SECTION 1.0 - GENERAL INFORMATION

Introduction - How To Use This Manual

The <u>Newborn Hearing Screening Program (NHSP)</u> Provider Manual has been prepared by the <u>Department of Health Care Services</u>, <u>Children's Medical Services</u> (<u>CMS</u>). This manual addresses the specific program policies, billing codes and procedures for completing claims for NHSP services and diagnostic hearing evaluation services rendered to newborns and infants by eligible providers.

The manual is intended to be used in conjunction with the <u>Medi-Cal Provider Manual</u> and the monthly <u>Medi-Cal Update bulletins</u>.

SECTION 1.1 - NEWBORN HEARING SCREENING PROGRAM

Background

The <u>California Newborn Hearing Screening Program (NHSP)</u> was established as a result of <u>Assembly Bill 2780</u>, <u>Chapter 310</u>, <u>Statutes of 1998</u>. This law requires the establishment of a comprehensive hearing screening program for the early detection of hearing loss in newborns and infants, with access to diagnostic evaluations and follow-up services, and provisions for data collection and reporting. The <u>Department of Health Care Services (DHCS)</u>, specifically the <u>Children's Medical Services</u> (<u>CMS</u>), has responsibility for the implementation and oversight of this program.

Prior to the NHSP, only infants receiving care in a California Children's Services (CCS)-approved neonatal intensive care unit (NICU) who were at "high risk" for deafness were screened for hearing loss. Follow-up services for the infants identified with a hearing loss were provided through the CCS High-Risk Infant Follow-up Program.

Now, all hospitals with licensed perinatal services are required to develop and administer their own hearing screening program for newborns and infants born in the hospital or receiving care in the intensive care nursery (ICNN)/NICU. California has over 550,000 births per year. More infants than ever before will receive a hearing screen. It is anticipated that the NHSP will result in the identification of an estimated 1,100 newborns and infants born each year with a significant hearing loss who will be linked with appropriate follow-up and early intervention services.

Program Overview

The <u>NHSP</u> is a comprehensive and coordinated system of early identification, tracking and monitoring of hearing screening, access to diagnostic services, and coordination of appropriate intervention and support services for newborns and infants with hearing loss. The goal of the program is to identify newborns and infants with a hearing loss prior to three months of age and to implement audiological and early intervention services by six months of age.

Under the <u>NHSP</u>, <u>all hospitals</u> with licensed perinatal services are required to provide inpatient hearing screening for all newborns, with the parent's permission, prior to hospital discharge. All infants receiving care in an ICNN/NICU must receive inpatient infant hearing screening services prior to discharge. Inpatient infant hearing screening includes a repeat hearing screen prior to discharge if the newborn or infant did not pass the initial inpatient hearing screening.

Newborns and infants who do not pass the inpatient infant hearing screening are referred to an <u>outpatient infant hearing screening provider</u> for hearing rescreening that should be performed within one month of discharge. Newborns and infants who were discharged from the birthing hospital before inpatient infant hearing screening services were provided will be referred to an outpatient infant hearing screening provider. Providers who can be certified as outpatient infant hearing screening providers include: NHSP-certified inpatient infant hearing screening providers; CCS-approved Type A, B, and C <u>Communication Disorder Centers</u> and CCS-paneled audiologists, pediatricians, otolaryngologists, and family practice physicians.

Newborns and infants who do not pass the outpatient initial hearing screening or the outpatient hearing rescreening are referred to a CCS-approved Type C Communication Disorder Center for a diagnostic hearing evaluation and to the local CCS program for authorization of this evaluation.

Upon identification of a hearing loss, infants and their families are referred to the local <u>Early Start Program</u> for access to early intervention and related services. The results of the diagnostic hearing evaluation are sent to the local CCS program so that eligibility for the program's treatment services can be determined. Subsequent to the eligibility determination, on-going audiologic services including habilitation and amplification, if chosen by the family, can be authorized.

