FINAL NOTICE OF MONETARY SANCTIONS AND EFFECTIVE DATE FOR FAILURE TO MEET MINIMUM PERFORMANCE LEVELS FOR MEDI-CAL MANAGED CARE ACCOUNTABILITY SET PERFORMANCE MEASURES AFTER THE MEET-AND-CONFER CONFERENCE

Dear Mr. McNaughton,

On December 13, 2022, the Department of Health Care Services (DHCS) issued a Notice of Imposition of Monetary Sanctions to Inland Empire Health Plan (IEHP) (Notice). Subsequently, IEHP timely requested to meet and confer with DHCS. On January 12, 2023, DHCS met and conferred with IEHP via video conference. At this conference, IEHP presented its concerns, raised questions, and had the opportunity to present information and evidence with respect to the issues raised in that Notice.

Pursuant to Section 14197.7(h) of the Welfare and Institutions Code, DHCS has considered IEHP's concerns and any information it presented, and now issues this Final Notice of Monetary Sanctions and Effective Date for IEHP's failure to meet required minimum performance levels (MPLs) for measurement Year (MY) 2021 Medi-Cal Managed Care Accountability Set (MCAS) performance measures (Final Sanction).

DHCS appreciated the opportunity to discuss this sanction with IEHP. After considering the information presented by IEHP, DHCS has reduced IEHP's sanction from \$374,000 to \$243,000. **This Final Sanction supersedes the Notice issued December 13, 2022, and is made for the reasons set forth below.**

Under its contract with DHCS, IEHP is required to meet or exceed DHCS' established MPLs for each Health Effectiveness Data and Information Set (HEDIS) measure, and

all other required MCAS performance measures. (Exhibit A, Attachment 4, Quality Improvement System, section 9A and 9B).

Successful administration of the Medi-Cal program requires a collaborative partnership between DHCS and Medi-Cal Managed Care Plans (MCPs). This collaboration includes the expectation that MCPs will meet their contractual and programmatic requirements on an ongoing basis. IEHP and DHCS regularly collaborated on strategies for improving the Plan's MCAS performance measures required to meet MPLs.

On July 20, 2022, DHCS received validated MCAS measure rates from the External Quality Review Organization and confirmed that IEHP has 6 plan wide measures below the MPL for reporting year 2022. Under Welfare and Institutions Code (WIC) section 14197.7 and the contract, DHCS has authority to impose monetary sanctions for IEHP's failure to meet or exceed its MPLs for all applicable MCAS performance measures. (Exhibit E, Attachment 2, Program Terms and Conditions, section 16 Sanctions, B; WIC § 14197.7(e)(4).) As noted above, IEHP's contract requires it to meet or exceed the DHCS established MPLs for each MCAS performance measure. (Exhibit A, Attachment 4, Quality Improvement System, section 9A and 9B). IEHP's confirmed failure to meet the MPL as outlined in the contract constitutes good cause for DHCS to impose monetary sanctions. (Exhibit E, Attachment 2, Program Terms and Conditions, section 16 Sanctions, C. 2; WIC § 14197.7(e)(4)).

Under WIC section 14197.7(f), DHCS is authorized to impose a \$25,000 sanction per violation of IEHP's contractual obligation to meet or exceed MPLs for each MCAS performance measure. For violations that impact beneficiaries, each beneficiary impacted constitutes a separate violation. IEHP has the following 6 measures below the MPL for reporting year 2022, which impacted 191,688 beneficiaries, resulting in a total sanction amount of **\$243,000**:

Reporting Unit	Measures*	MPL	MCP Rates	TRENDING Difference from HEDIS MY 2020	Population Impacted (population not served)
Riverside/San Bernardino Counties	CCS	59.12%	54.01%	-8.03%	130,517
	PPC-Pre	85.89%	83.94%	-5.11%	3,608
	CIS-10	38.20%	28.71%	-0.49%	17,940
	IMA-2	36.74%	30.41%	-10.71%	21,268
	W30 -6	54.92%	29.52%	0.65%	7,167
	W30-2	70.67%	54.93%	-6.12%	11,188

*Please see Table 1 for acronym definition

Pursuant to WIC section 14197.7(g) and in accordance with the November 14, 2022 Quality Sanction Bulletin, DHCS has considered the following factors in determining the sanction amount.

- Number of eligible members impacted by the quality of care violation and scope of the harm;
- Degree to which MCP is below each MPL;
- Whether MCP's performance on the MPL(s) at issue has improved or worsened over the previous measurement year; and
- Any other applicable factor under WIC section 14197.7(g).

If IEHP has not previously done so, it must submit a revised comprehensive quality strategy within two weeks of this letter's issuance that includes new interventions designed to meet or exceed the required 2023 milestones, and details how it intends to devote adequate resources and staff to quality improvement.

As DHCS is issuing this Final Sanction after the meet and confer conference pursuant to Welfare and Institutions Code section 14197.7(h), DHCS' meet and confer obligations with respect to these sanctions are exhausted. This sanction is effective as of the date of this letter, and DHCS will provide further instruction regarding payment of the sanction amount in a separate communication. We also have enclosed a Notice of Appeal rights.

Sincerely,

Palav Babaria
Deputy Director, Chief Quality Officer
Quality and Population Health Management
