CBHPC OPERATING POLICIES AND PROCEDURES

1. California Behavioral Health Planning Council Mission, Vision, Guiding Principles & Equity Statement

1.1 Values

All provisions of the CBHPC Operating Policies and Procedures should be evaluated periodically to determine whether they further the Planning Council's principal goal: to empower direct consumers and family members and to assist in creating an effective consumer-driven behavioral health system.

1.1.1 Vision

A behavioral health system that makes it possible for individuals to lead full and purposeful lives.

1.1.2 Mission

To review, evaluate and advocate for an accessible and effective behavioral health system.

1.2 Guiding Principles

Wellness and Recovery: Wellness and recovery may be achieved through multiple pathways that support an individual to live a fulfilled life and reach their full potential.

Resiliency Across the Lifespan: Resilience emerges when individuals of all ages are empowered and supported to cope with life events.

Advocacy and Education: Effective advocacy for policy change statewide starts with educating the public and decision makers on behavioral health issues.

Consumer and Family Voice: Individuals and family members are included in all aspects of policy development and system delivery.

Cultural Humility and Responsiveness: Services must be delivered in a way that is responsive to the needs of California's diverse populations and respects all aspects of an individual's culture.

Parity and System Accountability: A quality public behavioral health system includes stakeholder input, parity and performance measures that improve services and outcomes.

1.3 Equity Statement

The California Behavioral Health Planning Council members and staff are dedicated to supporting efforts, policies and programs that bring about necessary change to address systemic racism and inequities. This includes reducing the criminalization of mental

CBHPC OPERATING POLICIES AND PROCEDURES

illness and substance use disorders, as individuals who experience these conditions are often stigmatized as a threat to society and public safety rather than individuals in need of treatment and supports within their community. The behavioral health system is directly impacted by social injustice leading to far-reaching health disparities and diminished life expectancy.

The nation is experiencing a number of crises; crises which have indisputably highlighted the complex issues of race and inequality across our country. The Planning Council's vision is a behavioral health system that makes it possible for individuals to achieve full and purposeful lives. We are committed to attaining racial and social equity through action and advocacy for an inclusive society in which all community members can realize their full potential regardless of their race, ethnicity, age, gender identity, sexual orientation, diagnosis, ability or economic status. The Planning Council employs a number of Guiding Principles that are foundational to its visionary work.

It must be recognized that certain communities benefit from systemic racism and inequities while other communities suffer greatly. Leaders must look inward to identify unconscious bias as well as understand historical policies and practices that drive inequities. The Planning Council commits to continuing and improving our policies and practices to support and encourage diversity in membership and staff perspectives, to value individual lived experience, and to promote opportunities for ongoing education and growth.

The Council believes we can establish public policies that honor and respect differing backgrounds and life experiences by normalizing conversations about racial and other inequities. By building partnerships among Council members, policy makers, and communities served, we can operationalize the true meaning of equity. Through this process, the Council supports California in achieving the goals to reduce disparities, rebuild the trust lost from communities that have been historically under/inappropriately served and eliminate social injustice and racial inequities.

2. Council Member Appointments

2.1 Appointment Process

The California Department of Health Care Services (DHCS) appoints members to the Council in accordance with Welfare and Institutions Code 5771(c) which states that members should be balanced according to demography, geography, gender, and ethnicity. The Council will periodically solicit volunteers to travel to these events on behalf of the Planning Council. Once all interested members have submitted their names, the Officer Team will evaluate and select a representative(s) based on how closely they match the scope and purpose of the event. The following criteria will be used in making this determination:

- Experience and seniority (for policy development)
- Council member's attendance at previous trainings, conferences, and events
- New member (for training purposes)
- Regular attendance and active participation
- Subject matter expertise
- Specific criteria required by the requesting organization

Council members should explore whether their employer will fund or reimburse for traveling and attending these events.

