

State of California—Health and Human Services Agency  
Department of Health Care Services

GAVIN NEWSOM  
GOVERNOR

**DATE:** November 15, 2022

**CCS Information Notice:** 22-05

**TO:** All County California Children's Services Program Staff, County Medical Consultants and Staff, Genetically Handicapped Persons Program Providers and Staff, and Integrated Systems of Care Division Staff

**SUBJECT:** FISCAL YEAR 2022-2023 COUNTY ALLOCATIONS FOR CALIFORNIA CHILDREN'S SERVICES COUNTY ADMINISTRATION AND THE CALIFORNIA CHILDREN'S SERVICES MEDICAL THERAPY PROGRAM

The purpose of this California Children's Services (CCS) Information Notice is to provide county CCS Programs with their CCS Program County Administrative and Medical Therapy Program (MTP) approved budget allocations for fiscal year (FY) 2022-23. The Department of Health Care Services (Department) calculated the allocations based on the FY 2022-23 County Administration and MTP baseline budget. The Department also calculated the allocations in collaboration with the Budget Allocation Workgroup of the CCS Program Executive Committee. The Department will not issue individual county budget notices.

The Department acknowledges the FY 2022-23 budget allocation decreased from FY 2021-22. This decrease was due to anticipated caseload reductions as a result of resuming redeterminations after the COVID-19 public health emergency ends which at the time was projected to end in July 2022. The Department understands that this decrease may place constraints on county administration of the CCS program and is committed to reevaluating budget allocations and reissuing an updated FY 2022-23 budget allocation, as warranted. Due to the Department's budgeting process, recalculations cannot be finalized until February 2023.

Each county remains responsible for overseeing and tracking its administrative budget and MTP expenditures and will only be reimbursed up to the county's authorized allocation. In addition, counties cannot shift funding between CCS Program participation categories (i.e., "straight" CCS, CCS/Medi-Cal, and CCS/Optional Targeted Low Income Children Program).

County CCS Programs must adhere to Department guidelines for determination of enhanced and non-enhanced designation of local county CCS Program staff. The documentation for skilled professional medical personnel who qualify for enhanced

Federal Financial Participation (FFP) or who work on more than one program must conform to the FFP time study requirements and guidelines.

County CCS Programs must maintain an audit file. At a minimum this audit file should include:

1. Documentation on required time studies, performed during one or more representative months of the fiscal quarter for each budgeted position claimed under FFP.
2. Documentation in support of training and travel costs and other claimed operational expenditures.
3. Documentation in support of claimed internal and external overhead costs.

Counties should maintain and be able to produce the audit file to State and Federal regulators within seven (7) calendar days of a request.

County CCS Programs are expected to comply with all Federal and State requirements pertaining to the CCS Program, and must adhere to all applicable Department policies and procedures. Counties should also submit invoices based only on actual CCS Program Administration, MTP expenditures, and in accordance with Section 7, Expenditure Claims and Property Management of the Plan and Fiscal Guidelines (PFG) manual.

Counties are required to submit CCS Program plans and budgets for FY 2022-23 no later than sixty (60) days from the date of this Information Notice. Please submit your plans and budgets electronically to the ISCD Budget Portal. Information on accessing the ISCD Budget Portal will be under separate cover.

For fiscal questions and/or requests, please contact the Integrated Systems of Care Division's Fiscal Unit at [ISCDFiscal@dhcs.ca.gov](mailto:ISCDFiscal@dhcs.ca.gov).

Sincerely,

**ORIGINAL SIGNED BY**

Cortney Maslyn  
Division Chief  
Integrated Systems of Care Division
