Notes:

- Administrative days would not require billing a HCPCS code or ICD-10 PCS code for a service. The revenue code would be the only code required.
- Acute Bed-days/24-Hour Services (Modes of Service 05, 07, 08 and 09); Hospital IP (Service Function Codes 10-18); Hospital IP: Administrative Day (Service Function Code 19) > Claim directly to SDMC using an 837I. The PCS codes DO NOT APPLY to these services.

Please note that if services were rendered for an inpatient hospital stay, acute or otherwise, then a PCS code can be used. In other words, if there is an applicable PCS code from the included list that the provider wants to include on the claim form, then the provider can include the applicable PCS code from the list above on the claim.
