

Important Medi-Cal Changes Notice of Elimination of ADHC Medi-Cal Benefit

August 2011

Dear ADHC Participant,

There is a change in state law. **Medi-Cal** will no longer pay for Adult Day Health Care (ADHC) beginning December 1, 2011. The law that changed is California Welfare & Institutions Code section 14589.5.

This *does not* change your:

- Medicare coverage
- Doctors and specialists you see outside an ADHC center.
- Social Security benefits

What happens now?

Please know that you can choose to enroll in a health plan. Medi-Cal Managed Care health plans can give you some of the health services that ADHCs provide. You can join a health plan at **no cost** and you will still be on Medi-Cal. When you enroll in a health plan, they will call you to find out what care you need.

What is a Medi-Cal Managed Care Health Plan?

Managed care health plans help manage your care, arrange your services, provide 24-hour nurse advice, member services, non-emergency medical transportation and more. The health plans can also help arrange services you need that they do not cover. The services are the same as in “regular” Medi-Cal.

What do I need to do?

You can enroll in a managed care health plan. As a Medi-Cal and Medicare beneficiary your options are:

- **If you are *not* in a Medicare Advantage plan**, you can choose to enroll in the health plan of your choice. You have until September 16, 2011, to complete and return the choice form. If you do not make a choice, a health plan will be selected for you.
- **If you are in a Medicare Advantage health plan**, you must choose the same Medi-Cal Managed Care health plan. You have until September 16, 2011, to complete and return the choice form. If you do not make a choice you will be enrolled in the same health plan.

-over-

Your enrollment will start **October 1, 2011**. If you are not happy with your health plan, you can choose to go back to regular Medi-Cal at any time.
