Information Worksheet

The information worksheet is the starting point for completing the automated SD/MC Cost Report. The information provided here is automatically linked to forms and schedules in the cost report. This worksheet eliminates the redundant entry of county name and county code, legal entity name and legal entity number on cost report forms and schedules. The information provided here applies to county and contract legal entities for Medi-Cal and non-Medi-Cal Cost Reports.

The Information Worksheet is divided into two sections. Section I should be completed by all legal entities and Section II should be completed by county legal entities only.

Section I: All Legal Entities

- **Name of Preparer:** Please enter the name of the person who prepared the cost report.
- **Date:** Please enter the date the cost report was completed.
- **Legal Entity Name:** Please enter the name of the legal entity for which this cost report was prepared.
- **Legal Entity Number:** Please enter the five digit legal entity number assigned by the Department of Health Care Services to the legal entity for which this cost report was prepared.
- **County:** Please enter the name of the county for which this cost report was prepared.
- **County Code:** Please enter the two digit county code of the county for which this cost report was prepared.
- **Is this a County Legal Entity Report? (Y or N):** Please enter “Yes” if this cost report was prepared for a county legal entity or enter “No” if this cost report was prepared for a non-County legal entity.
- **Are you reporting SD/MC? (Y or N):** Please enter “Yes” if this cost report includes SD/MC units of service on the MH 1901_Schedule B or enter “No” if this cost report does not include SD/MC units of service on the MH 1901_Schedule B.

Section II: County Legal Entities Only

**Address:** If the cost report is prepared for a county legal entity, please enter the county legal entity’s address.

**Phone Number:** If the cost report is prepared for a county legal entity, please enter the county legal entity’s phone number.

**County Population: Over 125,000? (Y or N):** If the cost report is prepared for a county legal entity, please enter “Yes” if the county’s population is more than 125,000 or enter “No” if the county’s population is less than or equal to 125,000. Each county legal entity is required to respond to this question.
Contract Provider Other Medi-Cal Direct Service Gross Reimbursement (Used to Populate MH 1979 Line 2): If this cost report is prepared for a county legal entity, please report the gross payments to contract providers for Medi-Cal inpatient and outpatient services. The amounts reported here populate the MH 1979, Line 2, Columns B and C, which are used to determine the 15% limit applied to Medi-Cal administrative reimbursement. The amounts to report for outpatient services is equal to the sum of MH 1968, Lines 9, 21, 25, 29,33 and 42 Column K for all contract providers that reported Medi-Cal units on the MH 1901 Schedule B. The amount to report for inpatient services is equal to the sum of MH 1968, Lines 9, 21, 25, 29, 33 and 42 of Column G plus the gross payments to FFS/MC hospitals.

Contract Provider SD/MC Enhanced (Children) Direct Service Gross Reimbursement (Used to populate MH 1979 Line 9): If this cost report is prepared for a county legal entity, please report the gross payments to contract providers for SD/MC Enhanced (Children) inpatient and outpatient services. The amounts reported here populate the MH 1979, Line 9, Columns B and C, which are used to determine the 15% limit applied to SD/MC Enhanced (Children) administrative reimbursement. The amount to report on these lines is equal to MH 1968, Lines 13 and 17, Columns G and K for all contract providers that reported SD/MC Enhanced (Children) units on the MH 1901 Schedule B.

Fee for Service – Mental Health Specialty Provider Numbers For Individual and Group Providers: If this cost report is being prepared for a county legal entity and it is reporting units of service for mental health specialty individual and group providers on the MH 1901 Schedule B, please enter the provider numbers for those providers.

Adjust Medi-Cal FFP due to Costs in Excess of CPE by Mode of Service (Used to Calculate FFP on the MH 1992): Please enter any adjustments to FFP due to costs in excess of the county’s certified public expenditure by mode of service. These figures are used to calculate FFP on the MH 1992. The sum of adjustments to FFP by mode of service should equal the sum of adjustments to FFP by settlement group.

Adjust Medi-Cal FFP due to Costs in Excess of CPE by Settlement Group (Used to Populate MH 1979 Column J): Please enter any adjustments to FFP due to costs in excess of the county’s certified public expenditures by settlement group. These figures are used to populate the MH 1979, Column J. The sum of adjustments to FFP by settlement group should equal the sum of adjustments to FFP by mode of service.
MH 1901 SCHEDULE A

Statewide Maximum Allowances and Published Charges

MH 1901 Schedule A requires information on published charges (PC) for all authorized services. The form layout is by Mode of Service and Service Function. The form serves as a source document that will enable the PC rates to be cell referenced to other applicable forms.

Column E – Published Charge (PC)
Enter published charge rates for appropriate Modes and Service Functions reported. Note that Outreach (including MAA) and Support Services are excluded. A legal entity’s published charge is the usual and customary charge prevalent in the public mental health sector that is used to bill the general public, insurers, or other non-Medi-Cal payors. The published charge for Mode 05, Service Function 19, Hospital Administrative Days, should include physician and ancillary costs.

Column E, Lines 31-35 – Medi-Cal Eligibility Factor
Please enter the Medi-Cal Eligibility Factor for each quarter of the fiscal year if the legal entity participated in the Medi-Cal Administrative Activities (MAA) claiming process. A separate eligibility factor should be reported for each quarter claimed and should be consistent with quarterly MAA invoices submitted to DHCS.

Column F, County Non-Medi-Cal Contract Rate
A provider may enter the non-Medi-Cal contract rates agreed to between the county and its service provider for non-Medi-Cal modes and service functions. Do not enter Medi-Cal contract rates in this column.

Column G, Rate for Allocation
This column picks up the Non-Medi-Cal Contract Rate entered in Column E.
MH 1901 SCHEDULE B

Worksheet for Units of Service and Revenues by Mode and Service Function

MH 1901 Schedule B is an all-purpose type worksheet. Data reported here is used to populate the MH 1901_Schedule C and the MH 1966 for each mode of service. This worksheet identifies services according to “settlement type”, modes and service functions, settlement group, and the period of service. You should complete the MH 1991 if you report units of service for Mode 05, Service Function 19.

Total units of service and units allocated to SD/MC, Medicare/Medi-Cal Crossovers, Enhanced Medi-Cal, Medi-Cal Access Program, Affordable Care Act, Senate Bill 75 beneficiaries, and Medi-Cal Administrative Activities are accounted for here. Total units reported must equal the sum of Columns E, F, H, J, L, P, R, T, V, X and Z. Patient and other payor revenues must also be reported on this worksheet. If unable to isolate patient and other payor revenues at the service function level, revenues may be reported at the mode of service level under the first reported service function within each mode.

Column A – Settlement Type
Enter the settlement type (CR, TBS, ASO, MAA, MHS, CAW, HOSP, and CCR) in Column A. Settlement type identifies the method used to determine reimbursement limits due to the application of each program’s rules.

- **CR**  Cost Reimbursement (CR) method of reimbursement is based on lower of cost or public charges.

- **TBS**  Therapeutic Behavioral Services (TBS) are individual or group providers that contract with county mental health plans (MHP) to provide TBS only services. These providers are not required to submit annual cost reports to the State. County MHPs should reimburse this provider type and report these costs to DHCS as actual costs to the county under the county legal entity number in Program 2 – TBS costs.

- **ASO**  Administrative Services Organization (ASO) method of reimbursement is actual cost to the county. Counties are allowed to claim actual costs for payments made to the fiscal intermediary (FI) for the provision of services to children placed outside of the county. Administrative fees paid to the FI must be included as part of the County’s administrative costs reported on the MH 1960 (Calculation of Program Costs Non-Hospital Legal Entities).
- **MAA**  Medi-Cal Administrative Activities (MAA) method of reimbursement is based on actual costs to the county for counties participating in mental health MAA. Participation includes submission of a claiming plan, State and Federal level approval of a County Mental Health MAA Plan, and the submission of invoices to DHCS during the year. All MAA invoices must be submitted by the time the cost report is due, and the units of service identified on the cost report must match the invoiced units. Please contact your MAA Coordinator for additional participation requirements.

