## Important news about your Medi-Cal coverage

Dear [\[Member Name\]](#),

We sent you a letter in February about changes to your Medi-Cal health coverage. You have **restricted scope** Medi-Cal services now. **Starting May 1, 2022**, your Medi-Cal health coverage will change to **full scope** Medi-Cal. You will get your Medi-Cal services through a Medi-Cal Managed Care Plan.

You will be enrolled in this Medi-Cal Managed Care Plan:

To learn more about your Medi-Cal coverage change, read the *Frequently Asked Questions FAQ* that came with this letter.

### About Medi-Cal Managed Care Plans

A Medi-Cal Managed Care Plan is a health plan. It works with doctors, hospitals, pharmacies and other health care providers in your service area. They give you the medically necessary Medi-Cal services you need. Your plan will:

- Help manage your Medi-Cal benefits and services
- Help you find doctors and specialists in the plan network (group)
- Have a 24-hour nurse advice line you can call for health care advice
- Have member services to help answer your questions about health care
- Help you with rides to and from your provider (such as your doctor's office, hospital, or pharmacy)
- Help you get services you may need that your plan does not cover
- Give you language services you need

When you are in a Medi-Cal Managed Care Plan, you may still get some services through Fee-For-Service (FFS) Medi-Cal, also called “Regular” Medi-Cal, instead of through your plan. These include most pharmacy services, substance use disorder (SUD) treatment services, and dental services in most counties.

### **If the provider you have now is not in your Medi-Cal Managed Care Plan**

If you want to keep your provider and have gone to them in the past 12 months but they do not work with a Medi-Cal Managed Care Plan, you can ask your health plan for “continuity of care.” If your provider and your Medi-Cal Managed Care Plan agree to work together, you may be able to keep your provider for up to 12 months, or more in some cases.

If you want continuity of care, call your Medi-Cal Managed Care Plan’s member services after you are enrolled. To learn more about continuity of care, read the *Frequently Asked Questions (FAQ)* that came with this letter.
