TICKLERS
Due to the new data structure for CMS Net, new ticklers were created for some of the functions. Attached is a list of all ticklers effective April 26, 2001. Please put this list in your CMS Net binder. Although the names of replaced ticklers are still in the pick list, make sure to run new tickler. If you run old tickler your data will not be valid. The old tickler names will be removed in the July change cycle.   As before, each tickler clears differently, depending on the function. If you are unsure about how a tickler clears, reference your CMS Net Manual or contact the CMS Help Desk at (916) 327-2378.

Effective Monday, June 11, 2001, please use the following numbers to contact the CMS Net Help Desk:
