Medi-Cal Diabetes Prevention Program Policy

Sydney Armendariz, MA
Health Program Specialist II
Benefits Division
Department of Health Care Services
SB 97 and AB 1810

- Established the Diabetes Prevention Program (DPP) for Medi-Cal
- To help prevent or delay the onset of type 2 diabetes
- Requires compliance with CDC guidelines and CDC recognition
• **Eligibility Criteria:** Medi-Cal beneficiaries/members must meet the eligibility criteria described in the Centers for Disease Control and Prevention (CDC) National Diabetes Prevention Recognition Program

• **Core Benefit:** Core services period is at least 22 sessions in 12 consecutive months
  – **Core sessions:** Typically consist of weekly sessions over months 1-6
  – **Core maintenance sessions:** Monthly sessions over months 6-12
  – Offered regardless of weight loss
  – Approx. 1-hour sessions
Ongoing Maintenance: FFS and Managed Care

- **Ongoing Maintenance:**
  - Sessions for an additional 12 months
  - Offered after the core benefit IF participants achieve and maintain the required 5% weight loss and attend at least 1 session during the final core maintenance interval (months 10 to 12)
Medi-Cal DPP providers must use a CDC-approved lifestyle change curriculum.

DHCS will translate the CDC’s curriculum into the required threshold languages and post them to the Medi-Cal DPP webpage.
Who Can Become a Medi-Cal DPP Provider? (FFS and Managed Care)

1. Must be a Medi-Cal Enrolled Provider
   - Enroll using the **new Medi-Cal DPP provider type**
   or
   - Are an approved **existing Medi-Cal enrolled provider** that has added DPP as a new category of service:
     - Home Health Agencies, Community Outpatient Hospitals, Physicians, Physician Groups, FQHCs, Rural Health Clinics, Free Clinics, Community Clinics, Multispecialty Clinics, County Clinics Not associated with Hospitals, Otherwise Undesignated Clinics, Home and Community Based Services Nursing Facilities, Outpatient County Hospitals, and Indian Health Services
Who Can Become a Medi-Cal DPP Provider? (FFS and Managed Care)

2. Must comply with Provider Enrollment Division’s (PED) Requirements
   - **Enrollment requirements**: “Medi-Cal Enrollment Requirements and Procedures for DPPs” bulletin and
   - **Screening requirements**: “Designation of Categorical Risk Levels for DPPs” bulletin

3. Must have Pending, Preliminary, or Full recognition from the CDC’s Diabetes Prevention Recognition Program

4. Must comply with policies in the Medi-Cal Provider Manual
FFS Delivery Methods

• Medi-Cal DPP Providers can offer the DPP to Fee-for-Service beneficiaries through:

1. In-person: Participants are physically present in a classroom or a classroom-like setting.
   • Organizations that conduct make-up sessions online or over the phone are still considered in-person programs.

2. Distance Learning: Trained peer coaches deliver sessions via remote classroom or telehealth
The DPP coverage policy will be published in the Medi-Cal Provider Manual when the Fee-For-Service billing system becomes available.

For the list of billing codes, please see the DPP Policy Preview on the DPP Webpage.

Please hold all billing claims until further notice from DHCS.
Managed Care Specific Guidance and Implementation

Managed Care: Policy and Delivery Methods

• **Policy**: Outlined in APL 18-018
  – This APL provides guidance specifically for MCPs. Not intended for Medi-Cal DPP providers
  – A reference is made to the Medi-Cal Provider Manual for criteria needed to receive ongoing maintenance. For now, please see the DPP Policy Preview on DPP Webpage for this criteria.

• **Delivery Methods**: the following **can** be covered by MCPs
  – In-person
  – Distance learning
  – Online
  – Combination
Managed Care Guidance

• Documentation of Codes in Encounter Data:
  – DHCS highly encourages documentation of appropriate HCPCS codes from DPP Policy Preview for each member even though MCPs and DPP providers do not bill DHCS directly

• Member Incentives:
  – All Member Incentives offered to Managed Care members must be receive prior approval from DHCS through mmcdhealtheducationmailbox@dhcs.ca.gov
Provider Enrollment in Managed Care

• DPP providers must be Medi-Cal enrolled.
  – Contact the MCP you are partnering with for more information

• 2 Potential Pathways that Medi-Cal DPP providers can enroll through:
  1. Provider Enrollment Division (PED) at DHCS
  2. Through MCPs

• APL 17-019: Enrollment and Screening process in Managed Care delivery system
  – MCPs must use similar enrollment and screening requirements as PED