A vital part of the NHSP is the exchange of information throughout the hearing screening process. Families will be provided informational materials that are related to the screening process, including the results of the screening. Primary care providers will receive the results of the screenings and diagnostic evaluations of infants under their care. The hospital will provide information and continuing education to medical and nursing staff regarding hearing screening.

In addition to hearing screening services, the NHSP has several other components. These include:

- <u>Hearing Coordination Centers (HCCs)</u> which assist hospitals in developing their screening programs, certify and monitor the screening programs, and track those infants who require further screening and intervention to assure that they are linked to appropriate services. Each HCC has a <u>geographic service area</u> for which it is responsible.
- Data collection, tracking and management.

The NHSP does not mandate a specific technology to perform the newborn hearing screening in the well baby nursery. Evoked potential or otoacoustic emission testing instruments approved by the Food and Drug Administration (FDA) that detect a mild hearing loss in a newborn or infant are acceptable. Because of the elevated risk of auditory neuropathy/dys-synchrony, newborns receiving care in the ICNN/NICU must be screened using FDA-approved auditory brainstem response (ABR) screening technology and must be referred to an outpatient screening provider that uses ABR screening equipment. However, infants receiving care in the ICNN/NICU who are greater than six months corrected age must be referred to a Type C Communicaton

Disorder Center or equivalent facility approved by the infant's insurance for a complete diagnostic evaluation.

Reimbursement is available from <u>Medi-Cal</u> for hearing screening services provided to newborns and infants eligible for the program or from the <u>CCS program</u> for newborns who are uninsured. Providers who have been certified to provide newborn hearing screening services may submit claims for services in accordance with the procedures outlined in this manual.

For purposes of the NHSP, "uninsured" means that the newborn or infant had no evidence of health insurance:

- 1. For the hospital stay during which the inpatient hearing screening was performed.
- 2. At the time the outpatient hearing screening or rescreening was performed.

Certification - What It Means

Inpatient Infant Hearing Screening Providers

All hospitals with licensed birthing facilities and all hospitals with an ICNN/NICU must develop their own inpatient hearing screening program based on the <u>standards</u> described in <u>Chapter 3.42.1</u> of the <u>CCS Manual of Procedures</u>. The standards address many areas such as:

- Staffing, including competency testing of individuals conducting the hearing screening
- Facility requirements, including the use of appropriate newborn hearing screening equipment
- Services, including information distribution to parents and primary care providers
- Care coordination and referral
- Data collection and reporting

Hospitals that are in compliance with these <u>standards</u> will be certified as inpatient infant hearing screening providers. Certification allows providers to bill the Medi-Cal and CCS programs for hearing screening services provided on or after the effective date of certification and in accordance with the guidelines contained in this manual.

The certification process is conducted by the \underline{HCC} serving the <u>geographic service</u> <u>area</u> in which the hospital is located.

Outpatient Infant Hearing Screening Providers

To participate in the NHSP, outpatient providers of hearing screening services must be certified as being in compliance with the <u>standards</u> described in <u>Chapter 3.42.2</u> of the <u>CCS Manual of Procedures</u>. <u>Certified outpatient providers</u> will be able to bill the Medi-Cal or CCS programs for eligible newborns and infants who received hearing screening services on or after the effective date of certification. The certification process for outpatient infant hearing screening providers is conducted by <u>CMS</u> staff.

SECTION 1.2 - REIMBURSEMENT REQUIREMENTS

Prior Authorization

Prior authorization **<u>IS NOT REQUIRED</u>** for inpatient or outpatient infant hearing **<u>SCREENING OR RESCREENING</u>** services.

Prior authorization **<u>IS REQUIRED</u>** for **<u>DIAGNOSTIC HEARING EVALUATIONS</u></u>. For information regarding prior authorization requirements for diagnostic hearing evaluations, please refer to the section in this manual titled "Referral For Hearing Diagnostic Evaluation".**

Procedure Codes

Claims for reimbursement must include the appropriate procedure code listed on the following pages when billing for newborn hearing screening services.

