

FINDING OF EMERGENCY

This emergency regulatory action amends California Code of Regulations (CCR), Title 22, Section 51516.1, by updating Medi-Cal reimbursement rates for substance abuse services for Fiscal Year (FY) 2010-2011, in accordance with Welfare and Institutions Code (WIC) Sections 14021.5, 14021.6, 14021.9, and 14105; and Health and Safety Code (HSC) Sections 11758.42 and 11758.46.

Pursuant to WIC Section 14021.5, the Department of Health Care Services (Department) shall promulgate emergency regulations to establish rates to determine reimbursement of substance abuse services allowable under the Medi-Cal Program. WIC Section 14105 states that the Department shall adopt Medi-Cal rate regulations on an emergency basis. Both statutes indicate that the adoption of such regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The deeming of the regulations as an emergency by the Legislature implies the need for immediate action to effectuate the statutes being implemented through this action. WIC Section 14021.6 states that the Department may adopt Medi-Cal rate regulations on an emergency basis.

This regulatory action is being adopted by the Department rather than by the Department of Alcohol and Drug Programs (ADP) because the Department is the single state agency authorized by the federal government to administer the Medi-Cal program.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

This emergency regulatory action amends Title 22, CCR, Section 51516.1, by updating Drug Medi-Cal (DMC) reimbursement rates for substance abuse services for FY 2010-2011. This emergency action implements, interprets, and makes specific the provisions of WIC Sections 14021.5, 14021.6, 14021.9, and 14105, and HSC Sections 11758.42 and 11758.46. These provisions require ADP, in consultation with the Department, to establish rates for DMC, and establish a per capita uniform statewide reimbursement (USR) rate for ancillary services.

This emergency regulatory action is necessary to implement WIC Sections 14021.5, 14021.6, and 14021.9; and HSC Sections 11758.42 and 11758.46.

- WIC Section 14021.5(e) specifies that rates for DMC services shall be effective July 1 through June 30 of the fiscal year in which the rates are established.
- WIC Section 14021.6 and HSC Section 11758.42 specify how rates for DMC services shall be determined.
- WIC Section 14105(a) authorizes adoption of regulations to set rates for Medi-Cal services on an emergency basis.
- HSC Section 11758.42 requires ADP to establish rates for the use of the narcotic replacement drugs Methadone and LAAM.
- HSC Section 11758.46(b) specifies DMC services that are reimbursable through the Medi-Cal program.

- WIC Section 14021.9(b) states that for FY 2010-2011, and each fiscal year thereafter, rates for DMC services shall be the lower of the following:
 1. The rates developed by ADP under its normal rate-setting methodologies; or
 2. The rates applicable in FY 2009-2010 adjusted for the cumulative growth in the Implicit Price Deflator for the Costs of Goods and Services to Governmental Agencies, as reported by the Department of Finance.

Proposed changes to Title 22, CCR Section 51516.1 include the following:

Section 51516.1(a)(3):

- Revisions to this subsection will add the statewide maximum allowances (SMAs) for DMC substance abuse program services for FY 2010-2011. The specific methodology used to calculate DMC SMAs are described in the document entitled "Drug Medi-Cal Rate Setting Methodology for Non-Narcotic Treatment Programs for Fiscal Year 2010-2011." This document is included in the rulemaking file, which is maintained by the Department's Office of Regulations.

Section 51516.1(g):

- Revisions to this subsection will add the USR rates for narcotic treatment program services for FY 2010-2011. The specific methodology used to calculate narcotic treatment USR rates is described in the document entitled "Narcotic Treatment Program, Uniform Statewide Reimbursement Rates and Methodology, Fiscal Year (FY) 2010-2011." This document is included in the rulemaking file, which is maintained by the Department's Office of Regulations.

DETERMINATIONS

The Department has determined that the emergency regulations will not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by Government Code, Division 4, Part 7 (commencing with Section 17500).

The Department has made an initial determination that the emergency regulations would not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

The Department has determined that the emergency regulations would not significantly affect the following:

- (1) The creation or elimination of jobs within the State of California.
- (2) The creation of new businesses or the elimination of existing businesses within the State of California.
- (3) The expansion of businesses currently doing business within the State of California.

The Department has determined that the emergency regulations would only affect small businesses that voluntarily provide Drug Medi-Cal services.

The Department has determined that the emergency regulations would have no impact on housing costs.
