\*Molina Health Care (Molina) did not meet the requirements of AB 85 in San Bernardino county. Therefore, Molina will receive 25% less of the county total of auto-assigned members through June 2016. All plans are subject to the 25% reduction if they fail to meet the requirements of AB 85. Additional reductions could be imposed effective July 2016 through December 2016. Therefore, the rates listed above are subject to change.

# Since Kaiser has elected not to receive defaulted members; their calculated portion will be distributed to the other plans in each county based on the calculated ratio for each of the remaining plans.

^ Due to insufficient data, the rates for the Regional and Imperial model counties could not be calculated for the Auto-Assignment Incentive Program Year 11. Therefore, each plan operating in these counties will continue to receive an equal distribution of auto-assigned members until all necessary data is available in Auto-Assignment Incentive Program Year 12.
