

Mental Health Services Act (MHSA) Performance Review Report
San Bernardino County Program Review
December 18, 2024

The Department of Health Care Services (DHCS) has conducted its Mental Health Services Act (MHSA) FY 2023-24 program desk review of San Bernardino County's programs and services. The review found no findings and only two suggested improvements. No Plan of Correction (POC) is required for suggested improvements.

SUGGESTED IMPROVEMENTS

Suggested Improvement #1: The Annual Prevention & Early Intervention (PEI) report shall report on the required data for the Fiscal Year (FY) prior to the due date. For example, a report that is due no later than June 30, 2024, is to report the required data from FY 2022-23 (i.e. July 1, 2022 – June 30, 2023). DHCS recommends the county continue to submit the Annual PEI report as a standalone document and include a cover page for the Annual PEI report with the title:

Annual PEI Report
FY XXXX to XXXX

Suggested Improvement #2: DHCS recommends the county continue to submit the Three-Year Prevention and Early Intervention Evaluation Report as a standalone document and include a cover page for the Three-Year PEI report with the title:

Three-Year Prevention and Early Intervention Evaluation Report
FY XXXX to FY XXXX

The Three-Year PEI Evaluation report is due every third year and shall report on the evaluation(s) for the three prior fiscal years.
