SUBJECT: INCREASES TO THE ASSET LIMITS FOR NON-MODIFIED ADJUSTED

GROSS INCOME MEDI-CAL PROGRAMS

#### **Purpose**

The purpose of this All County Welfare Directors Letter (ACWDL) is to provide counties and the Statewide Automated Welfare System (SAWS) with guidance regarding changes to the asset limits for Non-MAGI programs, including Medicare Savings Programs (MSP) and Long-Term Care (LTC) programs. These changes, effective July 1, 2022, enacted by Assembly Bill (AB) 133, (Chapter 143, Statutes of 2021), increase the asset limits for Non-MAGI programs to \$130,000 per person, and \$65,000 for each additional person (up to a maximum of 10 people). These revised asset limits supersede all previous guidance regarding asset limits for Non-MAGI Medi-Cal programs, and should be used in place of the previous limits of \$2,000 per person and \$3,000 for two people.

#### **Background**

In 2021, several health measures were consolidated in AB 133 as part of the Health Omnibus Bill of 2021-2022. This ACWDL addresses only the provisions of AB 133 that added section 14005.62 to the Welfare and Institutions Code (WIC). WIC § 14005.62 establishes a two-phased approach to eliminating the asset limits for Non-MAGI Medi-Cal programs. The first phase, which is effective July 1, 2022, will increase the asset limits to \$130,000 person and \$65,000 for each additional household member (up to a maximum of 10 people). The second phase, effective January 1, 2024, will eliminate the asset limits for Non-MAGI programs. This ACWDL addresses only the increases in asset limits in the first phase. Additional guidance will be provided to counties regarding the elimination of the asset limits in a future ACWDL.

#### **Policy**

Effective July 1, 2022, the asset limits for Non-MAGI programs will increase to \$130,000 for one person, and \$65,000 for each additional person (up to a maximum of 10 people). Please see attached for all affected programs and asset limits by number of people being evaluated. The increased asset limits apply to Non-MAGI programs, including LTC and the MSPs as listed in the attachment below. Counties shall use the revised asset limits as of July 1, 2022. Individuals who apply for benefits in the month of June 2022 and are over the asset limit at that time shall be evaluated for eligibility for the month of July 2022 and ongoing.

### **System Programming**

SAWS shall make programming changes to automate the new asset limits as outlined in this ACWDL by July 1, 2022. DHCS will work with SAWS to facilitate programming of these changes.

#### **Notices**

DHCS will not be creating new Notices of Action (NOAs) or NOA snippets related to this implementation. When issuing a denial or discontinuance for the Non-MAGI Programs listed in the chart below, SAWS shall utilize existing NOA snippet language. Effective July 1, 2022, SAWS shall update all NOAs with the new asset limit amounts. A list of notices which require updating will be provided to the SAWS by DHCS no later than November 30, 2021.
