of the home of the parents or legal guardian. Foster Care placement may be in a relative's or non-relative's home as well as a ranch, institution, group home, or the like.

Foster Care children are automatically eligible for Medi-Cal after utilizing whatever other health coverage is available. This is clarified in Section 903 of the Welfare & Institutions Code, Liability for Costs of Support.

The Medi-Cal Program automatically grants a Medi-Cal card to children in Foster Care, and providers are instructed to bill the Medi-Cal program first. Medi-Cal pays the provider of service first, and then Medi-Cal seeks repayment from the other health coverage.

Foster Care children are excluded from being classified as an "inmate of a public institution" when such children are temporarily in an institution pending more suitable arrangements such as Foster Care placement in a foster family or group home. Specifically, this includes a minor in a juvenile detention center prior to disposition (judgment) due to care, protection or in the best interest of the child (e.g., Child Protective Services) if there is a specific plan for that person that makes the stay at the detention center temporary. This could include those juveniles awaiting placement but still physically present in juvenile hall.

### 6. Emergency Assistance (EA) Program

The EA program is a federally funded program under Title IV-A of the Social Security Act. Federal funding of 50 percent (50% federal/50% county) is available for a period of up to 12 months or until the emergency is over, whichever is less, for children under the age of 21 in accordance with 45 CFR 233.120. Eligibility for EA requires that an emergency must exist within the family in order for a child to be considered eligible for assistance.

There are two distinct definitions of an "emergency" that apply to probation cases and child welfare services cases. The definition of an emergency for a probation case is "a child's behavior that results in the child's removal from the home and a judicial notice that the child must remain in out of home care for more than seventy-two judicial hours." The definition of an emergency for a child welfare services case is "a child is at risk of abuse, neglect, abandonment or exploitation".

The Medi-Cal program has implemented two new aid codes to be used for the EA Foster Care portion of the EA program:

- 4K - for probation cases which result in out-of-home non-federal Foster Care; and,
- 5K - for children at risk of abuse, neglect, abandonment, or exploitation placed in out-of-home non-federal Foster Care.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

Children receiving EA services who are temporarily detained in an institution, such as a county operated juvenile assessment center or residential treatment facility pending foster care placement, are prohibited from being placed into the 4K (Probation) or 5K (Child Welfare Services) aid codes. These children, if determined Medi-Cal eligible, will remain in aid code 45.

### 7. Sample Disposition Orders

In making a determination of eligibility for a juvenile who has entered the juvenile justice system, it is very important to review the judge's decision. The decision or dispositional order must be read to determine both the **status** of the minor and to determine the **nature** of the facility where he will be placed. Because of the diversity of juvenile and adult court orders and the judgments rendered and/or specific situations pertinent to each individual case, several case situations and the Medi-Cal eligibility determination are listed below to demonstrate that each must be read individually to determine Medi-Cal eligibility.

- a. Juvenile Court Order Status: Minor is in Foster Care in Licensed Residential Treatment Facility. Minor is eligible for Medi-Cal.
- b. Juvenile Court Order Status: Minor is on Probation Awaiting Placement in Foster Care. Minor is eligible for Medi-Cal.
- c. Juvenile Court Order Status: Minor is on Probation with residence in Licensed Residential Facility pending permanent placement. Minor is eligible for Medi-Cal.
- d. Juvenile Court Order Status: Placement in psychiatric facility - furtherance of detention under Section 602. Minor is not eligible for Medi-Cal.
- e. Juvenile Court Order Status: Minor is placed in Residential Treatment Center and then Psychiatric Hospital. If under Foster Care and Not Sentenced, Minor is eligible for Medi-Cal.
- f. Juvenile Court Order Status: Minor is placed with parents with permission to place minor in Mesa Vista Hospital. This would be viewed as Foster Care/Probation Placement with parents. Minor is eligible for Medi-Cal. If committed to psychiatric unit, Minor would continue to be Eligible for Medi-Cal.
- g. Juvenile Court Order Status: Minor is released on Probation to Parents with hospital stay; then placement to 24-hour school on release from hospital. Minor is eligible for Medi-Cal because Minor is on Probation. If 24-hour school is part of criminal justice system and is a correctional facility, then Minor would not be eligible for Medi-Cal.

