Medi-Cal Eligibility Information Letter No.: I 22-29

To: ALL COUNTY WELFARE DIRECTORS  
ALL COUNTY ADMINISTRATIVE OFFICERS  
ALL COUNTY MEDI-CAL PROGRAM SPECIALISTS/LIAISONS  
ALL COUNTY HEALTH EXECUTIVES  
ALL COUNTY METAL HEALTH DIRECTORS  
ALL COUNTY MEDS LIASONS

SUBJECT: 2022 Tuberculosis Income Standard and Related Issues  
Ref: ACWDL 21-30, ACWDL 21-31

The purpose of this letter is to provide counties with the 2022 Income Standard and resource information for use in the Medi-Cal Tuberculosis (TB) program. This letter also includes the methodology used for each standard and/or limit provided.

2022 TB Income Standard

Individual: \$1,767

The methodology used for determining the income eligibility standard for this group is the Supplemental Security Income (SSI) break-even point as required by Supplement 1 to Attachment 2.6A of the State Plan.

The SSI break-even point computation (Social Security POMS Section SI 00810.350):  
Federal Benefit Rate (FBR)  $\$841 \times 2 + \$85 = \$1,767$ .

NOTE: If the applicant is married and living with spouse, use only the applicant's income received in his/her name.

2022 Resource Limit (as of 7/1/2022)

Individual: \$130,000

NOTE:

- If the applicant is married, when determining property, use only the applicant's separate property and one-half of the community property.

- When determining a child's eligibility, and there are two parents present, allow the parents a property limit of \$195,000. When there is only one parent, use the individual resource limit of \$130,000.

2022 Supplemental Security Income Standard Allocation

The maximum ineligible child allocation is \$420. The allocation for ineligible children is deducted for each ineligible child who lives in the household. There is no ineligible child allocation for any child who receives public assistance.

The computation to determine the SSI standard allocation (SSA POMS SI 01320.500, Social Security Act Section 1614(f)(2)(A), 20 CFR 416.1165) is the difference between the FBR for a couple and the FBR for an individual:  $\$1,261 - \$841 = \$420$ .

2022 FBR (used to determine the Parental Deduction)

Individual: \$841  
Couple: \$1,261
