Director’s Update
Managed Care Procurement Update

» On October 8, DHCS announced that the release date of the Medi-Cal managed care plan (MCP) Request for Proposal (RFP) has been adjusted from the end of 2021 to February 2, 2022.

» The additional time allows DHCS to continue to review and incorporate the input provided by stakeholders.

» This change will **not** affect the implementation date of January 1, 2024.

» Updates regarding the RFP schedule are posted on the [DHCS website](https://dhcs.ca.gov/).
Managed Care County Plan Model Change Update

» DHCS has conditionally approved all 17 counties/6 MCPs that submitted a letter of intent.

Conditional Approvals:

- Single Plan Counties
  - Alameda County: Single Plan with Alameda Alliance
  - Contra Costa County: Single Plan with Contra Costa Health Plan
  - Imperial County: Single Plan with California Health and Wellness

- COHS with Central California Alliance for Health
  - Mariposa and San Benito counties

- COHS with Partnership HealthPlan
  - Butte, Colusa, Glenn, Nevada, Placer, Plumas, Sierra, Sutter, Tehama, and Yuba counties

- Two-Plan with Health Plan of San Joaquin
  - Alpine and El Dorado counties

» Counties were required to submit the necessary county ordinance to DHCS by October 10.

» DHCS is currently reviewing the ordinances and in early November will post a final list of the counties approved to move forward with a county plan model change.

» Additional information is available at County Plan Model Changes.
Update on Section 1115/1915(b) Waivers
Medi-Cal COVID-19 Vaccinations
(for beneficiaries 12 years of age and older)
Received at least one dose as of October 4, 2021
Percentage of 12+ years old, by county

Note: Medi-Cal beneficiaries are a subset of all Californians
Data is updated biweekly on the DHCS website.
COVID Vaccine Incentive Program

» Vaccine Response Plan ($50 million): Submitted by MCPs to DHCS September 1, 2021.

» Direct member incentives ($100 million): Gift cards up to $50 for members after vaccination.

» Vaccine outcome achievement ($200 million): MCP payments tied to three intermediate outcome and seven vaccine uptake measures.

» Baseline vaccination rate as of August 29, 2021.

» Outcomes evaluated as of:
  » October 31, 2021
  » January 2, 2022
  » March 6, 2022
Vaccine Response Plan Strategies

» Partnerships with:
  » Large-scale events of interest for specific communities (concerts, festivals, events in the park, sports, arts, etc.) for vaccine clinics.
  » EMTs and home health agencies to vaccinate homebound members and caregivers.

» Myths/facts campaigns to counter vaccine hesitancy and misinformation
  » Utilize providers of color and other trusted community members to dispel misinformation.
  » Develop scripts for front line office and health plan member services staff to address misconceptions about the vaccine.

» Provider incentives to enroll in CalVax and for each COVID-19 vaccine given (including pharmacy providers).

» Promote vaccine messaging through platforms frequented by a target population of 12-18 year olds (TikTok, Reddit, etc.).
DHCS Plans for End of COVID-19 Public Health Emergency (PHE) – Member Eligibility

» DHCS is collaborating with community partners to prepare for the conclusion of the federal COVID-19 PHE.

» DHCS is releasing policy guidance to counties related to processing outstanding case work in two phases:
  » Phase 1- Preparation activities during the COVID-19 PHE
  » Phase 2- Resumption of operations after the COVID-19 PHE Ends

» The Center for Medicare & Medicaid Services (CMS) issued guidance allowing states 12 months to process outstanding case work once the COVID-19 PHE ends, and requiring a redetermination of Medi-Cal eligibility based on current household information.
  » Most Medi-Cal beneficiaries will be redetermined during scheduled annual renewals following the end of the COVID-19 PHE.
DHCS Plans for End of COVID-19 PHE – Member Eligibility (cont.)

DHCS initiated several outreach strategies to obtain updated beneficiary information and keep beneficiaries informed about the COVID-19 PHE impacts on their Medi-Cal eligibility, including:

» Created global outreach materials, including social media posts, website banners, sample flyer language, and phone scripts, to be used by other state departments, local county offices, Medi-Cal health plans, and community-based organizations to encourage beneficiaries to report changes.
  » MEDIL 21-21 published on 10/1/21

» In late October, a beneficiary outreach letter and FAQs regarding counties resuming case processing will be sent.