The following Exhibits are included as examples of Disposition Orders:

- a. Exhibit A - Probation to Correctional Facility

A sample court order for a minor ordered to a juvenile detention center for a temporary period pending placement. This minor is not eligible for Medi-Cal because the facility is part of the criminal justice system.

---

## **MEDI-CAL ELIGIBILITY PROCEDURES MANUAL**

---

**b. Exhibit B - Sentence to Correctional Facility**

A sample court order for a minor committed to a correctional facility to serve a sentence--CTC for five days. This minor is not eligible for Medi-Cal because he/she has been sentenced to a correctional facility for criminal activity.

**c. Exhibit C - Placement in Foster Care**

A sample court order for a juvenile placed on probation and ordered to suitable placement. If placement is in foster care and not a correctional facility, this minor is eligible for Medi-Cal.

### 6E—INSTITUTION FOR MENTAL DISEASES (IMD)

#### 1. Definition

IMD's are defined in federal law as:

42 USC Section 1905(l): The term "institution for mental diseases" means a hospital, nursing facility, or other institution of more than 16 beds, that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services.

42 CFR Section 435.1009: Institution for mental diseases means a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services. Whether an institution is an institution for mental diseases is determined by its overall character as that of a facility established and maintained primarily for the care and treatment of individuals with mental diseases, whether or not it is licensed as such. An institution for the mentally retarded is not an institution for mental diseases.

#### 2. Identification of an IMD

The final determination of a facility's status depends on whether its overall character is that of a facility established and/or maintained primarily for the care and treatment of individuals with mental diseases. HCFA uses the following guidelines in evaluating the overall character of a facility under the Medicaid statute and regulations:

- The facility specializes in providing psychiatric/psychological care and treatment. This may be ascertained through review of patients' records. It may also be indicated by the fact that an unusually large proportion of the staff has specialized psychiatric/psychological training or that a large proportion of the patients are receiving psychopharmacological drugs;
- The facility is under the jurisdiction of the State's mental health authority;
- The current need for institutionalization for more than 50 percent of all the patients in the facility results from mental diseases;

In some cases, multiple components may be involved, and it may be necessary to apply further guidelines to identify the institution to be assessed. Components may be certified as different types of providers, such as nursing facilities and hospitals, and are considered independent of each other. Once a component is determined to be independent, the IMD criteria can be applied to that component unless it has 16 or fewer beds.

#### 3. IMD Exclusion

Section 1905(a) of the Social Security Act states that FFP is not available for any medical assistance under Title XIX (Medi-Cal) for any individual under age 65 who is a patient in an IMD unless the payment is for inpatient psychiatric services for individuals under age 21. However, an individual who has been receiving inpatient psychiatric services prior to his/her 21st birthday and continues to receive such services may be eligible for Medi-Cal benefits.

---

## MEDI-CAL ELIGIBILITY PROCEDURES MANUAL

---

Individuals who are patients in an IMD may be immediately eligible for Medi-Cal benefits upon transfer or discharge to a medical institution that is certified under Title XIX, provided that all factors of eligibility are met. Under 42 CFR 435.1008, the IMD exclusion does not apply during the part of the month the individual is not a patient in an IMD. This includes periods of conditional release or convalescent leave.

### 4. IMD's in California

In 1986, HCFA set forth the criteria for determining whether facilities were IMD's. California's mentally disabled population had been cared for in skilled nursing facilities (SNF's). SNF's serving the mentally disabled had special treatment programs (STP) certified by the California Department of Health Services and the California Department of Mental Health. HCFA determined that these SNF/STP facilities were IMDs, and that FFP for inpatient psychiatric care and services under the Medi-Cal program was not available for residents under age 65.

**The following list of facilities in California have been determined to be IMD's by HCFA:**

### 5. Individuals 21 to 22 Years of Age in an IMD

Under Section 1905(a) of the Social Security Act federal financial participation (FFP) is not available to individuals between the ages of 21-65 unless the individual has been receiving inpatient psychiatric services prior to his/her 21st birthday and receives such services continuously until the age of 22. Section 50273, Title 22, Code of California Regulations, has always allowed this IMD exception, but the eligibility criteria and aid code assignment have never been clarified.

