The Expert Task Force (ETF) was created in 2016 to support the development of the Performance Outcomes System (POS) in line with Welfare and Institutions Code Section 14707.5. ETF meetings provide a forum to engage stakeholders and subject matter experts on recommendations for POS integration with other DHCS efforts. ETF supports the development of a quality improvement process and provides input on data collection gaps and data reports. Please see the [DHCS website](#) for more information.

**NOTE:**

For individuals with disabilities, DHCS will provide free assistive devices, including language and sign-language interpretation, real-time captioning, note takers, reading or writing assistance, and conversion of training or meeting materials into braille, large print, audio, or electronic format. To request alternative format or language services, please call or write:

Department of Health Care Services

Data Analytics Division
