Note: For Fresno, Kings, and Madera county Year 6 and Year 7, the rates shown were in effect 3-1-11 through 10-1-11, at which time CalViva received 60% and Anthem Blue Cross 40% in each of those counties. Until HEDIS measures are able to be determined, the Auto Assignment of defaults for the new rural counties will provide an equal share to each plan in each county, unless there is an administrative reason for a different distribution.

In counties where there is only one plan available, there is no need for Auto Assignment of defaults.
