DHCS – LEA BOP CBEDS Census Day Reminder

Local Educational Agency Medi-Cal Billing Option Program

October 1, 2024

LEA BOP UPDATE

Please do not reply to this e-mail.

To All Local Educational Agency Medi-Cal Billing Option Program (LEA BOP) Providers:

This e-mail is a reminder and requires action by LEA BOP Providers to extract a file containing total LEA student enrollment using their student information systems **tomorrow**, on Wednesday, October 2, 2024. California's State Plan requires participating LEA BOP Providers to identify total student enrollment on a snapshot date (the California Basic Educational Data System census day) and to calculate the Medi-Cal Eligibility Ratio (MER) using October Medi-Cal eligibility data each year.

What you need to know

- The extraction must include all required fields that are necessary to submit the information through the Medi-Cal secure file transfer protocol (MOVEit).
- The LEAs total student enrollment file will be used as the input file in the MOVEit process and will be the denominator in the MER calculation.
- The MOVEit output file will contain the information to determine the numerator in the MER calculation. For students to be included in the numerator, they must be eligible and enrolled in Medi-Cal in October 2024 **and** be Federal Financial Participation (FFP) Qualified with indicator of "Y".
- An updated MER training will be provided in the LEA BOP Quarterly Stakeholder Meeting on October 30, 2024. We will be sending out more information about the Quarterly Stakeholder Meeting via e-blast.
- Reminder! Only submit the student enrollment files through MOVEit to protect students' personally identifiable information. Do not send the student enrollment input file to the LEA inbox.

Why this is important

The MER is calculated annually and contributes to the payment methodology for the CRCS for cost settlement purposes.