Allow continuous Medi-Cal eligibility to individuals institutionalized in an IMD before their 21st birthday. Counties have been using Aid Code 81 (Medically Indigent - Aid Paid Pending). You must use Aid Code 82 (Medically Indigent - Children Under 21) because it is an FFP category in which the Federal Government pays one-half of the cost.

For an individual under 21 who is a patient in an IMD, the aid code assigned would be appropriate for the medical condition. If the individual was assigned Aid Code 82, a normal ESAC ("1" or "6") could be used to place him/her in this aid code. When the individual reaches 21 years 1 month of age, he/she is placed on hold at Renewal and the alert message, "SPECIAL ESAC REQUIRED FOR AID CODE OR AID CODE AND AGE," is issued to the county. The county can put a qualifying individual back on Medi-Cal Eligibility Data System (MEDS) in Aid Code 82 by assigning a special ESAC of "4" or "9". The individual then remains eligible until age 22. At age 22 and 1 month, he/she will be placed on hold at Renewal and the alert message, "AGE NOT WITHIN ACCEPTABLE RANGE FOR AID CODE," is issued to the county. At this time eligibility needs to be re-determined.

Counties will be able to use Aid Code 82 with an ESAC of "4" or "9" on the following batch and line transactions:

- EW05 Transfer County of Responsibility
- EW15 Request Medi-Cal ID Card-New Eligible or Data Change
- EW20 Add New Recipient
- EW30 Modify Existing MEDS Record (Individual)

If there are any individuals over 21 years of age who belong in this category and are presently in Aid Code 81, transfer them into Aid Code 82 with an ESAC of "4" or "9" for proper claiming in an FFP aid code.

### 6. Managed Mental Health Care

The State of California is expanding managed care in the Medi-Cal program in order to improve beneficiaries access to quality, coordinated services, and part of this expansion includes implementation of a Medi-Cal Managed Mental Health Care System. This implementation consists of a three-step approach to be phased in over a four- to five-year period.

Phase I of this plan was the reform of the Short-Doyle/Medi-Cal program. Phase II of this plan is the transfer of the Treatment Authorization Request System for inpatient psychiatric hospital services to the counties as of January 1, 1995. The counties are assuming the responsibility and the risk for ensuring provision of medically necessary psychiatric inpatient hospital services to all Medi-Cal eligible beneficiaries. The counties will receive the State General Fund anticipated as the match for fee-for-service Medi-Cal mental health services.

Phase III will be the implementation of full capitated funding for mental health services through managed care contracts. State hospitals, however, will not be included in this capitation program.

The goal is to ultimately provide a system that will ensure that adequate services are accessible and provided in a coordinated, efficient, cost effective, and culturally competent manner, and under which mechanism care will be coordinated between the various physical health and mental health care facilities.

**a. Inpatient Mental Health Services consolidation**

Under this consolidation, each county mental health department will function as the county's Mental Health Plan (MHP). The MHP will authorize psychiatric inpatient hospital service admissions, continued stay services, and administrative days for all Medi-Cal recipients based on county of residence. Each MHP will have a contact person in the MHP Point of Authorization Directory (ACL No. 95-20). Medi-Cal reimbursement for psychiatric inpatient hospital services under the consolidation will be based on per diem rates. All rates include bed and ancillary charges, but do not include professional services such as psychiatry and psychology. These must be billed separately. Inpatient psychiatric services claim inquiries and appeals will continue to be processed through EDS regardless of the date of service. There will be no change in the fair hearing process.

**b. Steering Committee**

The Department of Mental Health (DMH), DHS, HCFA, the California Mental Health Directors Association (CMHDA), the California Mental Health Planning Council, and other state departments, consumers, and interested constituency groups have formed a Managed Health Care Steering Committee. The Committee will meet on a regular basis and will oversee Phase III of the Medi-Cal Managed Mental Health Care System. The Mission of the Steering Committee has been drafted as being threefold: 1) provide a forum for the interchange of information and perspectives among stakeholders, 2) establish principles for the subcommittees regarding development of specific policy recommendations, and 3) make recommendations to the State Department of Mental Health regarding compliance of proposed policies developed by subcommittees with those principles. Each local Mental Health Plan is also required to have a public planning process. The actual structure of services and many of the implementation issues will be addressed at the local level.