- **MHS**  Mental Health Specialty (MHS) method of reimbursement is actual cost to the county. Counties are allowed to claim actual costs for payments made to Fee-For-Service individual or group providers for mental health specialty services.

- **CAW**  California Work Opportunity and Responsibility to Kids (CalWORKS) program is to prepare clients for work and assist them to obtain and maintain employment so they can effectively support their families. Under CalWORKS, case aid to families is time-limited and able-bodied adults in the families must meet certain work requirements to remain eligible. County welfare departments under the supervision of California Department of Social Services administer this program.

- **HOSP**  Hospital (HOSP) services include psychiatric inpatient hospital services (Mode 05, service function code 10-18), administrative day services (Mode 05, Service Function Code 19), day services (Mode 10), and outpatient services (Mode 15) provided by a hospital. Costs associated with these services are reported on the forms MH 1960_HOSP_COSTS, MH 1960_HOSP_05, MH 1960_PHYS_05, MH 1960_HOSP_10, MH 1960_PHYS_10, MH 1960_HOSP_15, MH 1960_PHYS_15. Please use this settlement type to separately identify units of service associated with costs reported by hospital providers.

- **CCR**  The Continuum of Care Reform (CCR) requires mental health plans to assess children prior to placement in a Short-Term Residential Therapeutic Program (STRTP). All children who have an open child welfare case are entitled to a child and family team. Mental health plans are required to participate in the child and family team when the child needs specialty mental health services. DHCS reimburses mental health plans the non-federal share of the mental health plan’s certified public expenditures to provide these services.

Third party revenue should include patient fees for Medi-Cal share of costs, patient insurance, Medicare, and other revenues received on behalf of Medi-Cal clients in providing Medi-Cal units of service. This does not include realignment funding. Revenues should be reported on an accrual basis and should be identified as directly as possible to the service function or mode level. If revenues cannot be directly identified, use a reasonable method to allocate revenues between inpatient and outpatient services.

Medicare revenues include revenue for services provided during this cost report fiscal year. **Prior year** Medicare revenues should not be included in the cost report.

MH 1901 SCHEDULE C

Supporting Documentation for the Method Used to Allocate Total Cost to Mode of Service and Service Function

MH 1901 Schedule C is designed to allocate the mode costs determined on Line 35 Column J of the MH 1960. This worksheet is also designed to automatically distribute mode costs to modes and service functions through the application of any of the three approved allocation methods: Costs determined at the service function level, time study, and relative value. The calculations performed here automatically populate MH 1966, programs 1 and 2. Selection of an “Allocation Method” from the Allocation Box will allow the distribution of mode costs to modes and service functions. For example, if the user selects Published Charges as an allocation option from the Allocation Box, this worksheet will perform a relative value calculation using information from MH 1901 Schedule A to allocate mode costs to modes and service functions.

The method chosen must be applied consistently and uniformly to all mode costs, and must be consistent from year to year. A legal entity may request to change its allocation method by writing to DHCS.

Allocation Methodology

1. Costs Determined at Service Function Level
   Some legal entities have the technology and reporting mechanisms to capture costs at the service function level. Legal entities with this capability should allocate costs in this manner.

2. Time Study
   The time study procedure used previously to allocate costs between modes of service may be used to allocate costs between service functions. To accomplish this, hours must be reported at the service function level rather than at the mode of service level. The percentage of total is calculated by dividing the costed hours for each service function by the total costed hours.

3. Relative Value
   Units of service/time multiplied by the legal entity’s charge for each service function determines the relative value assigned to each service function. A legal entity’s charge for each service function is: 1) the legal entity’s published charge; 2) the legal entity’s usual and customary charge; or 3) the legal entity’s charge to the general public for providing services. The relative value for each service function is divided by the sum of all relative values to determine the percentage of the total for each service function. This method should be used by legal entities whose charges are established and updated annually based on the costs of providing the service. The relative value
method may not be used to allocate Mode 05, Service Functions 10 through 19, service costs according to the Department’s Fiscal Audits Unit.

