### 6A. INTRODUCTION

#### 1. PURPOSE

Federal Medicaid regulations prohibit federal financial participation (FFP) for certain individuals due to institutional status. Medi-Cal is not available to an inmate of a public institution. This article will distinguish for both adults and juveniles who is an inmate of a public institution for purposes of Medi-Cal eligibility.

#### 2. BACKGROUND

42 United States Code (U.S.C.) Section 1396d(a)(24)(A) and 42 Code of Federal Regulation (CFR) Section 435.1008(a)(1) state that Federal Financial Participation (FFP) is not available in expenditures for services provided to individuals who are inmates of public institutions. 42 CFR Section 435.1009 states that an inmate of a public institution is a person who is living in a public institution.

Under new federal guidelines from the Health Care Financing Administration (HCFA), dated January 13, 1992, to the Director of the Arizona Health Care Cost Containment System, the term "inmate of a public institution" was further defined for purposes of Medicaid eligibility under Title XIX of the Social Security Act (SSA). The guidelines clarify that an individual is considered an "inmate of a public institution" from the date of actual incarceration in a prison, county, city or tribal jail until permanent release, bail, probation or parole.

Under the Social Security Act (SSA) Section 1905(a)(24)(A) and (B), Medi-Cal is not available for any individual under age 65 in an institution for mental diseases (IMD), but is available for inpatient psychiatric services for individuals under age 21 and up to age 22 if the services were begun prior to the 21st birthday.

For persons between 21 (or under certain conditions 22) and 65 years of age who are inmates of a mental institution, the state or county mental health system is responsible. For persons of any age who are detained under the penal system, the responsible third party is the penal institution or administration who retains authority over the individual. Under Section 4011.1 of the Penal Code a county may choose to cover prisoners under the county medical program; however, such coverage is optional. If a county does not choose to cover prisoners, the medical provider must collect directly from the penal authority, i.e., city jail for city prisoners, county jail or sheriff's office for county prisoners, etcetera.

#### 3. NOTICES OF ACTION

Since Title 22, California Code of Regulations (CCR), Section 50273, precludes Medi-Cal eligibility for certain institutionalized individuals from the date of entry into an institution through the date of release, a ten-day Notice of Action (NOA) is not required prior to discontinuance as discontinuance due to entry into an institution is not considered an adverse action (Title 22, CCR, Section 50015). County welfare departments should immediately discontinue individuals found to be institutionalized with an appropriate NOA and request return of the Medi-Cal card.

## MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION

### 4. IMPLEMENTATION

The new HCFA guidelines which clarified the federal statute were sent to all county welfare departments on July 7, 1993. A retroactive period of one year previous to this date was granted for any case which resulted in a wrongful denial of Medi-Cal eligibility based upon institutional status. This would include any case wherein the final determination of ineligibility was made during the time period July 7, 1992 until July 7, 1993.

### 6B. PUBLIC INSTITUTION

#### 1. DEFINITION

Public (non-medical) institution means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

#### 2. NOT INCLUDED IN PUBLIC INSTITUTION

The following facilities are not public institutions and FFP is possible:

- a medical institution;
- an intermediate care facility;
- a publicly operated community residence that serves no more than 16 residents; or
- a child care institution:
  - for children who receive foster care payments under Title IV-E of SSA;
  - for children who receive AFDC-foster care under Title IV-A of SSA;
  - that accommodates no more than 25 children;
- an institution for the mentally retarded or persons with related conditions (chronic disability attributable to cerebral palsy or epilepsy or any other condition other than mental illness closely related to mental retardation);
- a community care facility (H&S Code, Sec. 1502): Any facility, place, or building which is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children. FFP is possible.
  - Residential Facility - family home, or group care facility for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for protection of individual.
  - Adult Day Care Facility - provides nonmedical care to persons 18 years of age or older in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for protection of individual on less than 24-hour basis.
  - Therapeutic Day Services Facility - provides nonmedical care counseling, educational or vocational support, or social rehabilitation services on less than

24-hour basis to persons 18 years or under who would otherwise be placed in foster care or are returning to family from foster care.