Reminder: Prior to rendering services and submitting a claim, providers are responsible for determining what hearing screening services the newborn or infant may have already received.

PROCDURE CODE Z7925

 Z9725 Initial Infant Hearing Screening - Hospital/Inpatient (1) Used to bill for hearing screening services provided to: Newborns during their birth admission in a NHSP-certified hospital; Newborns or infants receiving care in a CCS-approved NICU in an NHSP-certified NICU; Newborns or infants transferred to an NHSP-certified hospital from another hospital who did not receive a hearing screening prior to the transfer. (2) Initial inpatient infant hearing screening is complete when the newborn or infant: Passes the first bilateral screening; Does not pass the initial screening in one or both ears but passes the repeat screening in both ears; or Does not pass the initial and repeat screening in one or both ears. Claims are only payable for dates of service <u>on or after</u> the effective date of the provider's certification under the NHSP.

SECTION 1.3 - BILLING

Proper and timely submission of claims is of the highest importance. Delayed or improperly prepared claims could result in delayed payment or possible denial. Providers billing for patients who are Medi-Cal eligible or who are uninsured must adhere to the following specific instructions when completing the claim form and other applicable instructions described in the <u>Medi-Cal Provider Manual</u>.

Provider Number

For billing NHSP services rendered to Medi-Cal eligible newborns and infants, providers must use their outpatient Medi-Cal NPI provider number **and submit the claims to EDS**.

For billing NHSP services rendered to uninsured newborns and infants, providers must use their outpatient NPI number **and submit the claims to the Children's Medical Services**.

Please note that providers are responsible for ensuring that their Medi-Cal provider account/NPI number information is correct and remains current with the Medi-Cal Program and this office. Failure to maintain current Medi-Cal provider account/NPI information can result in denied claims for reimbursement.

Reminder:	Providers who wish to change the Medi-Cal outpatient provider number that they are using to bill inpatient or outpatient hearing screening services must send a written request to:
	Attn: Program Manager Hearing & Audiology Services Unit Children's Medical Services Department of Health Care Services P.O. Box 997413 MS 8102 Sacramento, CA 95899-7413

Claim Forms

Providers are required to bill for services on the appropriate claim forms. Listed below are the forms to be used by procedure code. Examples of completed claim forms are located in the Appendix of this manual.

Procedure Code	Claim Form	Provider Number
Z9725	UB-04	 Hospital outpatient Medi-Cal NPI number Los Angeles County Waiver hospitals use Medi-Cal "LAW" provider prefix
Z9726	*CMS 1500	Outpatient Medi-Cal NPI number
Z9727	*CMS 1500	Outpatient Medi-Cal NPI number

* Exception: Hospitals must ALWAYS use the UB-04 claim form whether they are billing for inpatient or outpatient NHSP services. All other NHSP outpatient providers must use the CMS 1500 claim form for billing for NHSP outpatient services.

UB-04 Claim Form – Requirements for Completion

Box 4, Type of Bill:

• Enter the appropriate 3-digit number. Refer to the <u>Medi-Cal Provider Manual</u> to determine the correct number to enter. (Note: The NHSP example claim forms in the Appendix of this manual show the number "123" in box 4 as an example only.)

Box 50, Payer:

• Enter "O/P MEDI-CAL."

Box 58, Insured's Name

- Fill in <u>only If</u> billing for an infant using the mother's ID, enter the Medi-Cal recipient's name here and the patient's relationship to the Medi-Cal recipient in Box 59.
- Leave blank if not billing for an infant using mother's ID.

Box 59, Patient's Relationship to Insured

- Enter "03" Only if billing for an infant using the mother's ID
- Leave blank if not billing for an infant using mother's ID

Box 84, Remarks:

- For inpatient infant hearing screening services (Procedure Code Z9725), enter "Newborn Hearing Screening Program. This service is not included in the facility contracted rate."
- For outpatient infant hearing screening services (Procedure Codes Z9726 and Z9727), enter "Newborn Hearing Screening Program."

