

Background

State-Specific Reporting Requirements

Dual Eligible Special Needs Plans (D-SNPs) are Medicare Advantage (MA) plans that provide specialized care and wrap-around services for dual eligible beneficiaries (eligible for both Medicare and Medicaid). To learn more about types of D-SNPs available in California, visit [Medicare Advantage Options for Dual Eligible Beneficiaries](#).

The Centers for Medicare & Medicaid Services (CMS) requires several types of quality reporting for MA plans, which includes D-SNPs. In addition to all federally required MA reporting requirements, the California Department of Health Care Services (DHCS) has state-specific reporting requirements for D-SNPs, including Medi-Medi Plans, referred to here as Exclusively Aligned Enrollment (EAE) D-SNPs, non-EAE D-SNPs, and SCAN's Fully Integrated Dual Eligible Special Needs Plan (FIDE SNP). These requirements are detailed in the Reporting Requirements chapter of the [CY 2024 D-SNP Policy Guide](#) and the [CY 2024 D-SNP Reporting Requirements Technical Specifications](#).

Community-Based Adult Services (CBAS) Measure

The tables below display the data that D-SNPs reported to DHCS on a quarterly basis for the state specific Community-Based Adult Services (CBAS) measure for Contract Year (CY) 2024. The tables display the number of members receiving CBAS services and the number of CBAS referrals, per quarter and by plan. EAE D-SNPs and SCAN's FIDE SNP are required to report this measure.