- Foster Family Home - residential facility which provides 24-hour care for six or fewer foster children and is the residence of the foster parent or parents, including their family.
- Small Family Home - residential facility which provides 24-hour care to six or fewer foster children who have mental disorders or developmental or physical disabilities and who require special care and supervision as a result of their disabilities. This home can also accept children without special health care needs.
- Social Rehabilitation Facility - a residential facility which provides social rehabilitation services for no longer than 18 months in a group setting to adults recovering from mental illness who temporarily need assistance, guidance, or counseling.
- Community Treatment Facility - residential facility which provides mental health treatment services to children in a group setting.

3. The following facilities may be publicly operated community residences that serve no more than 16 residents, but they are not eligible for FFP:

- residential facilities located on the grounds of or adjacent to any large institution (no FFP);
- correctional or holding facilities for prisoners or individuals being held under court order as witnesses or juveniles (no FFP);
- detention facilities, forestry camps, training schools or any other facility for children determined to be delinquent (no FFP); or,
- educational or vocational training institutions that provide an accredited program for its residents (no FFP).

**[NOTE:** Persons who reside in public institutions in order to receive educational or vocational training provided by the facility (e.g., a state school for the blind) are not considered to be "inmates" of public institutions and are therefore entitled to Medi-Cal coverage if they are otherwise eligible.]

### 6C. INMATES OF A PUBLIC INSTITUTION

Counties must consider both the facility and the person's circumstances when making a Medi-Cal determination of eligibility for either a juvenile or an adult who is incarcerated or placed in any type of public institution. In making these determinations, follow the guidelines below as well as the chart in Section 6E:

**1. THE FOLLOWING ARE CONSIDERED INMATES OF A PUBLIC INSTITUTION (ADULT OR JUVENILE) AND ARE NOT ELIGIBLE FOR MEDI-CAL:**

- a. An inmate in a prison;
- b. An inmate of a county, city, or tribal jail; or,
- c. An inmate in a prison or jail:
  - Prior to arraignment;
  - Prior to conviction; or,
  - Prior to sentencing.

Unless they are out on bail or own recognizance (OR).

- d. An individual who is incarcerated, but can leave prison or jail on work release or work furlough and must return at specific intervals.
- e. Individuals released from prison or jail due to a medical emergency who would otherwise be incarcerated but for the medical emergency.
- f. A minor in a juvenile detention center prior to disposition (judgment) due to criminal activity.
- g. A minor placed on probation by a juvenile court on juvenile intensive probation with specific conditions of release, including residence in a juvenile detention center.
- h. A minor placed on probation by a juvenile court or on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is part of the criminal justice system.

**2 THE FOLLOWING ARE NOT INMATES OF A PUBLIC INSTITUTION AND ARE ELIGIBLE FOR MEDI-CAL:**

- a. An individual who, after arrest but before booking, is escorted by police to a hospital for medical treatment and held under guard.
- b. An individual in prison or jail who transfers temporarily to a halfway house or residential treatment facility prior to a formal probation release order.

---

## MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION

---

- c. An individual released from prison or jail on probation, parole, or release order; with a condition of:
  - home arrest;
  - work release;
  - community service;
  - outpatient treatment; or,
  - inpatient treatment.
- d. Individuals released from prison or jail under a court probation order due to a medical emergency.
- e. Individuals who are patients in an institution for mental diseases (IMD) are immediately eligible for Medi-Cal upon transfer or discharge to a medical facility certified under Title XIX of the Social Security Act if they are otherwise eligible. This would include periods of conditional release or convalescent leave from the IMD.
- f. Juveniles between the ages of 21-22 in an IMD who were institutionalized prior to their 21st birthday will be eligible until they reach their 22nd birthday, as long as they remain continuously institutionalized and continue to receive inpatient psychiatric care.
- g. A minor in a juvenile detention center prior to disposition (judgment) due to care, protection or in the best interest of the child (e.g., Child Protective Services) if there is a specific plan for that person that makes the stay at the detention center temporary. This could include those juveniles awaiting placement but still physically present in juvenile hall.
- h. A minor placed on probation by a juvenile court on juvenile intensive probation with home arrest restrictions.
- i. A minor placed on probation by a juvenile court on juvenile intensive probation to a secure treatment facility contracted with the juvenile detention center if the secure treatment facility is not part of the criminal justice system.
- j. A minor placed on probation by a juvenile court or on juvenile intensive probation with treatment as a condition of probation:
  - in a psychiatric hospital;
  - in a residential treatment center; or,
  - as an outpatient.

