

Landscape of D-SNPs in California
Published: April 12, 2021 (Data as of January 2021)

Existing Dual Eligible Special Needs Plans (D-SNPs) and D-SNP Enrollment in California

Many counties in California currently have D-SNPs and some of those D-SNPs are operated by parent plans that also operate the MCP in the county. The following table illustrates the current D-SNP enrollment landscape in California.

¹ There are six types of Medi-Cal Managed Care Plan models in California: 1) County Organized Health System (COHS); 2) Two-Plan Model; 3) Geographic Managed Care; 4) Regional Expansion Model; 5) Imperial Model; 6) San Benito (Voluntary) Model). More information is provided in the [Medi-Cal Managed Care Program Fact Sheet](#). The

CCI was implemented in seven counties: Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Mateo, and Santa Clara.

³ SCAN Health Plan is a Fully Integrated Dual Eligible Special Needs Plan (FIDE SNP), a fully integrated care plan for duals that combines Medicare and Medi-Cal under a single managed care plan.

⁴ Los Angeles County is divided into two state county codes and lists the Medicare Plan Benefit Package (PBP) enrollment for each county code separately. For purposes of this report, enrollment counts for identical PBPs within LA County have been combined.

* Indicates that the D-SNP parent plan also operates an MCP in the same county and has a direct contract with DHCS for their Medi-Cal line of business.

** Indicates that the D-SNP parent plan also operates an MCP in the same county that is a subcontractor for another MCP, meaning the parent plan does not have a direct contract with DHCS for their Medi-Cal line of business.

*** Kaiser MCPs in Amador, El Dorado, and Placer are an extension of the Sacramento contract and are not direct plans within the county available to any beneficiary. In these counties, a limited number of beneficiaries are able to enroll in matching Kaiser D-SNP and MCP.

- Indicates that there are no D-SNPs in the county. Some plans have D-SNPs but no enrollment.
