Source Data: CYBHI Fee Schedule Payments Report

- » Includes FY 2024-25 CYBHI Fee Schedule payments to approximately 40 LEAs.
 - Billing NPI, Rendering NPI, Rendering Practitioner Type and total CYBHI payments.
- » Based on payments made by Carelon Behavioral Health **as of January 9, 2026**; Excludes pending claims and denied claims.
- » Draft data that is not yet final.
 - CYBHI Fee Schedule Program claiming is still underway for FY 2024-25.
 - Post-payment review could impact reported data.
 - Any additional payments / claim corrections received after the CYBHI Fee Schedule Payments Report is published for LEAs will be accounted for during the audit process.

Data Anomalies

» Some data anomalies have been identified and communicated to the CYBHI Fee Schedule Program for further review. For example:

1. **Rendering practitioner type is blank** – payments have been assigned to an LEA – however, the LEA will need to confirm which practitioner type to assign the payments. Search the [NPPES NPI registry](#) to determine the rendering practitioner type.
2. **Rendering NPI and the rendering practitioner type is blank** – impacts one LEA. Reach out to LEA@dhcs.ca.gov if you cannot determine how to assign the payment on the CRCS.
3. **Identical NPIs for billing / rendering NPI** - payments may need to be assigned to an LEA if the billing NPI is incorrect.
4. **Payments made to the same LEA under three different NPIs**. Payments are aggregated and reported under the LEA BOP billing NPI.
5. **Billing NPIs differ** between the CYBHI Fee Schedule and LEA BOP. CYBHI payments have been mapped to the LEA BOP billing NPI. LEAs will need to determine whether the CYBHI payments are applicable to include on the CRCS. **See detail on next slide.**

Billing NPIs Differ Between CYBHI and LEA BOP

CYBHI Billing NPI	LEA BOP Billing NPI*	CYBHI - Type
1104620988	1033275243	Independent

Final CYBHI Report Tips

» Final CYBHI Payment Report Tips:

- Only include CYBHI payments for practitioners with costs are on the CRCS.
- Consortia Leads will determine how to allocate total payments to Member LEAs (and must maintain documentation of this allocation).
- Identify employed versus contracted rendering practitioners and report accordingly.
 - Employed practitioners - Worksheet B.1.
 - Contracted practitioners – Worksheet D.
- Do not remove Fee Schedule Payments from Salaries on Worksheet B.
- Do not report CYBHI payments on Worksheet A as “Other Health Coverage” (line ‘n’).

Reminders

- » CRCS is due on Monday, March 2, 2026.
- » Extension requests must be submitted prior to the due date to:
LEA.CRCS.Submission@dhcs.ca.gov

Next Steps

- » Review the data for your NPI
 - If you see anything you would like to discuss, reach out to LEA@dhcs.ca.gov.
- » Determine whether costs for the rendering NPIs on the CYBHI Fee Schedule Payment Report will be included on the LEA's CRCS.
 - **If yes:** report the CYBHI Fee Schedule Payments under the respective practitioner type on Worksheet B.1 (or Worksheet D for contractors).
 - **Consortia leads** will determine payments allocated to member LEAs.
 - **If no:** do not report the CYBHI payments on the CRCS. To prepare for audit, keep record of why you are excluding payments.
- » If you have additional claims that have processed since January 9, you *may* include those payments but do not need to do so. DHCS will do a final payment reconciliation during the audit so there is no need to update data.