### 3. INMATES UNDER PENAL CODE SECTIONS 1367, 1370, and 1372

- a. **Penal Code 1367:** Those charged with a misdemeanor, but who are incompetent to stand trial, and who will be treated by a mental health facility.

---

## MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION

---

Penal Code Section 1367 provides that "A person cannot be tried or adjudged to punishment while that person is mentally incompetent." If the judge finds reason to believe that the defendant may be incompetent to stand trial, he/she may order that the defendant be referred for 72-hour treatment and evaluation. Defendant continues to be an inmate of a public institution and ineligible for Medi-Cal. If evaluation results in placement in a mental health facility for treatment, then the individual is not eligible for Medi-Cal unless he/she is under age 21 or over 65. If the individual is referred for outpatient treatment, he would not be living in the institution and could be eligible for Medi-Cal.

- b. **Penal Code 1370:** A Murphy Conservatorship may be established if a state hospital patient charged with a specified serious felony is not restored to competence upon expiration of a Penal Code 1370 commitment. The establishment of a Murphy Conservatorship ends the Penal Code commitment, regardless of the expiration date of the Penal Code 1370 commitment. A Murphy Conservatorship requires the determination that the patient is gravely disabled in accordance with Welfare and Institutions Code (WIC) Section 5008 (h)(1). This state hospital patient could not be eligible for Medi-Cal if he/she were between the ages of 21-65, unless the individual was in the hospital before the age of 21 continuously to the age of 22. Then he/she could be eligible for Medi-Cal.
- c. **Penal Code 1372:** Those felons incompetent to stand trial, previously treated at the state hospital, but whose competency has been restored and are returned to the Inpatient Unit to stand trial. When a defendant is returned to court with a certification that competence has been regained, the court shall determine whether the person is entitled to be admitted to bail. An individual who is released from incarceration on bail is not an inmate of a public institution, and may be eligible for Medi-Cal. If not released on bail, the individual is likely to be held in a prison or jail prior to conviction or sentencing. The individual would then be an inmate of a public institution, and would not be eligible for Medi-Cal.

### 6D. JUVENILES

In determining the Medi-Cal eligibility of juveniles, HCFA distinguishes between the nature of the detention, pre and post disposition situations, and types of facilities.

#### 1. **Prior to Disposition**

A juvenile who is in a detention center due to criminal activity is an inmate of a public institution.

A juvenile who is in a detention center due to care, protection, or in the best interest of the child is not an "inmate of a public institution" if there is a specific plan for him/her that makes the stay temporary.

#### 2. **After Disposition**

Juveniles on intensive probation with a plan of release which includes residence in a detention center are "inmates of a public institution." However, if the juvenile is placed on intensive probation in a secure treatment facility, he is an "inmate of a public institution" if the facility is part of the criminal justice system.

#### 3. **Nature of the Facility**

The nature of the facility is extremely important in determining Medi-Cal eligibility because federal regulations at 42 CFR 435.1008 prohibit FFP to "inmates of public institutions". 42 CFR 435.1009 defines a public institution. Publicly operated community residences that serve no more than 16 residents are excluded from this definition, and FFP is allowed for these facilities. In making an eligibility determination, both the status of the juvenile and the facility must be taken into consideration. The juvenile is not eligible if he/she is a resident of a public institution.

#### EXAMPLE:

A juvenile is detained for criminal activity. He is placed on probation with specific conditions of release, including a stay of 30 days or longer at a detention facility. The facility is identified as a juvenile detention center, not a treatment center. Upon release from this detention center, he would be placed on probation with his mother. Because of the nature of his/her custody and the nature of the facility as a detention center (public institution), he/she is not eligible for Medi-Cal. The juvenile is living in a public institution and is not eligible for Medi-Cal during the period of incarceration. After release from the detention center and while on probation, the juvenile may be eligible for Medi-Cal.