Box 50, Place of Service

- For CMS 1500 forms, complete the Place of Service field, box 24B. Our example claim forms in the Appendix of this manual are for a physician's office, therefore "11" is entered in the Place of Service field. For other place of service codes, please refer to the <u>Medi-Cal Provider Manual</u>.
- For UB-04 forms, enter "O/P MEDI-CAL" in box 50.

Los Angeles County (LAC) Waiver Hospitals

LAC Waiver Hospitals that are NHSP-certified must use the provider number prefix "LAW" when billing for the inpatient or outpatient hearing screening procedure codes listed above. This prefix is assigned by the Department when NHSP provider certification is approved and is limited to billing for NHSP services. All other billing instructions stated in this manual and the <u>Medi-Cal Provider Manual</u> apply to LAC Waiver Hospitals.

Reimbursement Rate

The reimbursement rate of \$30.00 is payable for procedure codes Z9725, Z9726 and Z9727 in accordance with the guidelines described in this manual. The rate includes all technical and professional components of the screening procedure, related patient management, information management and documentation.

Where to Submit Claims

Claims adjudication for inpatient and outpatient hearing screening services vary based on the following:

- 1. Claims for newborns and infants eligible under the Medi-Cal program are submitted to EDS. Refer to the <u>Medi-Cal Provider Manual</u> for submission instructions.
- 2. Claims for uninsured newborns and infants are submitted to the office listed below. Prior to submission, the provider must verify that, to the best of their knowledge, the newborn or infant is uninsured as defined under the NHSP (see page 4 of this manual for the definition). Send the claim to:

Attn: Program Manager Department of Health Care Services Children's Medical Services Hearing & Audiology Services Unit MS 8103 P.O. Box 997413 Sacramento, CA 95899-7413

SECTION 2.0 - REFERRAL FOR DIAGNOSTIC HEARING EVALUATION

Background

The <u>CCS program</u> is responsible for providing diagnostic services to determine the presence of a CCS-eligible condition when there is a suspicion that one exists. Hearing loss is a CCS-eligible condition and is suspected when a newborn or infant does not pass the hearing screening as defined by the NHSP. Diagnostic services are available from CCS-approved providers regardless of family income; however, the CCS program requires that families use third-party insurance coverage first before CCS funds are expended. Please see the next page for the specific information to follow regarding prior authorizaton requirements.

Newborns or infants who do not pass the initial outpatient hearing screening or outpatient hearing rescreening are referred to a CCS-approved Type C Communication Disorder Center for the diagnostic hearing evaluation.

Scheduling the Appointment

It is the goal of the NHSP to identify the presence of hearing loss by three months of age. Therefore, the appointment for the diagnostic hearing evaluation should be scheduled as soon as possible after the newborn or infant does not pass the initial outpatient hearing screening or the outpatient hearing rescreening.

The parents should be assisted in scheduling the appointment. This may be done by the provider who will be performing the diagnostic hearing evaluation, the provider who is making a referral for the evaluation or the hospital.

The appointment can be scheduled simultaneously with the submission of the request for prior authorization to the appropriate <u>CCS Program Office</u>.

What the Diagnostic Hearing Evaluation Includes

The diagnostic hearing evaluation includes the audiologic testing procedures necessary to determine the type, degree and configuration of hearing loss. The evaluation appointment is typically scheduled for one to two hours and may require more than one visit to complete all the testing.

SECTION 2.1 - REIMBURSEMENT REQUIREMENTS

Prior Authorization

<u>Prior authorization is required</u> for the diagnostic hearing evaluation just as it is for all diagnostic and treatment services covered by the CCS program.

The CCS program will respond to a request for prior authorization within five working days of receipt of the request. The authorization will be issued to a CCS-approved Type C Communication Disorder Center for <u>all</u> newborns and infants referred through the NHSP.