Allocation Method Option Box – Select an Allocation Method
1. Rate for Allocation – Select “Rate for Allocation” to use the relative value method based on the county non-Medi-Cal contract rates to allocate costs to modes and service functions. Do not select this option if you have not negotiated all your service functions for a Mode of Service.
2. Published Charge – Select “Published Charges” for relative value method of cost allocation based on published charges, if you reported published charge rates for all the modes and service functions.
3. Directly Allocated – Select “Directly Allocated” for the direct cost allocation method. This method may be used if costs were developed based on a time study or any other approved costing method.

Column A – Settlement Type
No entry. This column automatically populates from MH 1901 Schedule B, Column A.

Column B – Mode
No entry. This column automatically populates from MH 1901 Schedule B, Column B.

Column C – Service Function
No entry. This column automatically populates from MH 1901 Schedule B, Column C.

Column D – Total Units
No entry. This column automatically populates from MH 1901 Schedule B, Column D.

Column E – Eligible Direct Cost
Enter costs associated with TBS, ASO, MHS, and CAW. These costs, except for CAW, are reported on MH 1966, Program 2. Non-Medi-Cal costs for Modes 45 and 60 may also be entered in this column.

Column F – Directly Allocated Data
Enter costs directly assigned to each service function on MH 1966, Program 1. Please select the “Directly Allocated” option from the allocation method option box when entering data in this column. Do not report costs associated with TBS, ASO, MHS and CAW.

Column G – Relative Value
No entry. This column computes the relative value using the selected allocation base. Relative value is the product of multiplying the rate for allocation, or published charge by the service function total units of service. For example, if published charge is the selected allocation base from the “Allocation Method” option box, the amount generated and placed in column G will be the product of the published charge rate from MH 1901 Schedule A.
published charge column and the total units reported on MH 1901 Schedule C, Column D for each service function.

The purpose of the MH 1963 is to capture payments to contract providers for services provided in the cost reporting fiscal year. Information entered here automatically populates MH 1960, Line 33, Column F.

MH 1969 INST

Instructions for Lower of Costs or Charges Determination

The purpose of MH 1969 is to determine if a legal entity qualifies as a Nominal Fee Provider. Before completing the MH 1969, the following questions must be answered.

☐ Does the legal entity have a published schedule of its full (non-discounted) charges?

☐ Are the legal entity’s revenues for patient care based on application of a published charge schedule?

☐ Does the legal entity maintain written policies for its process of making patient indigence determinations?

☐ Does the legal entity maintain sufficient documentation to support the amount of “indigence allowances” written off in accordance with the above procedures?

If the answer to any of the above questions is no, the legal entity DOES NOT qualify as a Nominal Fee Provider and the MH 1969 should not be completed.
MH 1969 (Optional)

Lower of Costs or Charges Determination
The legal entity must have a published schedule of its full (non-discounted) charges. The objective of MH 1969 is to determine whether a legal entity is exempt from the Lower of Costs or Charges (LCC) principles. MH 1969 is an optional form and should be completed by legal entities whose charges are lower than costs. If a legal entity answered yes to all four questions on the MH 1969 INST and its Medi-Cal adjusted customary charges are equal to or less than 60 percent of its Medi-Cal costs, the legal entity is exempt from having to include charges in the comparison on MH 1968.

The exemption must be proved separately for Medi-Cal Inpatient Services (Mode 05 – Hospital Inpatient Services) and Medi-Cal Outpatient Services (Mode 05 – Other 24-Hour Services, Mode 10 – Day Services, and Mode 15 – Outpatient Services). Refer to DMH Letter No. 90-05 and attachments for a detailed explanation of how to meet these four criteria.