Do not consider that a short stay in a detention facility as set forth above is a temporary placement pending other arrangements. Under HCFA guidelines, this would be incorrect. Incarceration in a detention center due to criminal activity makes the juvenile an inmate of a public institution and ineligible for Medi-Cal.

### 4. Foster Care

The purpose of the Foster Care Program is to provide financial and medical assistance for those children who are in need of substitute parenting and who have been placed in foster care -- that is, outside of the home of the parents or legal guardian. Foster Care placement may be in a relative's or non-relative's home as well as a ranch, institution, group home, or the like.

Foster Care children are automatically eligible for Medi-Cal after utilizing whatever other health coverage is available. This is clarified in Section 903 of the Welfare & Institutions Code, Liability for Costs of Support.

The Medi-Cal Program automatically grants a Medi-Cal card to children in Foster Care, and providers are instructed to bill the Medi-Cal program first. Medi-Cal pays the provider of service first, and then Medi-Cal seeks repayment from the other health coverage.

Foster Care children are excluded from being classified as an "inmate of a public institution" when such children are temporarily in an institution pending more suitable arrangements such as Foster Care placement in a foster family or group home. Specifically, this includes a minor in a juvenile detention center prior to disposition (judgment) due to care, protection or in the best interest of the child (e.g., Child Protective Services) if there is a specific plan for that person that makes the stay at the detention center temporary. This could include those juveniles awaiting placement but still physically present in juvenile hall.

### 5. Emergency Assistance (EA) Program

The EA program is a federally funded program under Title IV-A of the Social Security Act. Federal funding of 50 percent (50% federal/50% county) is available for a period of up to 12 months or until the emergency is over, whichever is less, for children under the age of 21 in accordance with 45 CFR 233.120. Eligibility for EA requires that an emergency must exist within the family in order for a child to be considered eligible for assistance.

There are two distinct definitions of an "emergency" that apply to probation cases and child welfare services cases. The definition of an emergency for a probation case is "a child's behavior that results in the child's removal from the home and a judicial notice that the child must remain in out of home care for more than seventy-two judicial hours." The definition of an emergency for a child welfare services case is "a child is at risk of abuse, neglect, abandonment or exploitation".

The Medi-Cal program has implemented two new aid codes to be used for the EA Foster Care portion of the EA program:

- 4K - for probation cases which result in out-of-home non-federal Foster Care; and,
- 5K - for children at risk of abuse, neglect, abandonment, or exploitation placed in out-of-home non-federal Foster Care.

Children receiving EA services who are temporarily detained in an institution, such as a county operated juvenile assessment center or residential treatment facility pending foster care placement, are prohibited from being placed into the 4K (Probation) or 5K (Child Welfare Services) aid codes. These children, if determined Medi-Cal eligible, will remain in aid code 45.

### **6. Sample Disposition Orders**

#### **Exhibit A - Probation to Correctional Facility**

A sample court order for a minor ordered to a juvenile detention center for a temporary period pending placement. This minor is not eligible for Medi-Cal because the facility is part of the criminal justice system.

#### **Exhibit B - Sentence to Correctional Facility**

A sample court order for a minor committed to a correctional facility to serve a sentence--CTC for five days. This minor is not eligible for Medi-Cal because he/she has been sentenced to a correctional facility for criminal activity.

#### **Exhibit C - Placement in Foster Care**

A sample court order for a juvenile placed on probation and ordered to suitable placement. If placement is in foster care and not a correctional facility, this minor is eligible for Medi-Cal.

#### **Exhibit D (1) - (9) - Sample Court Orders**

Because of the diversity of juvenile and adult court orders and the judgments rendered and/or specific situations pertinent to each individual case, several orders are included to demonstrate that each must be read individually to determine Medi-Cal eligibility.

THE MATTER COMES BEFORE THE COURT FOR:  
Original Supplemental 602/777 petition filed MAY 26, 1992.