CBHPC OPERATING POLICIES AND PROCEDURES

11.1 Quarterly Meeting Attendance Requirements

- a. The Council will apply Bagley-Keene Special Teleconferencing meeting rules outlined in Government Code section 11123.5 to the committee meetings and the regular meeting rules outlined in Government Code section 11122.5 to the General Session meetings. In-person attendance is required at General Session to ensure a quorum of the body is met so the Council may conduct its business. Council members are required to attend three (3) of the four (4) Quarterly meetings each calendar year. Council Members must contact the Executive Officer if they plan to miss a quarterly meeting. Council Members may request to attend committee meetings virtually once per year for any reason with advance approval of the Executive Officer. Approved virtual attendance does not count as an absence for the Council Member. Council Members are to attend all quarterly meetings in their entirety. When a pattern of non-participation occurs, it will be addressed by the Council Chairperson and Executive Officer. Should the non-participation continue, the member will not be eligible for reappointment.
- b. Council Members may request an exemption from the above in-person attendance requirement as a reasonable accommodation. Accommodations will be approved by the Officer Team in accordance with Government Code 11123.2 and re-evaluated on an annual basis.
- c. Council Members are to attend quarterly meetings in their entirety. When a pattern of non-participation occurs, it will be addressed by the Council Chairperson and Executive Officer. Should the non-participation continue, the member will not be eligible for reappointment.

11.2 Committee Meeting Attendance Requirements

In addition to the quarterly committee meetings, committee meetings can be scheduled, as needed. Meetings held outside of the quarterly meetings are scheduled based on members' availability to insure maximum participation. Committee members are expected to attend as many committee meetings as possible.

Attendance records from each committee meeting will be maintained. If a committee has difficulty achieving a quorum due to the continued absence of a committee member, the committee chairperson will discuss with the member the reasons for their absence. If the problem persists, the committee chairperson can request that the Officer Team remove the member from the committee.

11.3 Leave of Absence

A request for a leave of absence must be submitted in writing to the Executive Officer and must include the duration of the leave. The request is approved or denied by the Officer Team. A leave of absence can only last three meetings.

CBHPC OPERATING POLICIES AND PROCEDURES

12. Reimbursements

The Executive Committee is charged with reviewing and monitoring the Council's budget and expenditures including travel. Planning Council members are reimbursed for expenses incurred within the following parameters:

1. The Planning Council's budget may necessitate limitations on travel and require the Executive Officer, in consultation with the Chief of Operations and Chairperson, to prioritize the types of travel that are authorized.
2. Reimbursement is governed by California Department of Personnel Administration and DHCS Travel Rules and Policy Memos, and applicable Government Code. Reimbursement amounts are limited to actual and necessary expenses as specified at the following link:

[CalHR Travel Reimbursements Page](#)

This website includes information on lodging, meals and incidentals, and personal vehicle mileage reimbursement. For this purpose only, Council members are considered represented employees in Bargaining Unit (BU) 4.

3. All receipts must be original and pre-printed with the name of the business. The State Controller's Office (SCO) requires all receipts show a zero balance or a minus credit balance. Reimbursement for parking is for actual costs only. No receipt is required if parking is less than \$10 for one continuous period of parking. Airport long-term or economy parking rate is the rate calculated when the member has flown to their destination.
4. Planning Council members are reimbursed only for approved Planning Council business, which is defined as follows:
 - a. attending Planning Council meetings;
 - b. attending Planning Council committee meetings; and
 - c. representing the Planning Council at other forums when the Chairperson authorizes the Planning Council member to do so. Reimbursement is limited to occasions when the Planning Council member is participating as a representative of the Planning Council. The Planning Council member must make the request to the Executive Officer, who will consult with the Chairperson, no less than two weeks prior to the event. Whenever possible, members shall request reimbursement from other sources.
5. The Chief of Operations will provide written confirmation via email to the Planning Council member authorizing reimbursement for travel to meetings pursuant to subsection "c".

CBHPC OPERATING POLICIES AND PROCEDURES

6. Planning Council members shall submit travel claims within 60 days of each incident of travel. This enables the Chief of Operations to monitor the travel budget effectively. All proof of payment documents should be submitted with your claim. Tape and label all small receipts to a blank 8 ½” by 11” sheet of white paper. Several receipts can be taped on each page.
7. Planning Council staff will book all travel for Council Members in the state approved travel booking system. Air and train travel will be booked for on the least expensive carrier possible for Planning Council business. Generally, the least expensive rates are those the State negotiates each year with air carriers. The Executive Officer will update Planning Council members as procedures change.
8. Planning Council members shall use the least expensive ground transportation possible for Planning Council business. Use of rental cars must be approved in advance, in writing, by the Chief of Operations. The Chief of Operations may authorize the use of rental cars as a reasonable accommodation under special circumstances. In general, the least expensive mode of transportation will be approved.

13. Positions on Legislation

A flowchart on the Planning Council’s process for identifying, analyzing and taking positions on bills is at [Attachment D](#).

