

Children's Presumptive Eligibility

Need Temporary Coverage for Your Child Right Away?

Medi-Cal

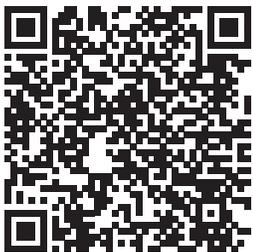

Children's Presumptive Eligibility (CPE) is temporary coverage approved during a doctor's visit for services your child needs right away.

Only certain providers can check if your child qualifies for short-term, full-scope Medi-Cal coverage through CPE. If approved, your child's visit can be covered while you apply for ongoing health coverage.

Take Action! Your child's CPE coverage is temporary, and you will need to apply for ongoing health coverage!

Where Can I Find a Provider Who Participates in CPE?

Visit our website and check the "CPE Approved Qualified Providers List" to find a provider who participates today!