THE COURT FINDS:  
Court has read and considered the report of the Probation Officer dated JULY 13, 1992 and the report is admitted into evidence by reference.  
Reasonable efforts have been made and will continue to be made to prevent or eliminate the need for removal of the minor from his/her home and make it possible for the child to return to his/her home.  
NOTICE has been given as required by law; the MINOR'S NAME and BIRTHDATE are VERIFIED and the minor's LEGAL RESIDENCE is SAN DIEGO County.  
Court finds that the case plan is appropriate.  
The reunification plan is appropriate, reasonable and likely to be successful in alleviating the causes that brought this matter before the Court.  
The return of said minor to the custody of the parent(s)/ guardian(s) would create a substantial risk of detriment to said minor's physical and emotional well being.  
Termination of parental rights would be detrimental to the child because the minor objects to termination of parental rights.

THE COURT ORDERS:  
Said person is continued a ward pursuant to WIC 602.

The parent(s)/guardian(s) shall comply with the reunification plan.

Visitation is to be at the discretion of the Probation Officer.  
Custody is taken pursuant to WIC 726(b). The ward has been tried on probation and failed to reform.  
Minor is placed in a suitable licensed residential facility. Name: PER PROBATION.  
The County Treasurer is authorized to pay for care and maintenance, clothing and incidentals, at the prevailing rate for a period of 30 days from the placement, pending granting or reinstatement of AFDC funds through the Department of Social Services.  
Nothing in this order shall be construed to relieve the responsible relatives of their legal obligation to support ward.  
County Treasurer shall pay travel and incidental expenses for the minor and Probation Officer, as necessary.  
Minor shall submit his/her person, property, vehicle, and any property under his/her immediate custody or control to search at any time, with or without probable cause, with or without a search warrant whenever requested to do so by any law enforcement or Probation Officer.  
Minor is ordered DETAINED IN JH, JLY, OR CWO AT P.O.'S DISCRETION.  
MINOR TO ATTEND COUNSELING AT SCHOOL, TO INCLUDE ANGER CONTROL. MOTHER ORDERED TO RETURN ON 1/13/93 AND 5/18/93. DEPT. TO USE BEST EFFORTS TO HAVE MINOR PLACED AT A FACILITY IN SAN DIEGO. IF PLACED IN SAN DIEGO, MINOR AND MOTHER TO ATTEND FAMILY COUNSELING.  
The matter is set for FIFTEEN DAY REVIEW HEARING (74632) on JULY 27, 1992 at 8:30 AM in Dept. 03.

#### REASON:

On 12-20-91, the minor was discharged from Mesa Vista Hospital and returned to Juvenile Hall. Dr. Greenberg feels that she should be hospitalized again and possibly remain so until placement. His plan is to contact CMH and transfer Lisa to the Child & Adolescent Unit when she is ready for discharge from Mesa Vista. ### 6E. INSTITUTION FOR MENTAL DISEASES (IMD)

#### 1. Definition

IMD's are defined in federal law as:

42 USC Section 1905(i): The term "institution for mental diseases" means a hospital, nursing facility, or other institution of more than 16 beds, that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services.

42 CFR Section 435.1009: Institution for mental diseases means a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services. Whether an institution is an institution for mental diseases is determined by its overall character as that of a facility established and maintained primarily for the care and treatment of individuals with mental diseases, whether or not it is licensed as such. An institution for the mentally retarded is not an institution for mental diseases.

#### 2. Identification of an IMD

The final determination of a facility's status depends on whether its overall character is that of a facility established and/or maintained primarily for the care and treatment of individuals with mental diseases. HCFA uses the following guidelines in evaluating the overall character of a facility under the Medicaid statute and regulations:

- The facility specializes in providing psychiatric/psychological care and treatment. This may be ascertained through review of patients' records. It may also be indicated by the fact that an unusually large proportion of the staff has specialized psychiatric/psychological training or that a large proportion of the patients are receiving psychopharmacological drugs;
- The facility is under the jurisdiction of the State's mental health authority;
- The current need for institutionalization for more than 50 percent of all the patients in the facility results from mental diseases;

In some cases, multiple components may be involved, and it may be necessary to apply further guidelines to identify the institution to be assessed. Components may be certified as different types of providers, such as nursing facilities and hospitals, and are considered independent of each other. Once a component is determined to be independent, the IMD criteria can be applied to that component unless it has 16 or fewer beds.

