

Reducing Disparities Workgroup
Thursday, June 15, 2023
12:10 pm to 1:10 pm
Double Tree Hotel Santa Ana – Orange County Airport
Ballroom B

Work Group Attendees:

Item #1: Make recommendations for General Session presentations or discussions to get broader Council input on specific areas.

Workgroup members will create a list of questions that presenters and guests at CBHPC meetings address in their presentations. Below are a list of potential ideas:

- Ask presenters about their equity measures. How can we help inform them?
- Are there things that can be considered as programs are developed?
- How is your program designed to address equity?
- How does the program serve communities in the way they want to be served?
- Include a slide or bullet point on how a program is aimed at reducing disparities.
- Ask about stakeholder engagement (specifically individuals with lived experience and how they are included in developing programs).
- Ask presenters to provide more in-depth information on equity such as lived experience.
