**MEETING SUMMARY ADDENDUM**

**Due to time constraints the following CCS Program Updates were not presented. Updates are provided below.**

**Title V Needs Assessment**

- Federal legislation dictates Title V Needs Assessments (NA) must occur every 5 years. DHCS is supporting the assessment process; in partnership with the California Department of Public Health (CDPH) who is the lead Title V agency.
- Per Federal recommendation, over the past five (5) years, substantial effort has been put forth to include all Child and Youth with Special Health Care Needs (CYSHCN).
- CYSHCN will be folded into the overall NA without a separate process specific to CCS, and will be reflected in the upcoming NA.
- An in-depth presentation of the NA process will be discussed at the July CCS Advisory Group meeting.

**Guidance Documents**

The following guidance documents have been posted and distributed.

- Continuous Glucose Monitoring Systems Numbered Letter (NL)
- Low Protein Therapeutic Food (LPTF) Information Notice
- Medical Necessity Determination NL

The following guidance documents will be distributed soon for external Stakeholder review and feedback.

- Transplants NL
- WCM NL
- Inter-County Transfer NL
- Medical Therapy Program Duplication of Services NL
- Rheumatology Special Care Center Standards

**Continuous Coverage Unwinding**

- The Consolidated Appropriations Act of 2023 included various Medicaid and Children Health Insurance Program (CHIP) provisions, including changes to the continuous coverage requirement, which no longer links to the COVID-19 PHE as of April 1, 2023.

- Continuous coverage requirements ended on March 31, 2023, and the unwinding of the continuous coverage requirement began April 1, 2023.
- On April 1, 2023, Medi-Cal redeterminations began for individuals with a June 2023 renewal month.
- DHCS' goal is to minimize member burden and promote continuity of coverage.
- DHCS engaged community partners to serve as DHCS Coverage Ambassadors. Coverage Ambassadors are trusted messengers, made up of diverse organizations, that can reach members in culturally and linguistically appropriate ways, and deliver important messages to Medi-Cal members about maintaining Medi-Cal coverage after the Continuous Coverage Requirement ends. Coverage Ambassadors will also connect Medi-Cal members at the local level with targeted and impactful communication.
  - Ambassadors may include, but are not limited to:
    - Local County Offices
    - Health Navigators
    - MCPs
    - Community Organizations
    - Advocates
    - Stakeholders
    - Providers
    - Clinics/Healthcare Facilities
    - Legislative Offices/Other State Agencies
- DHCS is committed to maximizing continuity of coverage for Medi-Cal beneficiaries through the course of the Continuous Coverage Unwinding Period. A key goal is to keep the Continuous Coverage Unwinding process as simple as possible for county eligibility offices. When Counties and MCPs have contact with a beneficiary or their family, updated beneficiary contact information should be obtained.
- Medi-Cal members can visit [KeepMediCalCoverage.org](https://www.dhcs.ca.gov/Programs/Pages/KeepMediCalCoverage.aspx) to update their information, find their local county office or sign up to receive email/text updates from DHCS.

### **CCS/WCM Dashboard and Workgroup Update**

- The integrated CCS/WCM Dashboard and CCS/WCM Quality Dashboard can be located at [WCM Dashboard \(ca.gov\)](https://www.dhcs.ca.gov/Programs/Pages/WCM-Dashboard.aspx)
- The CCS Quality Metrics Workgroup will work with external stakeholders to identify and improve health outcomes and quality of care for children and youth.
- The statewide Medi-Cal Child Core Set Measures presentation from the January CCS Advisory Group meeting is currently available at [WCM Dashboard \(ca.gov\)](https://www.dhcs.ca.gov/Programs/Pages/WCM-Dashboard.aspx).
  - The Core measure set dashboard will evolve as a result of the CCS Quality Metrics Workgroup.
