1.0 BACKGROUND INFORMATION

AB1183, chapter 758, statutes of 2008 provided changes to Welfare and Institution code 14105.3 permitting the California Department of Health Care Services (CDHCS) to contract with providers of specialty drugs. The Provider/Biller agrees to provide the Department with the above information requested in order to participate as a specialty pharmacy provider.

2.0 TERMINATION AND WAIVER

The CDHCS or Provider may terminate provider’s participation, with or without cause, by giving 90 days prior written notice of intent to terminate. CDHCS may, however, terminate provider’s participation immediately if it determines that the Provider or Biller has failed or refused to produce or retain source documents in accordance with federal and state law or has failed to comply with any of the other contractual requirements. By requesting participation, provider waives any rights he or she may otherwise have to appeal his or her denial of or termination from participation.

3.0 CHANGE IN STATUS AS A MEDI-CAL PROVIDER

The Provider/Biller and the Department agree that any changes in Provider/Biller status which might affect eligibility to participate in the Specialty Pharmacy Provider Program pursuant to federal and state law shall be promptly communicated to each party.

4.0 MORATORIUM

Eligibility of participating as a Specialty Pharmacy Provider does not exempt the applicant from an enrollment moratorium placed by the Director in accordance with Section 14043.55 of the California Welfare and Institution Code.