Medi-Cal adjusted customary charges are calculated using several different methods, all of which result in the same outcome. MH 1969 employs the calculation method applicable to most legal entities. Medi-Cal adjusted customary charges are calculated by first dividing actual charges to non-Medicare and non-Medi-Cal patients by adjusted or published charges to non-Medicare and non-Medi-Cal patients. This ratio is then applied to Medi-Cal charges (i.e., amounts billed to Medi-Cal), resulting in Medi-Cal adjusted customary charges. These charges are compared to 60 percent of Medi-Cal costs and, if equal to or less, the legal entity is exempt from having to apply the LCC principle. Dollar amounts should be rounded to the nearest whole dollar.

Line 1 – Amount Billed to Medi-Cal
Enter the amount billed to Medi-Cal (through DHCS) for the cost report fiscal year. The amount should be derived from the county’s monthly billing records. Enter amount for each mode of service in the appropriate column. The sum of Columns B through D is automatically populated in Column E.

Line 2 – Non-Medicare/Medi-Cal Patient Revenues
Enter the total patient revenues for the cost report fiscal year billed (not necessarily collected) to non-Medicare patients and non-Medi-Cal patients based on the Uniform Method of Determining Ability to Pay (UMDAP). Billings to patients liable for payment on a charge basis (non-contractual patients) based on the UMDAP should be reported.

Billing to Health Maintenance Organizations (HMOs), County Organized Health Systems (COHSs), Preferred Provider Organizations (PPOs), or Primary Care Case Management (PCCM) should not be included. Line 2, Column A, represents amount billed to patients for Mode 05 – Hospital Inpatient Services and Line 2, Column E, represents amount billed to

---
patients for Mode 05 – Other 24-Hour Services, Mode 10 – Day Services, and Mode 15 – Outpatient Services.

**Line 3 – Non-Medicare/Medi-Cal Patient Insurance**
Enter the total patient insurance collected from non-Medicare patients and non-Medi-Cal patients for the cost report fiscal year. Line 3, Column A, represents patient insurance collected for Mode 05 – Hospital Inpatient Services and Line 3, Column E, represents patient insurance collected for Mode 05 – Other 24-Hour Services, Mode 10 – Day Services, and Mode 15 – Outpatient Services.

**Line 4 – Subtotal**
No entry. This line sums Lines 2 and 3 for Column A (Inpatient) and Column E (Outpatient).

**Line 5 – Non-Medicare/Medi-Cal Published Charges**
Non-Medicare/Medi-Cal Published Charges represent the amount non-Medicare and non-Medi-Cal patients would have paid had they been full-fee paying patients. On a separate worksheet maintained by the legal entity, multiply the units of service/time provided to non-Medicare and non-Medi-Cal patients by the legal entity’s published charge or rate for each service function. These amounts should be aggregated by mode of service and reported in the appropriate Columns on Line 5. The sum of Columns B through D is automatically populated in Column E. Columns A and E represent the legal entity’s non-Medicare/Medi-Cal published charges for inpatient and outpatient services.

**Line 6 – Ratio of Actual to Published Charges**
No entry. The calculation is Line 4 divided by Line 5 in Column A (Inpatient) and Column E (Outpatient).

**Line 7 – Medi-Cal Adjusted Customary Charges**
No entry. The calculation is Line 1 multiplied by Line 6 in Column A (Inpatient) and Column E (Outpatient).

**Line 8 – Medi-Cal Costs**
No entry. The legal entity’s total cost for providing Medi-Cal Inpatient and Outpatient services are automatically populated in Columns A and E. These costs are derived from the sum of MH 1968, Lines 1, 5, 10, 14, 18, 22, 26, 30, 34, and 39 Column G and Column K.

**Line 9 – 60 Percent of Medi-Cal Costs**
No entry. Columns A and E are automatically calculated by multiplying Line 8 by 60 percent.

If the amount on line 9, Column A (60 percent of Medi-Cal inpatient costs), is greater than Line 7, Column A (Medi-Cal inpatient adjusted customary charges), the legal entity is exempt from having to apply the LCC principle for Mode 05 – Hospital Inpatient Services. If Line 7, Column A, is greater than Line 9, Column A, the legal entity is not exempt from having to apply the
LCC principle for Mode 05 – Hospital Inpatient Services on MH 1968, and must include Medi-Cal Mode 05 – Hospital Inpatient charges in the comparison on MH 1968.