#### 3. IMD Exclusion

Section 1905(a) of the Social Security Act states that FFP is not available for any medical assistance under Title XIX (Medi-Cal) for any individual under age 65 who is a patient in an IMD unless the payment is for inpatient psychiatric services for individuals under age 21. However, an

---

## MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION

---

individual who has been receiving inpatient psychiatric services prior to his/her 21st birthday and continues to receive such services may be eligible for Medi-Cal benefits.

Individuals who are patients in an IMD may be immediately eligible for Medi-Cal benefits upon transfer or discharge to a medical institution that is certified under Title XIX, provided that all factors of eligibility are met. Under 42 CFR 435.1008, the IMD exclusion does not apply during the part of the month the individual is not a patient in an IMD. This includes periods of conditional release or convalescent leave.

#### 4. IMD's in California

In 1986, HCFA set forth the criteria for determining whether facilities were IMD's. California's mentally disabled population had been cared for in skilled nursing facilities (SNF's). SNF's serving the mentally disabled had special treatment programs (STP) certified by the California Department of Health Services and the California Department of Mental Health. HCFA determined that these SNF/STP facilities were IMDs, and that FFP for inpatient psychiatric care and services under the Medi-Cal program was not available for residents under age 65.

**The following list of facilities in California have been determined to be IMD's by HCFA:**

## **MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION**

---

consumers, and interested constituency groups have formed a Managed Health Care Steering Committee, which was established to develop and implement a managed care program for mental health which would initiate a new service delivery system for the state's Medi-Cal beneficiaries. This program will be a separate special mental health system for present fee-for-service Medi-Cal beneficiaries who now receive acute psychiatric inpatient services, long term care in specialized psychiatric programs, and mental health services delivered by psychiatrists and psychologists. It is planned that counties will cooperate and choose to participate in this plan. State general fund dollars will be used as matching funds for fee-for-service Medi-Cal specialty mental health services allocated to the county. Each plan will receive funding on a monthly basis for each Medi-Cal beneficiary regardless of service usage. It is anticipated this program will begin on July of 1997.

### **6G. QUESTIONS AND ANSWERS**

This section contains various questions that have been asked regarding institutional status and our responses to those questions.

#### **QUESTION 1:**

Since there is a real distinction between detention, adjudication, and dispositional orders issued under W&I Code, Section 602, and since Section 50273(a)(2) of the Medi-Cal Eligibility Manual specifically identifies only children detained under Section 602, is a child who is in Juvenile Hall awaiting placement in a foster home or group home as a result of a dispositional order of the Juvenile Court eligible for Medi-Cal benefits since the dispositional court order supersedes the detention orders?

#### **RESPONSE:**

Children who are paroled or placed on probation under Section 602 are not considered to be under a penal hold (see Title 22, CCR, Section 50273(d)). Similarly, children who have completed their sentence, or against whom all charges have been dropped or dismissed, are not considered to be under a penal hold. Such children could be eligible for Medi-Cal even if still physically present in the Juvenile Hall. The MC 250 would be an appropriate application for these children if they are awaiting placement in foster care (Title 22, CAC, section 50161(b)). Any other "disposition order" would require further review to establish eligibility.

Please be advised that a very common problem which occurs with juveniles on probation under Section 602 is that the probation department frequently continues to refer to the juvenile as a "602 child". Eligibility workers should be very careful to accurately ascertain the status of the child prior to completing the eligibility determination. In addition, county probation departments should be advised that the generic term "602 child" is confusing and could lead to an improper denial of Medi-Cal benefits.

#### **QUESTION 2:**

In some counties a court may review an arrested juvenile's record and decide to place the child in an alternative living arrangement under the supervision of the probation department without sentencing the child or placing the child on probation. Is such child eligible for Medi-Cal?

#### **RESPONSE:**

Such juveniles are generally first-time offenders or repeat offenders the court believes would benefit from removal from an abnormal home situation or from severance of past associations. In any case the court order will generally dispose in some way of the charges brought against the child, i.e., drop the charges, suspend the sentence, place the child on probation, etc. These children would be eligible.

#### **QUESTION 3:**

Is a "602 child" in a mental institution eligible?