Prior Authorization Documents Required

Providers must send the following information by mail or facsimile to the <u>CCS</u> program in the county where the child resides:

- An "<u>Application to Determine CCS Program Eligibility</u>" form completed and signed by the family, unless one was submitted by the referring provider.
- A completed "<u>Service Authorization Request (SAR) (DHCS 4488</u>)" form or a <u>CCS NHSP Request for Service form (NHSP 400-1)</u>. Please Note: The use of the <u>SAR (DHS 4488)</u> form is strongly encouraged.
- A copy of the hearing screening results.

If providers are <u>referring</u> the newborn or infant to a different facility for the diagnostic hearing evaluation they must indicate the name of the provider to whom the child is being referred.

Copies of the above mentioned CCS forms are included in the <u>Appendix</u> section of this manual and are available on-line at <u>www.dhcs.ca.gov/services/nhsp/Pages/NHSPFORMS</u>

SECTION 2.2 - BILLING

Procedure Codes

Providers should refer to the <u>Medi-Cal Provider Manual</u> for the appropriate procedure codes to use for billing diagnostic hearing evaluation services. The current reimbursement rates assigned to these procedure codes will apply to claims for these services.

Claim Forms

Providers should refer to the <u>Medi-Cal Provider Manual</u> for the appropriate claim form to use and instructions on how to complete it.

Where to Submit a Claim

Claims for diagnostic hearing evaluation services provided to newborns and infants which are authorized by the CCS program must be submitted in accordance with the instructions in the <u>Medi-Cal Provider Manual</u>.

Claims for diagnostic hearing evaluation services provided to newborns and infants who are not Medi-Cal eligible and who have private health insurance must be submitted to the insurance carrier prior to billing the CCS program. A denial of payment from the insurance carrier must accompany the claim submitted to CCS in order for CCS to pay the claim.

SECTION 3.0 - BILLING QUESTIONS

Where to get Assistance

For assistance in resolving policy or program matters related to the NHSP or in completing claims for hearing screening for uninsured children, providers should contact the California NHSP at 1-916-322-5794 or toll-free at 1-877-388-5301.

For assistance in completing Medi-Cal claims and all other Medi-Cal billing matters, providers should contact EDS at 1-800-541-5555.

Providers **SHOULD NOT** contact the Hearing Coordination Center with billing questions.

INFORMATION ABOUT CALIFORNIA CHILDREN'S SERVICES (CCS)

What is California Children's Services?

CCS is a statewide program that treats children with certain physical limitations and chronic health conditions or diseases. CCS can authorize and pay for specific medical services and equipment provided by CCS-approved specialists. The California Department of Health Care Services manages the CCS program. Larger counties operate their own CCS programs, while smaller counties share the operation of their program with state CCS regional offices in Sacramento, San Francisco, and Los Angeles. The program is funded with state, county, and federal tax monies, along with some fees paid by parents.

What does CCS offer children?

If you or your child's doctor think that your child might have a CCS-eligible medical condition, CCS may pay for or provide a medical evaluation to find out if your child's condition is covered.

If your child is eligible, CCS may pay for or provide:

- Treatment, such as doctor services, hospital and surgical care, physical therapy and occupational therapy, laboratory tests, X-rays, orthopedic appliances and medical equipment.
- Medical case management to help get special doctors and care for your child when medically necessary, and referral to other agencies, including public health nursing and regional centers; or a
- Medical Therapy Program (MTP), which can provide physical therapy and/or occupational therapy in public schools for children who are medically eligible.

Who qualifies for CCS?

The program is open to anyone who:

- is under 21 years old;
- has or may have a medical condition that is covered by CCS;
- is a resident of California; and
- has a family income of less than \$40,000 as reported on the adjusted gross income on the state tax form or whose out-of-pocket medical expenses for a child who qualifies are expected to be more than 20 percent of family income; or the child has Healthy Families coverage.