## Enhanced Care Management (ECM) and Community Supports: Current and Future

### CURRENT PROGRAMS

**Whole Person Care (WPC)**
- Limited pilot program supported across delivery systems (Medi-Cal managed care, fee-for-service, or uninsured)
- Administered by county-based “Local Entities”

**Health Homes Program (HHP)**
- Benefit (state plan service) in select counties
- Medi-Cal managed care members only
- Health plan-administered with care management contracted out to providers

### FUTURE SERVICES

**ECM**
- Care coordination as a new managed care benefit
- Medi-Cal managed care members only
- Health plan-administered with care management delivered through community providers

**Community Supports:**
- Optional services, but strongly encouraged
- Medi-Cal managed care plan members only
- Health plan-administered with services delivered through community providers and integrated with ECM
# ECM & Community Supports Implementation Timeline

Beginning on January 1, the ECM go-live will occur in stages, while Community Supports will launch statewide; MCPs in all counties may elect to offer additional Community Supports every six months.

ECM and Community Supports

Completed

• DHCS finalized and released a set of foundational ECM and Community Supports policy documents that incorporate public comments:
  - Final DHCS-MCP Contract Template
  - Final Standard Provider Terms and Conditions
  - Final Model of Care Template
  - Final ECM Key Design Implementation Decisions

• DHCS released additional guidance, informed through stakeholder questions and input, to support the successful implementation of ECM and Community Supports
  • All documents are available on the CalAIM webpage: 
    https://www.dhcs.ca.gov/provgovpart/Pages/CalAIM.aspx

Fall Activities

• DHCS is reviewing managed care health plan model of care submissions to ensure the proposed policies and procedures meet the state’s requirements for ECM and Community Supports.

• DHCS will issue data-related guidance documents that outline standardized reporting elements for ECM and Community Support providers and health plans.

• DHCS will continue supporting ongoing technical assistance activities, including regular engagement with health plans, WPC pilots, providers, and the public.

DHCS focused initial Program Year 1 (Calendar Year 2022) funding on priority areas, including capacity building, infrastructure, Community Supports take-up/offerings by MCPs, and quality.
DHCS will use a biannual payment cycle to issue $600 million in payments to MCPs in PY1 (CY 2022). The first payment will be tied to the MCP’s submission of a Needs Assessment and Gap-Filling Plan, and the second payment will be tied to the MCP’s progress against their Gap-Filling Plan.

Winter 2021
- MCPs Submit Needs Assessment and Gap-Filling Plan
  - Measures tied to each priority area for PY1

February 2022
- DHCS Issues Payment 1
  - 50% of PY1 available dollars
  - Payment 1 is an upfront advance
  - DHCS may recoup a portion of the advance from MCPs that fail to achieve a minimum level of effort

Fall 2022
- MCPs Submit Gap Assessment Progress Report
  - Measures tied to each priority area for PY1
  - MCPs to show progress against Gap-Filling Plans

December 2022
- DHCS issues Payment 2
  - 50% of PY1’s available dollars
What is PATH?

California’s 1115 demonstration renewal and amendment request includes expenditure authority for the “Providing Access and Transforming Health” (PATH) program to take the state’s system transformation to the next phase, refocusing its uses to achieve the CalAIM vision. DHCS is seeking $1.8 billion in federal support to maintain, build, and scale the capacity necessary to ensure successful implementation of CalAIM.*

Managed Care Benefit Standardization

**Background**
Medi-Cal managed care exists statewide, but operates under six different model types that differ based on whether certain benefits are part of the Medi-Cal managed care plan's responsibility or provided through a different delivery system.

**Goals**
DHCS is standardizing the benefits that are provided through Medi-Cal MCPs statewide, so that regardless of a beneficiary's county of residence or plan in which they are enrolled, they will have the same set of benefits delivered through their MCP as they would in another county or plan.

**Benefits**
- Beneficiaries **no longer have to deal with confusion** that may arise when moving counties/plans (e.g., different benefits covered by their new plan).
- Standardization **reduces administrative burdens and challenges** associated with developing capitation payment rates on a county-by-county and plan-by-plan basis.

# Mandatory Managed Care Enrollment

## Background

The Medi-Cal program provides benefits through both a fee-for-service (FFS) and managed care delivery system. Enrollment into one of two systems is based upon specific geographic areas, the health plan model, and/or the aid code for which the beneficiary is determined to qualify.