1. At the beginning of each legislative cycle, the Legislation Committee will recommend a policy platform to be adopted by the Planning Council. This platform is based on behavioral health policy, funding and program issues on which the Planning Council has consensus.
 - a. When staff identify newly introduced bills that fall within the Planning Council’s policy platform, these bills are assigned approved positions immediately and a position letter is sent to the author and appropriate committee chairs.
 - b. These approved positions are noted on the list of the legislative bill file that is distributed to Planning Council members at each quarterly meeting.
 - c. Any Planning Council member who is concerned about a position taken on a bill by the Legislation Committee, may request that it be reevaluated by the Executive Committee.
 - d. If a bill is substantially amended, staff reviews the bill to determine if it is still within the purview of the policy platform. If not, the bill will go back to the Legislation Committee for deliberation.
2. Staff will analyze other legislation that does not fall within the purview of the policy platform and make recommendations on positions to the Legislation Committee. When analyzing legislation, staff will consult with Council members concerning bills

CBHPC OPERATING POLICIES AND PROCEDURES

in their areas of expertise. Staff will also refer to the positions of California Association of Social Rehabilitative Agencies (CASRA), California Behavioral Health Directors Association (CBHDA), and other relevant behavioral health sources. Staff will recommend positions that are consistent with what they perceive to be the Planning Council's consensus on the issue. These positions will be forwarded to the Legislation Committee for deliberation.

3. The Legislation Committee adopts positions on bills by consensus. Those positions are:
 - Support
 - Oppose
 - Neutral/Watch
 - Support if Amended
 - Oppose Unless Amended
4. Staff will draft and send a position letter to the author(s) of the bill and the appropriate legislative committee chair. An electronic copy is also sent to all council members and posted to the CBHPC website. The letter is signed by the Chair of the Legislation Committee.
5. Planning Council members are responsible for reviewing those positions and notifying the Planning Council office of any concerns about the positions.
6. Planning Council members who are concerned about a position taken on a bill should contact the Legislation Committee Chair. If, after evaluating the bill, a Planning Council member is still opposed to the position adopted by the Legislation Committee, the Legislation Committee will communicate those concerns about the bill to the Executive Committee for action.
7. The Executive Committee will reevaluate the position on the bill and discuss the issue with the Planning Council member who has the objection. If the Committee upholds the original position, that position will stand. The member may then opt to draft and send a letter of minority dissent which clearly outlines points of departure from the Council's majority position. In the interim, the decision of the Executive Committee will stand so that the Planning Council may be active in advocating for the bill.
8. When a bill's subject matter is controversial, after following steps from section 2 above, the Legislation Committee may bring the bill to the full Planning Council to decide a position by majority vote.

14. Requests for Support or Endorsements

The Planning Council does not endorse individuals for employment or public office. The Planning Council will consider supporting requests for endorsements of grants from organizations to which the Planning Council is required by statute to give advice, from organizations whose requests are consistent with the principles and values in the

CBHPC OPERATING POLICIES AND PROCEDURES

California Mental Health Master Plan, and from organizations whose requests are consistent with our policy platform. The Officer Team will be consulted on all requests.

15. Funding of CBHPC Functions and Activities by Outside Entities

This policy is adopted pursuant to the following statutory authority of the Planning Council:

Welfare and Institutions Code §5772--The California Behavioral Health Planning Council shall have the powers and authority necessary to carry out the duties imposed upon it by this chapter, including, but not limited to, the following:

(p) To accept any gift, donation, bequest, or grants of funds from private and public agencies for all or any of the purposes within the purview of the California Behavioral Health Planning Council, subject to the approval of the Department of Finance.

This policy also applies to funds not directly received by the CBHPC that are solicited on behalf of projects sponsored by the CBHPC but administered by an outside fiscal agent.

The CBHPC and its committees may accept funding from outside entities or individuals under the following guidelines and conditions:

1. Any committee or project soliciting financial donations or in-kind assistance must receive approval from the CBHPC Executive Committee prior to final acceptance of the donation.
2. The Executive Committee shall use the following criteria when deciding whether a donation, either financial or in-kind, should be accepted:
 - The proposed donation will not result in a direct financial, regulatory, or “influence” benefit to the donor or to an individual who is affiliated with the CBHPC.
 - The proposed donation does not present a conflict of interest or create a potential negative public perception of conflict or impropriety for the CBHPC or its affiliated committees.
