Re: Approval of State Plan Amendment CA-19-0013 California Health Homes Program Serious Mental Illness (SMI) or Serious Emotional Disturbance (SED)

Dear Richard Figueroa:

On September 30, 2019, the Centers for Medicare and Medicaid Services (CMS) received California State Plan Amendment (SPA) CA-19-0013 for California Health Homes Program Serious Mental Illness (SMI) or Serious Emotional Disturbance (SED) to add the Group 3 Counties of Alameda, Kern, Los Angeles, Imperial, Sacramento, San Diego, Santa Clara, and Tulare to the California Health Homes Program Serious Mental Illness (SMI) or Serious Emotional Disturbance (SED) Health Home Program effective January 1, 2020..

We approve California State Plan Amendment (SPA) CA-19-0013 on October 31, 2019 with an effective date(s) of January 01, 2020.

Please incorporate the amended language into your state plan.

In accordance with the statutory provisions at Section 1945(c)(1) of the Social Security Act, for payments made to health home providers under this amendment, during the first eight fiscal quarters that the SPA is in effect January 1, 2020 to December 31, 2021 for Alameda, Kern, Los Angeles, Imperial, Sacramento, San Diego, Santa Clara, and Tulare Counties, the federal medical assistance percentage (FMAP) rate applicable to such payments shall be equal to 90 percent. The FMAP rate for payments made to Alameda, Kern, Los Angeles, Imperial, Sacramento, San Diego, Santa Clara, and Tulare County-based health home providers will return to the state's published FMAP on January 1, 2022. The Form CMS-64 has a designated category of service Line 43 for states to report health home services expenditures for enrollees with chronic conditions.

CMS' approval of SPA 19-0013 does not affect the 1115 state demonstration waiver amendment to waive freedom of choice, which allows the state to provide Health Home Program services through the Medi-Cal managed care delivery system. The effective date of the 1115 state demonstration waiver amendment remains July 1, 2018. CMS approved the Health Home Program claiming methodology on November 9, 2018 so the state may claim the portion of the managed care payments at the enhanced matching rate. CMS understands with the approval of this SPA -- along with the previously-approved companion Section 1115 demonstration amendment -- DHCS plans to develop prospective risk-based rates for the health home services provided under the managed care plans. CMS expects that the state will develop the overall capitation rates, including the Health Home Program-related rates, on a timely basis, which will provide CMS an opportunity to review the rates prior to the rating period.

This SPA approval is based on the state's agreement to collect and report information required for the evaluation of the health home model. CMS encourages DHCS to report on the CMS recommended core set of quality measures.

For payments made to Health Homes providers for Health Homes participants who newly qualify based on the Health Homes program's increased geographical coverage under this amendment, a medical assistance percentage (FMAP) rate of 90% applies to such payments for the period 1/1/2020 to 12/31/2021.

The FMAP rate for payments made to health homes providers will return to the state's published FMAP rate at the end of the enhanced match period. The Form CMS-64 has a designated category of service Line 43 for states to report health homes services expenditures for enrollees with chronic conditions.

### Program Authority

1945 of the Social Security Act

The state elects to implement the Health Homes state plan option under Section 1945 of the Social Security Act.

#### Name of Health Homes Program

California Health Homes Program Serious Mental Illness (SMI) or Serious Emotional Disturbance (SED)

### Executive Summary

#### Provide an executive summary of this Health Homes program including the goals and objectives of the program, the population, providers, services and service delivery model used

The California Department of Health Care Services' (DHCS) first Health Homes Program (HHP) State Plan Amendment (SPA) was for the Group 1 County of San Francisco and the population criterion of SMI or SED. Additional counties for Group 2 of Riverside and San Bernardino were added in SPA 19-0002 for the same population criterion of Serious Mental Illness or Serious Emotional Disturbance. Additional counties for Group 3 of Alameda, Kern, Los Angeles, Imperial, Sacramento, San Diego, Santa Clara, and Tulare are being added in this SPA 19-0013 for the same population criterion of SMI or SED. The HHP will utilize the Medi-Cal Managed Care (MCMC) infrastructure. Managed Care Plans (MCPs) will be responsible for the overall administration of the HHP. The HHP will be structured as a HHP network including MCP, one or more Community Based Care Management Entities (CB-CMEs), linkages to Medi-Cal Specialty Mental Health Plans, Community and Social Support Services. The HHP benefit authorized herein, will operate in conjunction with, and is subject to the terms of, the State's approved Section 1115 Demonstration, including any approved waiver of freedom-of-choice that enables the state to limit the HHP benefit to the MCMC Delivery System. The goals for HHP are: improve care coordination, integrate palliative care, strengthen community linkages and team-based care, improve the health outcomes of HHP members, and wrap increased care coordination around existing care as close to the member's usual point of care delivery as possible in the community. DHCS Objectives include: ensure sufficient provider infrastructure and capacity to implement HHP as an entitlement benefit, ensure HHP providers appropriately serve members experiencing homelessness, and increase integration of physical & behavioral health services. Group 1 County of San Francisco implemented the SMI or SED population criterion on January 1, 2019. Group 2 counties of Riverside and San Bernardino implemented SMI or SED population criterion on July 1, 2019. Group 3 counties of Alameda, Kern, Los Angeles, Imperial, Sacramento, San Diego, Santa Clara, and Tulare will implement January 1, 2020.

### General Assurances

- The state provides assurance that eligible individuals will be given a free choice of Health Homes providers.
- The states provides assurance that it will not prevent individuals who are dually eligible for Medicare and Medicaid from receiving Health Homes services.
- The state provides assurance that hospitals participating under the state plan or a waiver of such plan will be instructed to establish procedures for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated Health Homes providers.
- The state provides assurance that FMAP for Health Homes services shall be 90% for the first eight fiscal quarters from the effective date of the SPA. After the first eight quarters, expenditures will be claimed at the regular matching rate.
- The state provides assurance that it will have the systems in place so that only one 8-quarter period of enhanced FMAP for each health homes enrollee will be claimed.
- The state provides assurance that there will be no duplication of services and payment for similar services provided under other Medicaid authorities.