---

## MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION

---

### **RESPONSE:**

A child placed by the court in a mental institution for pretrial or presentencing observation or who is sentenced to a mental institution is not eligible. Similarly, a child sentenced to Juvenile Hall or other correctional facility and then transferred to a mental institution due to abnormal behavior is not eligible. A child on probation against whom the charges have been dropped or the sentence suspended or completed is eligible.

### **QUESTION 4:**

Are juveniles arrested and incarcerated under Penal Code sections, rather than Section 602 of the W&I Code, eligible?

### **RESPONSE:**

Anyone of any age who is arrested and incarcerated is ineligible regardless of the Code section used. However, most juveniles will initially be arrested under Section 602 even though they may later be charged as adults if the court so decides.

### **QUESTION 5:**

A minor child is sentenced to a term of incarceration. However, due to inadequate space in the juvenile detention center, the child is temporarily placed in a foster home pending available space in the detention center. Is this child eligible?

### **RESPONSE:**

The child is ineligible. The penal authority retains full responsibility for the child, and anyone serving a sentence and not formally released is ineligible.

### **QUESTION 6:**

Are adult offenders sentenced to mental institutions eligible?

### **RESPONSE:**

No. An adult over 21 and under 65 years of age is never eligible when residing in a mental institution. Persons over 65 years of age who are sentenced to a mental institution are not eligible as such persons are considered to be an inmate of an institution. Persons institutionalized prior to their 21st birthday are eligible until they are 22 as long as they remain continuously institutionalized.

### **QUESTION 7:**

Are pregnant women serving sentences in jail or prison eligible?

---

## **MEDI-CAL ELIGIBILITY MANUAL - PROCEDURES SECTION**

---

### **RESPONSE:**

No. Care for such women is the responsibility of the jail or prison. However, once born the child is eligible even if living with the mother in the jail or prison as the child has committed no criminal offense and is not sentenced to the jail/prison regardless of the living arrangement.

### **QUESTION 8:**

Are persons sentenced under alternative sentencing methods eligible?

### **RESPONSE:**

Eligibility depends on the wording of the sentence rendered by the court as well as the legal responsibility of a law enforcement agency. In short, to be eligible, the sentence rendered by the court must include the periodic release of the individual and the individual must be released from the jurisdiction of the law enforcement agency for periods of not less than 24 consecutive hours with the law enforcement agency retaining no responsibility for the needs of the individual during that period. Several examples are set forth below:

#### **EXAMPLE A:**

An individual is sentenced by the court to serve a term in jail. The sentence provides that the individual is to be permitted to leave the jail daily to attend or go to work; however, the individual must return to the jail after work or school each day and remain incarcerated on weekends, holidays, etc.

#### **RESPONSE A:**

This individual is not eligible while serving the sentence. The penal authority retains the responsibility for the individual's care and support.

#### **EXAMPLE B:**

An individual is sentenced to jail only on weekends but is not incarcerated during the week by order of the court.

#### **RESPONSE B:**

This individual is eligible only during the week and becomes ineligible every weekend. The penal authority is only responsible for the individual's care on weekends.

#### **EXAMPLE C:**

A married couple is sentenced to jail. However, due to the presence of minor children in the home, the court orders that each parent be released on alternate weeks so that one parent is available to care for the children.

---

### **RESPONSE C:**

Each parent is eligible for the weeks spent in the home and ineligible for any week in which he/she is incarcerated.

### **EXAMPLE D:**

An individual is sentenced to be incarcerated for a given period with no provision for temporary release as described above. The penal authority chooses to place the individual in such a program without confirmation by the court, alteration of sentence, formal parole, or probation.

### **RESPONSE D:**

The individual is not eligible. The penal authority has not been released from responsibility for the individual's care.

### **EXAMPLE E:**

An individual is sentenced to perform community service work in lieu of incarceration. The individual resides at home, performs his/her community service, and is (usually) loosely supervised to ensure compliance with the sentence.

### **RESPONSE E:**

This individual is eligible. The individual is not the financial responsibility of a penal authority until and unless the individual fails to comply with the sentence requirements. If the individual fails to comply with the sentence and is, as a result, incarcerated, the individual becomes ineligible.