Family income is not a factor for children who:

- need diagnostic services to confirm a CCS eligible medical condition; or
- were adopted with a known CCS eligible medical condition; or
- are applying only for services through the Medical Therapy Program; or
- have Medi-Cal full scope, no share of cost; or
- have Healthy Families coverage.

What medical conditions does CCS cover?

Only certain conditions are covered by CCS. In general, CCS covers medical conditions that are physically disabling or require medical, surgical, or rehabilitative services. There also may be certain criteria that determine if your child's medical condition is eligible. Listed below are categories of medical conditions that may be covered and **some examples** of each:

- Conditions involving the heart (congenital heart disease)
- Neoplasms (cancers, tumors)
- Disorders of the blood (hemophilia, sickle cell anemia)
- Endocrine, nutritional, and metabolic diseases (thyroid problems, PKU, diabetes)
- Disorders of the genito-urinary system (serious chronic kidney problems)
- Disorders of the gastrointestinal system (chronic inflammatory disease, diseases of the liver)
- Serious birth defects (cleft lip/palate, spina bifida)
- Disorders of the sense organs (hearing loss, glaucoma, cataracts)
- Disorders of the nervous system (cerebral palsy, uncontrolled seizures)
- Disorders of the musculoskeletal system and connective tissues (rheumatoid arthritis, muscular dystrophy)
- Severe disorders of the immune system (HIV infection)
- Disabling conditions or poisonings requiring intensive care or rehabilitation (severe head, brain, or spinal cord injuries, severe burns)
- Complications of premature birth requiring an intensive level of care

- Disorders of the skin and subcutaneous tissue (severe hemangioma)
- Medically handicapping malocclusion (severely crooked teeth)

Ask your county CCS office if you have questions.

What must the applicant or family do to qualify?

Families (or the applicant if age 18 or older, or an emancipated minor) must:

- complete the application form on page 3 and return it to their county CCS office;
- give CCS all of the information requested so CCS can determine if the family qualifies;
- apply to Medi-Cal if CCS believes that a family's income qualifies them for the Medi-Cal program. (If a family qualifies for Medi-Cal, the child is also covered by CCS. CCS approves the services; payment is made through Medi-Cal.)

How is my privacy protected?

California law requires that families applying for services be given information on how CCS protects their privacy.¹

To protect your privacy:

- CCS must keep this information confidential.²
- CCS may share information on the form with authorized staff from other health and welfare programs **only** when you have signed a consent form.

You have the right to see your application and CCS records concerning you or your child. If you wish to see these records contact your county CCS office. By law, the information you give CCS is kept by the program.³

Do I have a right to appeal a decision?

You have the right to disagree with decisions made by CCS.⁴ This is called an appeal. The appeal process gives the parent/legal guardian or applicant a way to work with the CCS program to find solutions to disagreements. For information on the appeal process, contact your county CCS office.

Where can I get more information about CCS?

For more information, or help in filling out this application, please contact your county CCS office. Their phone number is usually listed in the government section of your local telephone directory. Look under California Children's Services or county Health Department.

The following table lists in alphabetical order the CCS county offices' mailing addresses telephone and fax numbers. It also identifies the county offices as dependent or independent, and the regional office responsible for the dependent county. This list is important in determining whether the CCS county office or the state CCS regional office must be contacted when requesting prior authorization. For the most current CCS Directory, please go to www.dhcs.ca.gov/services/ccs/Pages/countyoffices.aspx

The following guideline can be helpful in selecting the correct office:

- For questions on eligibility, prior authorization and submitting claims in independent counties, please contact the <u>CCS independent county office.</u>
- For residential or financial questions in dependent counties, please contact the <u>CCS</u> <u>dependent county office.</u>
- For medical eligibility questions in dependent counties, please contact the <u>State</u> <u>CCS regional office</u>.
- For questions on prior authorization or submitting claims in dependent counties, contact the appropriate <u>State CCS Regional Office.</u>