## Goals

Starting in January 2022, select aid code groups and populations will transition into mandatory managed care enrollment or mandatory FFS enrollment.

## Benefits

- Mandatory managed care enrollment will **standardize and reduce the complexity of the varying models of care delivery** in California.
- Medi-Cal MCPs can **provide more coordinated and integrated care and provide beneficiaries with a network of primary care providers and specialists**.
- DHCS can move to a regional rate setting process to **reduce excessive administrative work**.

Comprehensive Quality Strategy and Equity Roadmap
Quality Strategy Goals*:

» Engage members as owners of their own care.
» Keep families and communities healthy via prevention.
» Provide early interventions for rising risk and patient-centered chronic disease management.
» Provide whole person care for high-risk populations, addressing drivers of health.

*All Quality Strategy content in this presentation is in DRAFT form and subject to change after formal public comment period
Quality Strategy Guiding Principles

» Eliminating health disparities through anti-racism and community-based partnerships.
» Data driven improvements that address the whole person.
» Transparency, accountability, and member involvement.
Clinical Focus Areas

- Children’s preventive care
- Behavioral health integration
- Maternity outcomes and birth equity
Bold Goals: 50% by 2025

» Ensure all health plans exceed the 50th percentile for all children’s preventive care measures.

» Close racial/ethnic disparities in well-child visits and immunizations by 50% (state level).

» Close maternity care disparity for Black and Native American persons by 50% (state level).

» Improve maternal and adolescent depression screening by 50% (state level).

» Improve follow up after emergency department visit for mental health or substance use disorder by 50% (state level).
QUALITY/HEALTH EQUITY IMPROVEMENT FRAMEWORK

**Driving Change**
- Focused initiatives to drive transformation/innovation
- Innovative metrics, process measures, bundles
- Incentives if met (financial or otherwise)
- Example uses: CalAIM incentive programs, COVID19 vaccine incentive program, QIP optional metrics

**Foundation:**
- Creates a standard across programs/plans
- Fundamental outcome/access measures
- Minimum performance levels & improvement targets
- Penalties if not met
- Example uses: QIP required metrics, MCAS, auto-assignment algorithm
Health Equity Domains

- Managed Care/FFS (including CCS)
- Dental
- Behavioral Health
- School Based Services
- HCBS/1915c Delivery System
- CalAIM & Quality Strategy
- Alignment With Public Health
Health Equity Vision

» **Data collection and stratification:** Complete, accurate data on REAL SOGI information for Medi-Cal beneficiaries will be utilized to illuminate and address health care inequities across DHCS programs.

» **Workforce diversity and cultural responsiveness:** Medi-Cal workforce, at all levels, should reflect the diversity of the Medi-Cal beneficiary population and *always* provide culturally and linguistically appropriate care.

» **Reducing health care disparities:** Eliminate racial, ethnic, and other disparities within the Medi-Cal population, and support policy efforts to eliminate disparities, largely driven by social determinants of health, between Medi-Cal beneficiaries and commercial populations.
Proposed Equity Metrics for 2022

» Colorectal cancer*
» Controlling high blood pressure*
» HgbA1c for persons with DM*
» Prenatal and postpartum care*
» Child and adolescent WCV*
» Childhood immunizations
» Adolescent immunizations
» Follow up after emergency department visit for mental illness and substance use disorder (SUD) (include adolescent measure if available)
» Perinatal and postpartum depression screening

*Metrics recommended by National Committee for Quality Assurance for stratification by race/ethnicity
Health Equity Roadmap: Next Steps

» **Skeleton Roadmap:** Inventory of current and planned DHCS efforts (CalAIM, HCBS Spending Plan, 2021-22 Budget) complete.

» **Full Roadmap:** Formal co-design working group, including beneficiaries from marginalized populations, community-based organizations, and other stakeholders, to identify gaps in current work and develop a full roadmap with recommendations for future goals.

Improved Transparency, Accountability, and Member Involvement

» Creating an organizational structure that supports accountability.
» Standardizing elements of monitoring and compliance across programs.
» Creating a proactive monitoring structure to assess managed care performance, including public data.
» Enhanced county oversight (in BH, Medi-Cal eligibility and enrollment, and CCS program).
» Member engagement at all steps, including with Quality Strategy review process.