If the amount on Line 9, Column E (60 percent of Medi-Cal outpatient costs), is greater than Line 7, Column E (Medi-Cal outpatient adjusted customary charges), the legal entity is exempt from having to apply the LCC principle for outpatient services. If Line 7, Column E, is greater than Line 9, Column E, the legal entity is not exempt from having to apply the LCC principle for outpatient services on MH 1968, and must include the Medi-Cal outpatient charges in the comparison on MH 1968.

COST REPORT TEMPLATES AND NAMING CONVENTION
SUBMITTAL FILE TO DHCS
Introduction

The FY2016-2017 Cost Report packaging, naming conventions, automated desk edits, error correction cycle, and submittal process to DHCS are described in this section.

The cost report will be distributed to the counties via the DHCS Information Technology Web Server (ITWS). Counties are required to download the appropriate cost report template(s) from ITWS and distribute the template(s) to their contract provider legal entities by any method that will not change the electronic format of the template(s). The contract provider legal entities, after the completion of their cost reports, must return them to their county for review, verification, and approval. The counties are required to package these cost reports and submit the package to DHCS through the ITWS electronic submission process.

COST REPORT FILES

The cost report files for this year remain an Excel based spreadsheet application. There will be two sets of Cost Report spreadsheet automations:

1. A Detail Cost Report for Legal Entities (contract or county), Medi-Cal and Non-Medi-Cal;
2. A Summary Cost Report for each county or local mental health agency linking information from all legal entities.

SUBMITTAL FILE

The county Submittal File is the “package” that the county submits to DHCS. The completed detail cost reports and the summary county cost report are combined into a single “package” called a “submittal file”. This packaging is completed through an archiving process called zipping. (Zipping gets its name from a product, or multitude of products, which combine files, called PKZIP. Further description and product information can be found at http://www.pkware.com and/or your local county information technology group.)

The submittal file (zipped file) is uploaded (submitted) to DHCS ITWS. The name of the submittal file must conform to the submittal file naming conventions. See the sections on File Naming Conventions. Files not conforming to the specified naming conventions cannot be processed by DHCS.
Step 1. Logon to ITWS
- This requires enrollment to ITWS and permission to access the Cost and Financial Reporting System (CFRS). We also recommend that you request permission to access the Provider / Legal Entity System.

Step 2. Download the Cost Report Template(s)
- The Detail Cost Report Template is: CFRS_20142015_CC99999X_Detail_Template.xls
- The Summary Cost Report Template is: CFRS_20142015_CC00000X_Summary_Template.xls

NOTE: There may be additional information attached to the names of these file to describe the versions that are currently being used. Please download the most recent version of these files; i.e.,

Step 3. Rename and complete the Cost Report(s)
- RENAME and CREATE a COPY of the Detail Cost Report Template for:
  - 1 for EACH Contract Provider Legal Entity
  - 1 for the County Legal Entity
- RENAME and CREATE a COPY of the Summary Cost Report Template for:
  - 1 for The County Only
- Complete these cost reports according to the instructions in the manual.

Step 4. ZIP ALL excel.xls and create Submittal File
- ALL cost report files (.xls) must be Zipped together into a submittal file (.zip). This ZIP file is also called an archive. Use the ZIP utility (i.e., PKZIP) to accomplish this.
- Note, you must create the name of this submittal file according to the naming conventions specified in this section.
Step 5. Upload/Submit the Cost Report package to ITWS

- Logon to ITWS (ITWS.dhcs.ca.gov) and go to the CFRS system.
- Select FUNCTIONS > UPLOAD, and specify the name of the submittal file that was created from the ZIP step for submission to DHCS.
- ITWS will return a confirmation message stating a successful upload process.
- You and CRFS will also receive an email notification stating that the file has been successfully received by DHCS.
- The email will entail specific information regarding your email, and also an accompanying Upload ID number, which indicates this file in the CFRS system. Please note this Upload ID number for further notices and reports.
Step 6. Automated DHCS Desk Edits
- DHCS will automatically process the Submittal ZIP file and perform the automated desk edits on the cost reports.
- You will receive an email stating that the file has been processed through the automated desk edits. The results of the automated desk edits will be attached. The attached RESULTS FILE is a TEXT file and will be named according to the submittal file that was uploaded. The name of the RESULTS FILE will include the Upload ID number that was assigned when the submittal file was received by DHCS.
- You can also logon to ITWS to review the RESULTS text file. Use the Upload ID number assigned to the submittal file to find the appropriate RESULTS text file.

Step 7. Review the Results File
- The Results File will include any processing errors found by the automated Desk Edit for all Detail Cost Reports and the Summary Cost Report.

Step 8. Correct any errors
- The county corrects the errors listed in the Results File.
- After corrections to the cost reports are completed, ALL cost report files (.xls) must again be Zipped together into a submittal file (.zip), see Step 4. The submittal file (zipped file) is uploaded to DHCS ITWS, see Step 5.

Step 9. Repeat Step 4 through Step 8 until the Results File contains no errors.

Step 10. Finished

NOTE: After completing Step 5, the Upload/Submit step, the accompanying email that you receive specifies the Upload ID number of the submittal file. This Upload ID number must be used on the MH1940 that is sent to DHCS. It is the “binding” number, which details when your cost report is actually received by DHCS. You must submit one hard copy of the cost report (summary and county detail only) and an original signed MH 1940 certification package to DHCS within 10 (ten) business days of the first submission of your cost report.
The FY 2015-2016 Cost Report Templates are downloaded by the county from DHCS ITWS. Remember, there are two templates:

- A template for the Detail Cost Report. RENAME and create a COPY of the Detail Cost Report template for EACH Legal Entity (contract or county), Medi-Cal and Non-Medi-Cal. Name the files according to the naming conventions specified in this section.

- A template for the Summary Cost Report. RENAME and create a copy of the Summary Cost Report template. Name the file according to the naming conventions specified in this section. The Summary Cost Report is to be completed by the County Only.

These files are located on ITWS have the following name:

- CFRS_20152016_CC99999X.XLS_Detail_Template.XLS
  - This is the Detail Cost Report.
  - The ‘99999’ will be replaced by the number associated with the Legal Entity.

- CFRS_20152016_CC00000X.XLS_Summary_Template.XLS
  - This is the Summary Cost Report
  - The ‘00000’ denotes a Summary Cost Report. It must remain as ‘00000’ as it indicates the Summary Cost Report to be complete by the County.

NOTE: These files reflect a version number that is used internally when creating the Cost Reports. These files are the templates to be used for completing the Cost Reports, and the versions and names are for identification purposes.
File Naming Conventions – Detail Cost Report(s)

All naming conventions for DETAIL Cost Reports follow this format:

CFRS_20152016_CC99999X.XLS

<tr>
<th>CC</th>
<th>County Code - Two digit code</th>
</tr>
</thead>
<tbody>
<tr>
<td>99999</td>

LEGAL ENTITY NUMBERS

Legal Entity numbers are assigned by DHCS by the type of Legal Entity they represent. These are essentially encoded with the 5-character Legal Entity numbering system of the Legal Entity File. Your 5-character Legal Entity numbers will resemble the following format. These are general rules and you should contact the DHCS Statistics and Data Analysis (SDA) group if you have further questions or problems about these designations.

<table>
<thead>
<tr>
<th>Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>00000</td>
<td>A Legal Entity number with 5 zeroes indicates that this is a Summary County Cost Report. This is very important!!!</td>
</tr>
<tr>
<td>000##</td>
<td>A Legal Entity number with 3 leading zeroes indicates that this is the County Legal Entity. Example, 00087 would indicate the County Legal Entity for County 87.</td>
</tr>
<tr>
<td>00F87</td>
<td>A Legal Entity number with 2 leading zeroes, then an “F” and a number, indicates that this is the FFS (Fee for Service) Legal Entity for the county. Example, 00F87 would indicate the FFS Legal Entity for County 87.</td>

<td>A Legal Entity number with “HFP” as the preceding 3 characters indicates that this is a Healthy Families (Fee-For-Service) inpatient services and is used to claim all HFP inpatient services that occur in hospitals settings that would be fee-for-service if used for Medi-Cal children.</td>
</tr>
<tr>
<td>#####</td>
<td>Any other number is the 5-digit number which identifies the Legal Entity number. Check your Legal Entity File for correct Legal Entity numbers of the providers that you are using.</td>

NOTE: If you need help using ZIP, or more formally known as PKZIP, please see http://www.pkware.com for instructions on using this and other ZIP products.

Further, when this file is uploaded to ITWS, it will be assigned an internal Upload ID (UpID) number. This UpID number will be referenced in all documentation regarding this file. You will also receive an email describing this and its newly renamed file.

Example:

1. CFRS_20152016_87_B_SUBMITTAL.ZIP

   The cost reports uploaded for a sample county 87. You will receive email confirmation of this submission, and it will entail the Upload ID that was assigned when this file was uploaded. This number will now be in the name of the file in your county directory on ITWS and all reference documentation regarding this upload will be specified.

2. CFRS_20152016_87_B_7070_SUBMITTAL.ZIP

   This is how the file will look with the Upload ID specified as part of the renamed file. This will be automatically be done by DHCS and will look this way on ITWS.
Desk Edits Results File

After you have UPLOADED your Cost Report submittal file to ITWS, you will receive the following electronic communication from DHCS:

1. An instant notification from ITWS saying your file was successfully uploaded.
2. Also, you will receive an email notification in your Inbox stating that DHCS received your file as well.

In the meantime, DHCS will be processing your uploaded submittal file and when done, the following will happen:

1. Notify you via an email notification in your Inbox stating that DHCS has processed your file and the results of this process are available for viewing (or downloading) on ITWS.
2. Next, you need to Logon to ITWS to view the file and determine if the automated desk edit processing is successful or not.
3. If NOT, then make necessary corrections on your local copies of the cost reports, re-ZIP into a new Submittal File, and re-Upload to ITWS.
4. Cost report is not considered ACCEPTED, until all errors on both the detail and summary cost reports pass the automated edits.
The attached report file returned to you in the email will be named according to the following format. It will also be on ITWS with the same name as:

**CFRS_20152016_CC_X_UPID_REPORT.TXT**

Where:

<table>
<thead>
<tr>
<th>CC</th>
<th>County Code – Two digit code</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td>“B” for Initial Image (i.e., “B”efore settlement, so this is your initial submission to ITWS until desk edits are complete)</td>
</tr>
<tr>
<td></td>
<td>“F”inal Settlement, (i.e., after any SD/MC adjustments)</td>
</tr>
<tr>
<td></td>
<td>“Z” for Audits,</td>
</tr>
<tr>
<td></td>
<td>“T” for Test files and/or DMH use.</td>
</tr>
</tbody>
</table>

| UPID | Upload ID that was assigned when your submittal file was uploaded to ITWS.                     |

Example:

**CFRS_20152016_87_B_123456_REPORT.TXT**

**NOTE:** This is a text document. Use Notepad or a similar product to open and read its content.

The Cost Report submission, editing and correction cycles will produce files of different types. These files may be Notification and Return Files, or possible Error files as well. These files are created by the DHCS Cost and Financial Reporting System (CFRS) and placed on the DHCS ITWS servers so the counties may download them, examine them, and determine if any corrective or continuing action needs to be taken. Also, any errors that they may have submitted in the Cost Report submission package will be listed here as well.

After a cost report has been submitted, the CFRS will process the submission package and will create the files on the ITWS server within one day after DHCS receives a CFRS submittal file.
File Naming Conventions – Samples

The Detail and Summary Cost Reports are built and named according to the naming conventions. Reminder, the Summary Cost Report contains the list of the Legal Entities that are being submitted as part of the Cost Report package.

This example would represent a sample of names for cost reports to be submitted as part of the submittal package to DHCS ITWS:
